**Records of Elections and Town Meetings
During the Year 1967
TOWN WARRANT**

THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To the Constables of the Town of Arlington, in said County:

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified to vote in elections, to meet at the polling places designated for the several precincts in said Town on

SATURDAY, THE FOURTH DAY OF MARCH, 1967

at seven o'clock in the forenoon, to act on the following Articles, namely:

Article 1. To elect by ballot the following Town Officers: Two Selectmen for three years; one Assessor for three years and three members of the School Committee for three years; also, in accordance with the provisions of Chapter 43A of the General Laws, in each precinct the number of Town Meeting Members as hereinafter specified: In Precinct 1, four such members for three years and one such member for one year; in Precinct 2, six such members for three years; in Precinct 3, three such members for three years; in Precinct 4, five such members for three years; in Precinct 5, seven such members for three years and one such member for two years; in Precinct 6, four such members for three years; in Precinct 7, fifteen such members to be elected; in Precinct 8, Five such members for three years and one such member for one year; in Precinct 9, eighteen such members to be elected; in Precinct 10, five such members for three years; in Precinct 11, nine such members for three years and one such member for two years; in Precinct 12, six such members for three years and one such member for one year; in Precinct 13, six such members for three years; in Precinct 14, nine such members for three years and one such member for two years.

For these purposes, the polls will be opened at seven o'clock A.M. and remain open until eight o'clock P.M., at each of the polling places designated, viz: Precinct One, in the East Arlington Branch Library, entrance on Massachusetts Avenue; Precincts Two and Four, in the Hardy School Building, entrance on Lake Street; Precinct 3, in the Junior High School Building East, entrance on Tufts Street; Precinct 5, in the Thompson School Building, entrance on North Union Street; Precincts Six and Eight, in the Town Hall; Precinct 7, in the Fidelity House, St. Agnes Parish, entrance on Medford Street; Precinct 9A, in the Bishop School, entrance from Stowcroft Road; Precincts 9B and 11B, in the Stratton School, entrance from Mountain Avenue; Precincts 10A and 12A, in the Cutter School Building, entrance on School Street; Precincts 10B and 12B, in the Brackett School Building, entrance on Eastern Avenue; Precinct 11A, in the Highland Hose House, entrance on Massachusetts Avenue; Precinct 13, in the Pierce School Building, entrance on Park Avenue North, Heights; Precinct 14A, Park Avenue Congregational Church, entrance on Paul Revere Road; Precinct 14B in the Dallin School Building, entrance on Florence Avenue.

You are, also required to notify and warn the said inhabitants to meet at the Town Hall, in said Town on Monday, the twentieth day of March, 1967, at eight o'clock in the evening, at which time and place the following articles are to be acted upon and determined exclusively by town meeting members, in accordance with, and subject to, the referenda provided for by Chapter 43A of the General Laws.

Article 2. To choose and appoint all other usual Town officers not hereinbefore mentioned, in such manner as the Town may determine.

Article 3. To hear and act on the reports of the committee under votes of the Town passed March 20, 1953, and March 24, 1954, to investigate, consider and make recommendations to the Town relative to the construction and operation of refuse disposal incinerators; of the committee under vote of the Town passed March 15, 1954, to investigate and study the adequacy of the present school buildings within the Town and the future locations of new school buildings; of the committee under vote of the Town passed March 24, 1954, to procure plans and estimates for the construction of a school building in the Florence Avenue area; of the Arlington Brotherhood Committee under vote of the Town passed March 28, 1955; of the High School additions and reconstruction committee under vote of the Town passed April 4, 1956; of the Arlington Development Commission under vote of the Town passed March 25, 1957; of the committee under vote of the Town passed March 23, 1959, to procure plans and estimates for the construction of an elementary school building on land owned by the Town located on Pheasant Avenue; of the Arlington Historical Committee under vote of the Town passed April 2, 1962; of the committee under vote of the Town passed March 29, 1965, to consider revaluation of real estate; of the committee under vote of the Town passed March 18, 1965, to investigate, consider and make recommendations as to the advisability of installing voting machines in any or all of the precincts of the Town; of the committee under vote of the Town passed April 6, 1966, to make a survey on traffic controls in the area of Chestnut Street and Medford Street; and of other Town Boards and officers and of the Finance and other committees heretofore appointed.

Article 4. To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1968, and to issue a note or notes therefor, payable within one year, and to renew any note or notes that may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 5. To see if the Town will amend Schedule A of the Classification Plan and Schedule B of the Compensation Plan, as established by Article 7C of the By-Laws and as amended under any Article of the Warrant for this meeting, by increasing all money figures contained therein by approximately eight percent (8%) to the nearest even dollar in the annual salary schedules, excepting the money figures contained in Grades PF 2, PF 3, PF 4, PF 5, and PF 6, and eight percent (8%) to the nearest ten cents (10¢) in the weekly salary schedule, and by increasing the compensation of regularly employed part-time employees by approximately eight percent (8%) to the nearest dollar; said amendment to be effective April 1, 1967; appropriate the sum of \$149,710.00 to be expended by the departments affected; and determine in what manner the money shall be raised.

(Inserted at the request of the Personnel Board)

Article 6. To see if the Town will authorize the various departments of the Town to increase by approximately eight percent (8%) to the nearest even dollar the basic annual salaries or wages of all classified full-time employees now receiving salaries or wages in excess of maximums as now contained in Schedule

A of the Classification Plan, and Schedule B of the Compensation Plan, as established by Article 7C of the By-Laws; said amendment to be effective April 1, 1967; appropriate the sum of \$1,155.00 to be expended by the departments affected; and determine in what manner the money shall be raised.

(Inserted at the request of the Personnel Board)

Article 7. To see if the Town will accept Section 58D of Chapter 48 of the General Laws, as inserted by Chapter 452 of the Acts of 1965, which Act is entitled "AN ACT PROVIDING FOR A FORTY-TWO HOUR WORK WEEK FOR FIRE FIGHTERS"; or take any action relating thereto.

(Inserted at the request of ten (10) registered voters)

Article 8. To see if the Town will amend Schedule A of the Classification Plan, as established by Article 7C of the By-Laws, by adding the note" (h) 12% additional to the nearest even dollar for Patrolmen, Police Sargeant, Police Lieutenant, Police Captain, and Chief of Police"; said amendment to be effective April 1, 1967; appropriate the sum of \$55,915.00 to be expended by the department affected; and determine in what manner the money shall be raised.

(Inserted at the request of the Finance Committee)

Article 9. To see if the Town will amend Schedule A of the Classification Plan, and Schedule B of the Compensation Plan, as established by Article 7C of the By-Laws, by increasing all money figures contained in Grades PF 2, PF 3, PF 4, PF 5, and PF 6, by approximately twelve percent (12%) to the nearest even dollar; said amendment to be effective April 1, 1967; appropriate the sum of \$125,240.00, to be expended by the departments affected; and determine in what manner the money shall be raised.

(Inserted at the request of the Personnel Board)

Article 10. To see if the Town will amend Schedule A of the Classification Plan, as established by Article 7C of the By-Laws, by reallocating Gardener from Grade MC 1 to Grade MC 2; said amendment to be effective April 1, 1967; appropriate the sum of \$168.40, to be expended by the department affected; and determine in what manner the money shall be raised.

(Inserted at the request of the Personnel Board)

Article 11. To see if the Town will amend Schedule A of the Classification Plan, as established by Article 7C of the By-Laws, by reallocating Supervisor of Custodians from Grade AG 14 to Grade AG 15; said amendment to be effective April 1, 1967; appropriate the sum of \$344.00, to be expended by the department affected; and determine in what manner the money shall be raised.

(Inserted at the request of the Personnel Board)

Article 12. To see if the Town will amend Schedule A of the Classification Plan, as established by Article 7C of the By-Laws, by reallocating Superintendent of Parks and Recreation from Grade AG 18 to Grade AG 19; and by reallocating Assistant Superintendent of Recreation from Grade AG 14 to Grade AG 15; said amendment to be effective April 1, 1967; appropriate the sum of \$772.00 to be expended by the department affected; and determine in what manner the money shall be raised.

(Inserted at the request of the Personnel Board)

Article 13. To see if the Town will amend Schedule A of the Classification Plan, as established by Article 7C of the By-Laws, by reallocating Dog Officer from Part-time to Grade AG 13.

(Inserted at the request of the Personnel Board)

Article 14. To see if the Town will amend paragraphs 3c and 3e of Sub-section A of Section 11 of Article 7C of the By-Laws by striking out said paragraphs 3c, and 3e of Sub Section A and inserting in place thereof the following:

c. Four calendar weeks vacation for employees, except professional librarians and library assistants, who have served not less than fifteen years of continuous full-time service with the Town, said fifteen years of service to be completed prior to June 1.

e. Three calendar weeks vacation for library assistants; provided, however, that any library assistant who has served not less than fifteen years of continuous full-time service with the Town shall be entitled to a vacation of four calendar weeks, said fifteen years service to be completed prior to June 1. said amendment to be effective June 1, 1967.

(Inserted at the request of the Personnel Board)

Article 15. To see if the Town will amend Schedule A of the Classification Plan, and Schedule B of the Compensation Plan, as established by Article 7C of the By-Laws and as amended under any Article of the Warrant for this meeting, by increasing all money figures contained therein by the sum of \$800.00 in the annual salary schedules, excepting the money figures contained in Grades PF 2, PF 3, PF 4, PF 5, and PF 6, and the sum of \$15.30 in the weekly salary schedule; said amendment to be effective April 1, 1967; appropriate a sum or sums of money for said purpose or purposes to be expended by the various departments affected; determine in what manner the money shall be raised; or take any action relating thereto.

(Inserted at the request of ten (10) registered voters)

Article 16. To see if the Town will amend Schedule A of the Classification Plan, as established by Article 7C of the By-Laws by striking out note "(b)" at the end of the Classification Plan and inserting in place thereof the following:

(b) 25¢ per hour additional when assigned to night shift.

(Inserted at the request of ten (10) registered voters)

Article 17. To see if the Town will amend paragraph 3c of Sub-Section A of Section 11, of Article 7C of the By-Laws by striking out said paragraph 3C of Sub-Section A and inserting in place thereof the following:

(c) Four calendar weeks vacation for employees, except professional librarians and library assistants, who have served not less than ten years of continuous full-time service with the Town, said ten years of service to be completed prior to June 1, 1967; said amendment to be effective June 1, 1967.

(Inserted at the request of ten (10) registered voters)

Article 18. To see if the Town will amend Sub-Section B of Section 12 of Article 7C of the By-Laws by striking out said Sub-Section B of Section 12 and inserting in place thereof the following:

Sub-section B. Earned sick leave with pay will be limited to one and three-quarters days per month, not to exceed twenty-one days per year and will be credited on the first day of each month. Sick leave credit will begin on the first

day of the month following employment except as otherwise provided in Sub-section A. Employees having an aggregate of more than two days of authorized leave without pay in any calendar month shall not receive sick leave credit for that month. Employees having unauthorized absence without pay in any calendar month shall not receive sick leave credit for that month.

(Inserted at the request of ten (10) registered voters)

Article 19. To see if the Town of Arlington will accept Chapter 612, the Acts of the Commonwealth of Massachusetts in the year 1966.

AN ACT placing the office of Chief of the Fire Department of the Town of Arlington under the Civil Service law and rules upon the occurrence of a vacancy in said office.

(Inserted at the request of ten (10) registered voters)

Article 20. To see if the Town will repeal Section 10 of Article 12 of the By-Laws, and substitute the following:

The owner of any dog that has bitten without cause, or jeopardized the public safety by chasing any motor vehicle or bicycle shall be ordered to permanently restrain such dog. On violation of a restraint order or negligence, the owner shall be fined fifteen dollars.

The owner of any dog guilty of disturbing the peace in any other manner and warned by the Dog Officer on three occasions, shall therewith be required to remove the dog from the confines of the Town.

Full responsibility for enforcement of the law shall rest with a fulltime Dog Officer, at a salary to be determined by the Town Manager, and approved by the Board of Selectmen.

Dogs not having committed any offense, and being duly licensed, shall be allowed on the public ways without restraint.

(Inserted at the request of ten (10) registered voters)

Article 21. To see if the Town will make an appropriation for the installation of pedestrian actuated traffic signals on Massachusetts Avenue at Appleton Street and at Appleton Place; determine in what manner the money will be raised and expended; or take any action relating thereto.

Article 22. To see if the Town will make an appropriation for the conversion of a portion of traffic signals now existing within the town to conform with the requirements contained in the manual on Uniform Traffic Control Devices issued by the Bureau of Public Roads of the U.S. Department of Commerce; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 23. To see if the Town will make an appropriation to purchase and install an air conditioning system in the Robbins Memorial Town Hall and the Town Hall Addition; determine in what manner the money will be raised and expended; or take any action relating thereto.

Article 24. To see if the Town will make an appropriation to excavate, grade, pave, paint stalls, provide landscaping and do any and all other acts necessary on land owned by The Town of Arlington, situated in the Town Hall grounds adjacent to the westerly side of the Robbins House, for the purpose of providing an off-street parking area; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 25. To make appropriations to defray Town obligations, liabilities, outlay and expenses and especially for or relating to all or any of the boards, departments, purposes and matters hereinafter mentioned; and to provide for the disposal of motor vehicles and other personal property belonging to the Town; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Finance Committee; Board of Selectmen; Town Manager; Purchasing Agent; Maintenance Department, Accountant, Town Treasurer and Collector of Taxes Department; Assessors' Department; Legal Department; Claims; Town Clerk's Department; Vital Statistics; Public Works Department; Engineering Department; Elections and Town Meetings; Planning Board; Board of Survey; Robbins Memorial Town House Grounds Department; Police Department; Parking Meters; Fire Department; Fire and Police Signal System; Building, Plumbing and Gas Inspection; Boards of Appeals (Building and Zoning; Wire Department; Sealer of Weights and Measures; Gypsy and Brown Tail Moth Suppression; Tree Warden's Department; Health Department; Inspector of Animals; Sewerage System Maintenance; Removal of Ashes, Offal and Rubbish; Highway Division; Snow and Ice Removal; Lighting of Streets and Ways; Traffic Signals; Public Welfare Department; Aid to Dependent Children; Old Age Assistance; Disability Assistance; District or Other Nurses; Veterans' Benefits; Schools; Robbins Library and Branches; Parks; Playgrounds; Pensions (Non-Contributory); Contributory Retirement System; Memorial Day; Patriots Day; Printing Town Reports; Insurance; Workmen's Compensation Insurance Funds; Municipal Insurance Fund; Reserve Fund; Maintenance of Robbins House and Houses owned by the Town; Water Department Maintenance; Cemeteries; Interest; Debt; Sinking Fund; Personnel Board; Civil Defense; Board of Directors of Youth Services; Group Life Insurance; Group Health, Medical and Surgical Insurance.

Article 26. To see if the Town will make an appropriation for the revaluation of all Real and Personal Property in the Town; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Board of Assessors)

Article 27. To see what sum of money the Town will raise and appropriate to pay for a complete revaluation of all the taxable property in the Town, to be made by and under the supervision of the Board of Assessors; or take other action relating thereto.

(Inserted at the request of ten (10) registered voters)

Article 28. To see if the Town will place a pedestrian cross light on Medford Street, between the Housing for the Aged and St. Agnes Convent.

(Inserted at the request of ten (10) registered voters)

Article 29. To see if the Town will make an appropriation for the Extension of the Sewerage System; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 30. To see if the Town will make an appropriation for the Extension of Water Mains; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 31. To see if the Town will make an appropriation for the Extension of Storm Drains; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 32. To see if the Town will make an appropriation for the Construction and Installation of Sidewalks and Edgestones; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 33. To see if the Town will make an appropriation for the Reconstruction and maintenance of Permanent Sidewalks and Resetting of Edgestones Upon the Public Ways of the Town; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 34. To see if the Town will make an appropriation for the relocation, alteration and widening, construction of, specific repairs upon and improvement of all or any parts of Massachusetts Avenue and Highland Avenue within the town as now existing or hereafter relocated, altered and widened, including land damages, if any, under the provisions of law authorizing the assessment of betterments or otherwise; said appropriation to be used with any sum or sums which may be allotted by the Commonwealth or County of Middlesex, or both, for such purpose or purposes; determine in what manner the money shall be raised and expended; or take any action in any way relative to all or any of the foregoing.

Article 35. To see if the Town will vote to raise and appropriate or transfer from available funds in the treasury a sum or sums of money for the reconstruction of any or all parts of the following streets or ways within the town: Claremont Avenue, Hillside Avenue, Dudley Street, Library Drive; or take any action, relating thereto.

Article 36. To see if the Town will make an appropriation for the installation of granite curbing around the grassed area in the center of Orvis Road; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of ten (10) registered voters)

Article 37. To see if the Town will authorize the Board of Selectmen to file a bill in the State Legislature providing for a directive from the General Court to the appropriate Agency and an appropriation of funds, for the widening of a portion of Forest Street where it intersects with the right of way of the Boston and Maine Railroad at other than grade; or take any action relating thereto.

Article 38. To see if the Town will make an appropriation for the construction of an additional culvert or conduit in town-owned land from the westerly side of Grove Street to the easterly property line of the High School property, for the purpose of containing a portion of Mill Brook; said appropriation to be matched by an allotment of funds from the State Department of Public Works; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 39. To see if the Town will assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws, as most recently amended by Chapter 5, Act of 1955, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts in the Town of Arlington for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidewater, foreshores and shores along a public beach, including the Merrimack and Connecticut Rivers in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

Article 40. To see if the Town will accept the laying out of a Town way from #11 to Williams Street, substantially in the location of the private way known as Nicod Street, as made and filed in the office of the Town Clerk by the Board of Selectmen under the provisions of law authorizing the assessment of betterments;

establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the southeasterly side line of Williams Street and the northeasterly side line of Nicod Street, thence southerly and southeasterly on said northeasterly side line of Nicod Street on a curve to the left with a radius of 15 feet a distance of 20.52 feet to the point of tangency, thence southeasterly on said northeasterly side line of Nicod Street a distance of 173.77 feet to the present accepted portion of Nicod Street, thence southwesterly across Nicod Street and by said accepted portion of Nicod Street, a distance of 41.29 feet to a point on the southwesterly side line of Nicod Street, thence northwesterly on said southwesterly side line of Nicod Street a distance of 169.60 feet to a point of curve, thence westerly and southwesterly on said southwesterly side line of Nicod Street on a curve to the left with a radius of 15 feet a distance of 26.61 feet to the point of intersection of said southwesterly side line of Nicod Street and the southeasterly side line of Williams Street, thence northeasterly on said southeasterly side line of Williams Street a distance of 71.47 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled, "Plan and Profile of Nicod Street, Appleton Terrace, Arlington, Mass. Scales Horizontal = 40 feet to an inch Vertical = 6 feet to an inch, Ernest W. Branch, Civil Engineer, 73 Tremont St., Boston."

Article 41. To see if the Town will accept the laying out of a Town way from Littlejohn Street to Wilson Avenue, substantially in the location of the private way known as Mary Street, as made and filed in the office of the Town Clerk by the Board of Selectmen under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described, as follows:

Beginning at the point of intersection of the easterly side line of Wilson Avenue and the northerly side line of Mary Street, thence southeasterly on said northerly side line of Mary Street on a curve to the left with a radius of 20 feet a distance of 30.21 feet to a point of tangency, thence northeasterly on said northerly side line of Mary Street a distance of 498.13 feet to a point of curve, thence northeasterly and northerly on said northerly side line of Mary Street on a curve to the left with a radius of 25 feet a distance of 40.96 feet to the point of intersection of said northerly side line of Mary Street and the westerly side line of Littlejohn Street, thence southeasterly on said westerly side line of Littlejohn Street a distance of 90.21 feet to the point of intersection of said westerly side line of Littlejohn Street and the southerly side line of Mary Street, thence northwesterly and westerly on said southerly side line of Mary Street on a curve to the left with a radius of 25 feet a distance of 37.58 feet to a point of tangency, thence southwesterly on said southerly side line of Mary Street a distance of 499.49 feet to a point of curve, thence southwesterly and southerly on said southerly side line of Mary Street on a curve to the left with a radius of 20 feet a distance of 32.62 feet to the point of intersection of said southerly side line of Mary Street and the easterly side line of Wilson Avenue, thence northwesterly on said easterly side line of Wilson Avenue a distance of 80.14 feet to the point of beginning, as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled "Plan and Profile of Mary Street, Arlington, Mass. as Petitioned for by; Caryl Realty Trust John A. Cadario, Trustee, Scales; Hor. 1 in. = 40 ft. Vert. 1 in. = 6 ft. Everett M. Brooks Co., Civil Engr's, Newtonville, Mass., March 1948."

Article 42. To see if the Town will accept the laying out of a Town way from Aerial Street to and including 10' of Lot #54, substantially in the location of the private way known as Carl Road, as made and filed in the office of the Town Clerk by the Board of Selectmen under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described, as follows:

Beginning at the point of intersection of the northerly side line of Aerial Street and the extension thereof and the southwesterly side line of Carl Road, thence northwesterly on said southwesterly side line of Carl Road a distance of 103.88 feet to a point of curve, thence northwesterly on said southwesterly side line of Carl Road on a curve to the right with a radius of 197.10 feet a distance of 79.24 feet to a point of tangency, thence northerly on said southwesterly side line of Carl Road a distance of 10.0 feet to a point, thence easterly across said Carl Road a distance of 40.0 feet to a point on the northeasterly side line of Carl Road a distance of 10.0 feet to a point of curve, thence southeasterly on said northeasterly side line of Carl Road on a curve to the left with a radius of 157.10 feet a distance of 63.16 feet to a point of tangency, thence southeasterly on said northeasterly side line of Carl Road a distance of 84.40 feet to a point on said northeasterly side line of Carl Road at the end of the present accepted portion of Aerial Street, thence southwesterly across said Carl Road and by said accepted portion of Aerial Street a distance of 44.49 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled "Board of Survey Plan and Profile of Carl Road, Arlington, Mass. Scales: Hor. 1" = 40' Ver. 1" = 6', Nov. 20, 1959, John J. Sullivan, C.E."

Article 43. To see if the Town will accept the laying out of a Town way from Wheeler Lane to Mountain Avenue, substantially in the location of the private way known as Dickson Avenue, as made and filed in the office of the Town Clerk by the Board of Selectmen under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described, as follows:

Beginning at the point of intersection of the southeasterly side line of Morningside Drive and the easterly side line of Dickson Avenue, thence southwesterly on said easterly side line of Dickson Avenue on a curve to the left, with a radius of 25 feet a distance of 20.02 feet to a point of tangency, thence southerly on said easterly side line of Dickson Avenue a distance of 291.90 feet to a point on said easterly side line of Dickson Avenue at the end of the present accepted portion of Dickson Avenue, thence northwesterly across said Dickson Avenue and by said accepted portion of Dickson Avenue a distance of 40.46 feet to a point on the westerly side line of Dickson Avenue, thence northerly on said westerly side line of Dickson Avenue a distance of 199.16 feet to a point of curve, thence northwesterly, westerly and southwesterly on said westerly side line of Dickson Avenue on a curve to the left with a radius of 25' feet a distance of 58.52 feet to the point of intersection of said westerly side line of Dickson Avenue and the southeasterly side line of Wheeler Lane, thence northeasterly on said southeasterly side line of Wheeler Lane and the southeasterly side line of Morningside Drive a distance of 125.35 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled, "Street Plan and Profile of Dickson Ave. Arlington, Mass. Scale: Hor. 1" = 40', Ver. 1" = 4', Sept. 3, 1955. Kenneth B. Oates Co., Civil Engineers & Reg. Land Surveyors."

Article 44. To see if the Town will accept the laying out of a Town way from Gray Street to its end, substantially in the location of the private way known as Gray Circle, as made and filed in the office of the Town Clerk by the Board of Selectmen under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the southwesterly side line of Gray Street and the southeasterly side line of Gray Circle, thence northwesterly and westerly on said southeasterly side line of Gray Circle on a curve to the left with a radius of 25 feet a distance of 38 feet more or less to a point of tangency, thence southwesterly on said southeasterly side line of Gray Circle a distance of 94.16 feet to a point of curve, thence southwesterly on said southeasterly side line of Gray Circle on a curve to the left with a radius of 30 feet a distance of 17.57 feet to a point of reverse curve, thence westerly northerly and easterly on a curve to the right connecting said southeasterly side line of Gray Circle with the northwesterly side line of Gray Circle with a radius of 30 feet a distance of 129.39 feet to a point of reverse curve, thence easterly on said northwesterly side line of Gray Circle on a curve to the left with a radius of 30 feet a distance of 17.57 feet to a point of tangency, thence northeasterly on said northwesterly side line of Gray Circle a distance of 92.62 feet to a point of curve, thence northeasterly and northerly on said northwesterly side line of Gray Circle on a curve to the left with a radius of 24.88 feet a distance of 39.08 feet to the point of intersection of said northwesterly side line of Gray Circle and the southwesterly side line of Gray Street, thence southeasterly on said southwesterly side line of Gray Street on a curve to the left with a radius of 1905.73 feet a distance of 88.84 feet to the point of beginning, as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled "Plan and Profile of Gray Circle, Arlington, Mass. Scales: Hor: 1" = 40', Vert 1" = 6', Sept. 1928, J. J. Farley C.E."

Article 45. To see if the Town will accept the laying out of a Town way from Appleton Street to Sylvia Street, substantially in the location of the private way known as Modena Street, as made and filed in the office of the Town Clerk by the Board of Selectmen under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described, as follows:

Beginning at the point of intersection of the southeasterly side line of Sylvia Street and the northeasterly side line of Modena Street, thence southwesterly, southerly and southeasterly on said northeasterly side line of Modena Street on a curve to the left with a radius of 15 feet a distance of 23.56 feet to a point of tangency, thence southeasterly on said northeasterly side line of Modena Street, a distance of 164.81 feet to a point of curve, thence southeasterly and easterly on said northeasterly side line of Modena Street on a curve to the left with a radius of 19.62 feet a distance of 25.04 feet to the point of intersection of said northeasterly side line of Modena Street and the northwesterly side line of Appleton Street, thence southwesterly on said northwesterly side line of Appleton Street on a curve to the left with a radius of 322.0 feet a distance of 72.09 feet to the point of intersection of said northwesterly side line of Appleton Street and the southwesterly side line of Modena Street, thence northeasterly, northerly and northwesterly on a curve to the left with a radius of 15.71 feet a distance of 25.80 feet to a point of tangency, thence northwesterly on said southwesterly side line of Modena Street a distance of 154.73 feet to a point of curve, thence

northwesterly and westerly on said southwesterly side line of Modena Street on a curve to the left with a radius of 15 feet a distance of 23.56 feet to the point of intersection of said southwesterly side line of Modena Street and the southeasterly side line of Sylvia Street, thence northeasterly on said southeasterly side line of Sylvia Street a distance of 70.0 feet to the point of beginning, as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled, "Plan and Profile of Modena Street, Appleton Terrace, Arlington, Mass. Scales: Horizontal - 40 feet to an inch Vertical 6 feet to an inch Ernest W. Branch, Civil Engineer, 73 Tremont St., Boston."

Article 46. To see if the Town will accept the laying out of a Town way from Udine Street to Lublin Street, substantially in the location of the private way known as Sylvia Street, as made and filed in the office of the Town Clerk by the Board of Selectmen under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the northeasterly side line of Lublin Street and the northwesterly side line of Sylvia Street, thence southeasterly, easterly and northeasterly on said northwesterly side line of Sylvia Street on a curve to the left with a radius of 15 feet a distance of 23.56 feet to a point of tangency, thence northeasterly on said northwesterly side line of Sylvia Street a distance of 315 feet to a point of curve, thence northeasterly on said northwesterly side line of Sylvia Street on a curve to the right with a radius of 452.97 feet a distance of 130.71 feet to a point of tangency, thence northeasterly on said northwesterly side line of Sylvia Street a distance of 633.24 feet to the point of intersection of said northwesterly side line of Sylvia Street and the southwesterly side line of Udine Street, thence southeasterly on said southwesterly side line of Udine Street a distance of 58.06 feet to the point of intersection of said southwesterly side line of Udine Street and the southeasterly side line of Sylvia Street, thence northwesterly, westerly and southwesterly on said southeasterly side line of Sylvia Street on a curve to the left with a radius of 15 feet to a point of tangency, thence southwesterly on said southeasterly side line of Sylvia Street a distance of 609.34 feet to a point of curve, thence southwesterly on said southeasterly side line of Sylvia Street on a curve to the left with a radius of 412.97 feet a distance of 119.14 feet to a point of tangency, thence southwesterly on said southeasterly side line of Sylvia Street a distance of 315.0 feet to a point of curve, thence southwesterly, southerly and southeasterly on said southeasterly side line of Sylvia Street on a curve to the left with a radius of 15 feet a distance of 23.56 feet to the point of intersection of said southeasterly side line of Sylvia Street and the northeasterly side line of Lublin Street, thence northwesterly on said northeasterly side line of Lublin Street a distance of 70.0 feet to the point of beginning as shown on two plans on file in the office of the Town Clerk, Arlington, Mass. both entitled "Plan and Profile of Sylvia Street, Appleton Terrace, Arlington, Mass. Scales: Horizontal - 40 feet to an inch Vertical - 6 feet to an inch Ernest W. Branch, Civil Engineer, 73 Tremont St., Boston."

Article 47. To see if the Town will accept the laying out of a Town way from Appleton Street to Golden Avenue, substantially in the location of the private way known as Corey Lane, as made and filed in the office of the Town Clerk by the Board of Selectmen under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described, as follows:

Beginning at the point of intersection of the southerly side line of Appleton Street and the easterly side line of Corey Lane, thence southwesterly and southerly on said easterly side line of Corey Lane on a curve to the left with a radius of 25 feet a distance of 35.79 feet to a point of tangency, thence southeasterly on said easterly side line of Corey Lane a distance of 139.46 feet to a point of curve, thence southeasterly, easterly and northeasterly on said easterly side line of Corey Lane on a curve to the left with a radius of 25 feet a distance of 42.20 feet to the point of intersection of said easterly side line of Corey Lane and the northerly side line of Golden Avenue, thence southwesterly on said northerly side line of Golden Avenue a distance of 93.54 feet to the point of intersection of said northerly side line of Golden Avenue and the westerly side line of Corey Lane, thence northeasterly and northerly on said westerly side line of Corey Lane on a curve to the left with a radius of 28.28 feet a distance of 41.11 feet to a point of tangency, thence northwesterly on said westerly side line of Corey Lane a distance of 134.55 feet to a point of curve, thence northwesterly, westerly and southwesterly on a curve to the left with a radius of 25 feet a distance of 42.75 feet to the point of intersection of said westerly side line of Corey Lane and the southerly side line of Appleton Street, thence northeasterly on said southerly side line of Appleton Street a distance of 90.87 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled, "Plan and Profile of Corey Lane, Arlington, Mass. as petitioned for by Murnat Realty Trust, John A. Cadario, Trustee, Scales: Hor. 1 in. = 40 ft. Vert. 1 in. = 6 ft. Everett M. Brooks, Civil Eng., Newtonville, Mass. November 2, 1945."

Article 48. To see if the Town will accept the laying out of a Town way from State Highway Taking to Corey Lane, substantially in the location of the private way known as Golden Avenue, as made and filed in the office of the Town Clerk by the Board of Selectmen under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described, as follows:

Beginning at a point on the southerly side line of Golden Avenue, said point being 21.01 feet northeasterly of the westerly boundary line of Lot 4, thence southwesterly on said southerly boundary line of Golden Avenue a distance of 414.37 feet to a point, thence northwesterly across said Golden Avenue a distance of 40.0 feet to the point of intersection of the northerly side line of Golden Avenue and the westerly side line of Corey Lane, thence northeasterly on said northerly side line of Golden Avenue a distance of 414.37 feet to a point at the easterly boundary line of Lot 21, thence southeasterly across said Golden Avenue and by the end of the taking by the State Department of Public Works a distance of 40.0 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled, "Plan and Profile of Golden Avenue, Arlington, Mass. as petitioned for by Murnat Reality Trust, John A. Cadario, Trustee, Scales: Hor. 1 in. = 40 ft. Vert. 1 in. = 6 ft. Everett M. Brooks, Civil Eng. Newtonville, Mass. November 2, 1945."

Article 49. To see if the Town will accept the laying out of a Town way from Corey Lane to the Lexington Line, substantially in the location of the private way known as Golden Avenue, as made and filed in the office of the Town Clerk by the Board of Selectmen under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described, as follows:

Beginning at the point of intersection of the northerly side line of Golden Avenue and the westerly side line of Corey Lane, thence southeasterly across said Golden Avenue a distance of 40.0 feet to a point on the southerly side line of Golden Avenue, thence southwesterly on said southerly side line of Golden Avenue on a curve to the right with a radius of 472.22 feet a distance of 138.99 feet to a point of tangency, thence westerly on said southerly side line of Golden Avenue a distance of 117.84 feet to the Arlington-Lexington Town Line, thence northeasterly on said Arlington-Lexington Town Line and across said Golden Avenue a distance of 49.86 feet to a point on the northerly side line of Golden Avenue, thence easterly on said northerly side line of Golden Avenue a distance of 88.09 feet to a point of curve, thence northeasterly on said northerly side line of Golden Avenue on a curve to the left with a radius of 432.22 feet a distance of 127.21 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled, "Plan and Profile of Golden Avenue, Arlington, Mass. as petitioned for by Murnat Realty Trust, John A. Cadario, Trustee, Scales: - Hor. 1 in. = 40 ft. Vert. 1 in. = 6 ft. Everett M. Brooks - Civil Eng. Newtonville, Mass., November 2, 1945."

Article 50. To see if the Town will make an appropriation under the provisions of law authorizing the assessment of betterments, for the original construction of public ways in the Town, the laying out of which is accepted at this meeting, including land damages and the cost of pavement and sidewalks laid at the time of said construction; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 51. To see if the Town will authorize the acquisition by purchase, eminent domain or otherwise of any land easement or rights therein, including an easement or easements in land adjoining the location of any or all public ways, the laying out of which is accepted at this meeting, consisting of a right to have land of the location protected by having the surface of such adjoining land slope from the boundary of the location; make an appropriation for such acquisition; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 52. To see if the Town will authorize the Board of Selectmen to sign a receipt issued by the Public Works Department of the Commonwealth of Massachusetts for a pro tanto payment to the Town in the amount of \$706.65, for a taking of Park Land bordering the Concord Highway and to be used for highway purposes; or take any action relating thereto.

Article 53. To see if the Town will make an appropriation, to be used with a matching appropriation made by the Town of Lexington, for a Hydrological and Land Use Study of a parcel of land located in the Town of Lexington and owned by the Town of Arlington, known as the Great Meadows; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 54. To see if the Town will authorize the Board of Selectmen to appoint a committee of five registered voters of the Town to investigate, consider, and make recommendation regarding the feasibility of using all or part of Town owned land known as the Great Meadows for a municipal golf course of the Town; said committee to report not later than the 1968 Annual Town Meeting; make an appropriation for the use of said committee; determine in what manner the money shall be raised; or take any action relating thereto.

(Inserted at the request of ten (10) registered voters)

Article 55. To see if the Town will vote to appropriate a sum or sums of money to be expended under the direction of the Dallin School Building Committee,

appointed under Article 68 of the Warrant for the Annual Town Meeting of 1954 for the purpose of erecting an addition, or additions, to the present Cyrus E. Dallin School, and to provide for other alterations and improvements to and remodeling, modernization and reconstruction of said Dallin School, including the cost of furnishings, equipment and lighting for said addition and other facilities for both the present building and the proposed addition; determine in what manner the money shall be raised; or take any action relating to any or all of the foregoing.

(Inserted at the request of the Dallin School Building Committee)

Article 56. To see if the Town will vote to appropriate a sum or sums of money to be expended under the direction of the Town Manager for the purpose of converting two coal-firing steam boilers at the Junior High School East to oil-burning boilers and to remodel the heat units and control system, install an incinerator, and do other related work; determine in what manner the money shall be raised or take any action relating thereto.

(Inserted at the request of the School Committee)

Article 57. To see if the Town will vote to authorize the Conservation Commission to expend from the Conservation Fund an amount necessary to acquire by purchase, eminent domain, or otherwise certain land on Mount Gilboa; the land to be managed and under the control of the Conservation Commission for the purposes of conservation as stated in G. L. c 40, s. 8C and to authorize and direct said commission to apply to the Department of Natural Resources of the Commonwealth of Massachusetts for reimbursement under G. L. 132A, s. 11, and to any other state or federal agency for such grants or reimbursements as may be, or become available; and said Commission is authorized to enter into such agreements therefor on behalf of the Town as may be necessary.

The said land is more particularly described as follows:

- A. On Town of Arlington Assessors' Block Plan No. 84: Lots 2, 3, 4, Pt. 5, 6 & Pt. 5, and 7 fronting on the southerly sideline of Orient Avenue, as shown on said plan;
- B. On Town of Arlington Assessors' Block Plan No. 84: Lots 8, 9, 10, 11, 12, 13, 14, and 15 fronting on the northerly sideline of Madison Avenue, as shown on said plan;
- C. A parcel of land shown on Town of Arlington Assessors' Block Plan No. 84 as containing 57,744 square feet and beginning at a point on Summit Street, as shown on said plan abutting the northeasterly corner of land of Frank P. Smith and thence running
 Northwesterly a distance of 160.75' by land of said Frank P. Smith;
 Northwesterly again on another course, a distance of 82.0';
 Northeasterly 182' \pm by Lot 8 and 122' \pm by Lot 7 to a point on said Summit Street.
 Southerly by the westerly sideline of Summit Street, to the point of beginning.
- D. A parcel of land belonging now or formerly to Frank P. Smith bounded
 Easterly by Alpine Street, 12';
 Southeasterly by land of others, 340';
 Southwesterly by other land of said Frank P. Smith, 165';
 Northwesterly by land of others, 367';
 Northeasterly by land now or formerly of Charles H. Morgan, 160.75';
- E. On Town of Arlington Assessors' Block Plan No. 84, located on the southerly side of Hill Avenue, as shown on said plan and easterly of Park Place as shown on said plan: Lots, A, B, C and D and Lots 12, 13, 14 and 15.

or take any other action relating thereto.

(Inserted at the request of the Conservation Commission)

Article 58. To see if the Town will vote to authorize the Conservation Commission to expend from the Conservation Fund an amount necessary to acquire by purchase, eminent domain, or otherwise an interest in certain land abutting Mill Brook, either a perpetual easement for the use of said land as a landscaped pedestrian way for the use of the inhabitants of the Town or the fee title in said land; the land to be managed and under the control of the Conservation Commission for the purposes of conservation as stated in G. L. c40, s. 8C and to authorize, the direct said Commission to apply to the Department of Natural Resources of the Commonwealth of Massachusetts for reimbursement under G. L. 132A, s. 11, and to any other state or federal agency for such grants or reimbursements as may be, or become available; and said Commission is authorized to enter into such agreements therefor on behalf of the Town as may be necessary.

The said land is more particularly described as follows:

Beginning at the southwesterly corner of the Wellington Park property at or near the division line between land now or formerly of Cherny and land of Mary E. Kelley, thence northwesterly through said land of Mary E. Kelley a distance of 270 feet more or less to a point on the northeasterly extension of the easterly property line of the Highland Fire Station, thence southwesterly on said extension of the Highland Fire Station property line a distance of 40 feet to an angle point at said Highland Fire Station property, thence northwesterly by said Highland Fire Station property a distance of 80 feet; by land now or formerly of Higgins a distance of 46 feet and by land now or formerly of Cannif a distance of 35 feet more or less, thence northerly by land now or formerly of O'Donnell a distance of 150 feet more or less, thence northwesterly by land now or formerly of Gersh a distance of 80 feet, thence southwesterly by said land now or formerly of Gersh a distance of 18 feet more or less, thence northwesterly by land now or formerly of Hartling a distance of 61 feet, thence northeasterly by a lot of land now or formerly of Kelley a distance of 60 feet to an angle point, thence northwesterly by said lot of land now or formerly of Kelley a distance of 100 feet to the southeasterly side line of Brattle Street, thence northeasterly on said southeasterly side line of Brattle Street, a distance of 40 feet more or less, thence southeasterly by land now or formerly of Mulcare a distance of 81.29 feet and by land now or formerly of Woras a distance of 114.33 feet, thence southerly by land now or formerly of Hilferdy and Santini a distance of 302.51 feet, thence southeasterly by land now or formerly of Nigro and by the end of Dudley Street Place, a distance of 215 feet more or less, thence southeasterly by land now or formerly of Napolitano, a distance of 130 feet more or less to the Wellington Park property, thence southwesterly by said Wellington Park property a distance of 138.61 feet to the point of beginning and containing approximately 87,000 square feet.

(Inserted at the request of the Conservation Commission)

Article 59. To see if the Town will make an appropriation for the use of the Conservation Commission; determine in what manner the money shall be raised and expended; or takesuchaction relating thereto.

(Inserted at the request of the Conservation Commission)

Article 60. To see if the Town will make an appropriation of fifty thousand (\$50,000.00) dollars for the development of a playground, including the construction of a Little League Field, Pop Warner Gridiron, two tennis courts, a basketball court, and a small tot area; said playground to be developed on land owned by the Town and known as the Fowles Pond area; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Board of Park Commissioners)

Article 61. To see if the Town will make an appropriation of \$2,500.00, to be expended at the discretion of the Arlington Historical Committee for the purpose of promoting an appreciation of Arlington's unique and singular contributions to our national heritage, and to restore and replace certain plaques of such for posterity; or take any action relating thereto.

(Inserted at the request of the Arlington Historical Committee)

Article 62. To see if the Town will transfer the sum of Eight Thousand Dollars (\$8,000.00) from the Mount Pleasant Cemetery Sale of Lots and Graves Fund to the Cemetery Commissioners for the improvement of the Town Cemeteries.

(Inserted at the request of the Board of Cemetery Commissioners)

Article 63. To see if the Town will transfer the sum of Five Hundred Dollars (\$500.00) from the Mount Pleasant Cemetery Sale of Lots and Graves Fund to the Cemetery Commissioners for the Purchase of Burial Rights.

(Inserted at the request of the Board of Cemetery Commissioners)

Article 64. To see if the Town will make an appropriation to provide furnishings and equipment for the proposed addition to the East Arlington Branch of the Robbins Library; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Trustees of Robbins Library)

Article 65. To see if the Town will vote to authorize and direct the Board of Selectmen to sell, convey or otherwise dispose of the parcel of land with the building thereon, to Arlington Post 1775, Veterans of Foreign Wars of the United States, Inc., for the use of said veterans organization as quarters, said parcel of land with the building thereon is located on Railroad Avenue, and is referred to as the former railroad station, at Arlington Center, of the Boston and Maine Railroad.

Said parcel with the building thereon is bounded and described as follows:

NORTHEASTERLY by land of the Boston and Maine Railroad, one hundred and eight (108) feet;

NORTHWESTERLY by land of the Town of Arlington, thirty-two (32) feet;

SOUTHWESTERLY by land of the Town of Arlington, one hundred and eight (108) feet;

SOUTHEASTERLY by land of the Town of Arlington, thirty-two (32) feet. From a plan of the land in Arlington, Massachusetts, R 13,2425 from the Boston and Maine Railroad to the Town of Arlington, J. K. Keenan, Asst. Chief Engineer, January, 1960. Said land containing three thousand four hundred and fifty (3,450) square feet, more or less.

(Inserted at the request of ten (10) registered voters)

Article 66. To see if the Town will name the Little League Field at Linwood Street, as James J. Scannell Field; or take any action relating thereto.

(Inserted at the request of ten (10) registered voters)

Article 67. To see whether the Town will authorize and direct the Selectmen to sell, convey or otherwise dispose of the parcel of land hereinafter described to the Arlington Housing Authority to erect a building or buildings for housing for aged citizens under Chapter 667 of the Acts of 1954 and Acts in amendment thereof and addition thereto; or take any action relating thereto.

The land, owned by the Town, adjacent to Winslow Street, is bounded and described as follows:

"On the southeast by Mystic Street, a distance of 187.47 feet; on the southwest by land of the Arlington National Bank, 320 ft. more or less; on the northwest by Russell Terrace 51 ft; on the northeast by Winslow Street, two courses of 219.2 ft. and 128 ft. more or less, and on the east by Winslow Street, with a curve with a radius of 20 ft. and a length of 34 ft. and containing 43,800 sq. ft.

(Inserted at the request of the Arlington Housing Authority)

Article 68. To see if the Town will amend its Zoning By-Law by striking out the definitions "Gross Habitable Floor Area" and "Story" within Section 6 and inserting in place thereof the following new definitions:

"Gross Habitable Floor Area": The sum in square feet, of the gross horizontal areas of all the floors of a building, including basements, as measured from the faces of the exterior walls, or center lines of walls separating two buildings, including:

- (a) elevator shafts and stairwells on each floor;
 - (b) attic space, whether finished or unfinished, except as hereafter excluded;
 - (c) interior mezzanines, and penthouses; and
 - (d) basement and cellar areas not devoted exclusively to uses accessory to the operation of the building;
- but excluding

- (a) areas used for parking garages, accessory parking, or off-street loading purposes;
- (b) basement and cellar areas devoted exclusively to uses accessory to the operation of the building;
- (c) open or lattice enclosed exterior fire escapes; and
- (d) attic space and other areas for elevator machinery or mechanical equipment accessory to the building.
- (e) roofed or enclosed porches and balconies.

"Story or floor": That part of a building between any floor and the floor or roof next above. For the purpose of this By-Law, where a building is not divided into stories, a story shall be considered fifteen feet in height, provided that steeples, penthouses, cupolas, stage lofts, etc., shall not be considered as additional stories.

(Inserted at the request of the Planning Board)

Article 69. To see if the Town will amend its Zoning By-Law by striking out the definition "Landscaping and Recreation Area" within Section 6 and inserting in place thereof the following new definition:

"Landscaping and Recreation Area" - the part or parts of a lot developed and permanently maintained in grass or other plant materials or appropriately designed for outdoor recreational use by the occupants of the lot, which space is open to the sky and is free of automotive traffic and parking. No part or parts of a lot shall be considered to satisfy the requirement of this By-Law for Landscaping and Recreation Area unless the following conditions apply:

- (a) at least 75 percent of the area has a grade of less than 8 percent;
- (b) the width of such space shall average at least 35 feet and in no case shall be less than 25 feet.

(Inserted at the request of the Planning Board)

Article 70. To see if the Town will amend its Zoning By-Law by striking out Section 15-D and inserting in place thereof the following new Section 15-D, Landscaping and Recreation Area:

Landscaping and recreation area shall be required in the Residence C and CI districts and shall equal at least 30% of the gross habitable floor area of the lot of the first three stories or partial stories and 20% of the gross habitable floor area of each story thereafter and the basement of each residential building containing three or more dwelling units erected after the date of adoption of this amendment. Balconies, whose areas shall rate as equal their actual areas for the purposes of this calculation may be used in satisfaction of not more than fifty percent of this requirement, provided each one is directly accessible through a door to the apartment to which it is accredited. Such balcony shall be for the exclusive use of one apartment opening directly onto it; it shall have no side of less than six feet, and it shall be safeguarded by a permanent railing or its equivalent. It may be covered, but it shall not have building walls around more than half its perimeter.

A planting strip not less than five feet in width shall surround each residential building containing three or more dwelling units erected in the Residence C and C-1 districts after the date of adoption of this amendment.

In the Residence C and C-1 districts, any open parking facilities for five or more automobiles which may abut property used for residential purposes shall be enclosed by either a planting strip not less than five feet in width or a screening device such as an opaque fence or wall not less than five feet or more than six feet in height. Said fence or wall may extend to within fifteen feet of the street line.

If an open stream falls within the boundaries of a property, the minimum setback of any building therein, erected after the date of adoption of this amendment, shall be fifteen feet from the nearest embankment of the stream. In no case, however, shall any building be permitted within fifteen feet of the embankment of an open stream. The area, measured from the embankment may be used in the calculation of Landscaping and Recreation Area.

(Inserted at the request of the Planning Board)

Article 71. To see if the Town will amend its Zoning By-Law by inserting after Section 24 the following new Section 25. Prosecution and Penalty:

Whoever violates any provision of this by-law, any of the conditions under which a permit is issued, or any decision of the Board of Appeals, may be fined not more than fifty dollars for each offense. Each day that such violation continues shall constitute a separate offense.

(Inserted at the request of the Planning Board)

Article 72. To see if the Town will amend its Zoning By-Law by including in Section 6, Definitions, the following new definition:

Floor area ratio: The ratio of the gross habitable floor area of a structure to the total area of the lot.

(Inserted at the request of the Planning Board)

Article 73. To see if the Town will amend its Zoning By-Law by altering the Zoning Map therein so as to include in the Residence B District the area now included in the Business A District, the Residence C District and the Industrial District, bounded and described as follows:

Beginning at the point of intersection of the centerline of Lowell Street and the centerline of Mill Lane, thence northerly on said centerline of Mill Lane a distance of about 107 feet to an angle point, thence southeasterly across Mill Lane and by the rear or northeasterly boundary line of Lots B and A a distance of about

105 feet, thence northerly by the Industrial District to the southwesterly boundary line of the Residence B District and the centerline of Peirce Street extended, thence southeasterly by said centerline and the extension hereof of Peirce Street, to the centerline of Clark Street, thence southwesterly by said centerline of Clark Street, a distance of about 140 feet to an angle point, thence northwesterly across said Clark Street, and by the rear boundary line of the premises numbered 1-3A Lowell Street, a distance of about 65.3 ft. to an angle point, thence southwesterly on the division line between No. 3A and No. 5 Lowell Street, a distance of 109.7 ft. to the centerline of Lowell Street, thence northwesterly on said centerline of Lowell Street, to the point of beginning.

(Inserted at the request of the Planning Board)

Article 74. To see if the Town will amend its Zoning By-Law by altering the Zoning Map therein so as to include in the Residence B district the area now included in the Business A district, bounded and described as follows:

On the northeast by Massachusetts Avenue and Paul Revere Road;
On the southwest by the Residence B District;
On the northwest by Dundee Road;
And on the southeast by Sutherland Road.

(Inserted at the request of the Planning Board)

Article 75. To see if the Town will amend its Zoning By-Law by striking out the first paragraph of Section 1, Establishment of Districts, and inserting in place thereof the following:

For the purposes of this By-Law, the Town of Arlington is hereby divided into districts of eleven classes to be known as:

1. Residence A Districts
2. Residence B Districts
3. Residence C Districts
4. Residence C-1 Districts
5. Residence D Districts
6. Residence E Districts
7. Residence F Districts
8. Business A Districts
9. Business B Districts
10. Business C Districts
11. Industrial Districts

(Inserted at the request of the Planning Board)

Article 76. To see if the Town will amend its Zoning By-Law by including therein a new Residence F District and the following new sections:

Section 15-2. 1: Use regulations

In the Residence F district no new building or part thereof shall be constructed or used and no existing building or part thereof shall be altered, enlarged, reconstructed or used and no land shall be used for:

- (a) any industry, trade, manufacturing or commercial purpose;
- (b) any purpose except one or more of the following:
 1. Any use which is permitted in the Residence B district
 2. Apartment house
 3. Such accessory purposes which are customary or usual in connection with the foregoing purposes and are incidental thereto, including a private garage.

Section 15-2.2: Parking spaces

In the Residence F district, automobile parking spaces shall be required off-street and on land associated with and adjacent to each residential structure containing three or more dwelling units erected after the date of adoption of this amendment. Such accessible and usable spaces, plus spaces for entrances, exits and driveways, in said off-street parking area shall be provided at a ratio of at least one parking berth per dwelling unit, except low income, multi-family housing for the elderly built under state or federal public housing programs. For such public housing projects, one space for each five dwelling units shall be provided.

Such off-street parking spaces shall not be within 15 feet of any street line, nor in the front yard of any building unless within an underground or basement garage not opening directly onto the frontage street. All parking facilities so provided are to be for the exclusive use of residents of the property and their guests. Provided the above standards are met, parking may be permitted within the interior of a building used for residential purposes, or on the ground floor within the building line exposed otherwise to the elements, or in an open area. Parking or driveways shall be located at least fifteen feet from the line of embankment of an open stream.

Within the Residence F district a buffer strip at least five feet in width shall be provided between any driveways or parking areas associated with any residential structure containing three or more dwelling units erected after the date of adoption of this amendment and any abutting residential property line. Said buffer strip shall be properly planted and shall be provided with opaque fences for visual protection of abutting residential properties. The aforesaid fences shall not be less than five feet or more than six feet in height. Provided they meet the height requirements of fences, as set forth in this paragraph, suitable dense shrubbery may be used in lieu thereof.

Section 15-2.3: Landscaping and Recreation Area

Landscaping and Recreation Area shall be required in the Residence F district for all buildings containing three or more dwelling units.

Buildings containing three or more dwelling units and not exceeding 75 feet in height shall conform to the Landscaping and Recreation Area requirements of the Residence C-1 district, as set forth in Section 15-D of the Zoning By-Law.

Buildings containing three or more dwelling units and exceeding 75 feet in height shall be provided with Landscaping and Recreation Area equal at least to fifteen percent of the gross habitable floor area of all floors including the basement.

Balconies, whose areas shall rate as equal their areas for the purposes of calculating Landscaping and Recreation Area may be used in satisfaction of not more than fifty percent of this requirement, provided that each one is directly accessible through a door to the apartment to which it is accredited. Such Balcony shall be for the exclusive use of one apartment opening directly onto it; it shall have no side of less than six feet, and it shall be safeguarded by a permanent railing or its equivalent. It may be covered, but it shall not have building walls around more than half its perimeter.

Section 15-2.4: Height and Area Regulations

Single and two family houses or duplex houses erected in the Residence F district after the date of adoption of this amendment shall be required to conform to the minimum lot area and yard requirements of the Residence B district.

Single and two family or duplex houses erected in the Residence F district after the date of adoption of this amendment shall be required to conform to the minimum building area requirements of the Residence B district.

In the Residence F district, apartment buildings may not exceed one hundred and ten feet in height and one hundred and twenty-five feet in length.

Apartment buildings 75 feet in height or less shall conform to the height and area regulations of the Residence C-1 district.

Apartment buildings exceeding 75 feet in height shall conform to the following requirements:

- a. front yard or set-back, measured from the front property line: $(H+L)/6$; minimum depth of 15 feet;
- b. side yards: there shall be two side yards, each of dimension $(H+L)/6$; and a minimum of 20 feet;
- c. rear yard; $(H+L)/6$ and a minimum depth of 40 feet; where H means the height of the building in feet, and L means the length of wall in feet measured parallel to the corresponding lot line or street.

The floor area ratio of apartments in the Residence F district shall not exceed 3.0, for all buildings erected in this district after the date of adoption of this amendment.

Buildings erected in the Residence F district after the date of adoption of this amendment shall be located at least fifteen feet from the line of embankment of an open stream.

(Inserted at the request of the Planning Board)

Article 77. To see if the Town will amend its Zoning By-Law by altering the Zoning Map therein so as to include in the residence F district the area now included in the Industrial District, bounded and described as follows:

The land owned by the Town, adjacent to Winslow Street, is bounded and described as follows:

"On the southeast by Mystic Street, a distance of 187.47 ft. ; on the southwest by land of the Arlington National Bank, 320 ft. more or less; on the northwest by Russell Terrace 51 ft. ; on the northeast by Winslow Street, two courses of 219.2 ft. and 128 ft. more or less, and on the east by Winslow Street, with a curve with a radius of 20 ft. and a length of 34 ft. and containing 43,800 sq. ft. more or less."

(Inserted at the request of the Planning Board)

Article 78. To see if the Town will amend its Zoning By-Law by altering the Zoning Map therein so as to include in the Residence C-1 district the area now included in the Industrial District, bounded and described as follows:

The land, owned by the Town, adjacent to Winslow Street, is bounded and described as follows:

"On the southeast by Mystic Street, a distance of 187.47 ft. ; on the southwest by land of the Arlington National Bank, 320 ft. more or less; on the northwest by Russell Terrace 51 ft. ; on the northeast by Winslow Street, two courses of 219.2 ft. and 128 ft. more or less, and on the east by Winslow Street, with a curve with a radius of 20 ft. and a length of 34 ft. and containing 43,800 sq. ft. more or less."

(Inserted at the request of the Planning Board)

Article 79. To see if the Town will make an appropriation for the landscaping and improvement of Town properties, including:

(1) the property generally situated at the northwest corner of Massachusetts Avenue and the relocated Mystic Street, bounded northerly by the Boston & Maine Railroad right-of-way, easterly by the relocated Mystic Street, southerly by Massachusetts Avenue, and westerly by the property line separating Town property and property of the Arlington National Bank;

(2) the properties generally situated at the northeast corner of Massachusetts Avenue and the relocated Mystic Street, including (a) the triangularly shaped area bounded northerly and easterly by the Boston & Maine Railroad right-of-way, southerly by Massachusetts Avenue, and westerly by the relocated Mystic Street and (b) the triangularly shaped area bounded northerly and easterly by an access road, southerly by the Boston & Maine Railroad right-of-way, and westerly by the relocated Mystic Street;

determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of the Planning Board)

Article 80. To see if the Town will amend its Zoning By-Law by altering the Zoning Map therein referred to so as to include in the Business C District the area now included in the Residence C-1 District, and bounded and described as follows:

NORTHEASTERLY by Massachusetts Avenue, 274.83 feet;

EASTERLY by a curved line forming the intersection of said Massachusetts Avenue and Newman Way, 49.95 feet;

SOUTHEASTERLY by said Newman Way, 145.14 feet;

SOUTHWESTERLY by Lot 119 & Pt. 118 and Lot 120, as shown on a plan hereinafter mentioned, 273.98 feet;

NORTHWESTERLY by Churchill Avenue, 145 feet; and

NORTHERLY by a curved line forming the intersection of said Massachusetts Avenue and Churchill Avenue, 39.27 feet.

Containing 51,378 square feet of land, according to said plan. Being shown as Lots A and B on a plan entitled, "Sub-Division of Land in Arlington, Mass." dated Oct. 1961, by Jos. J. Sullivan, Surveyor, recorded with the Middlesex South District Registry of Deeds in Book 10,166, Page 396.

(Inserted at the request of ten (10) registered voters)

Article 81. To see if the Town will amend its Zoning By-Law by altering the Zoning Map therein referred to so as to include in the Business A district the area now included in the Residence B District, and bounded and described as follows:

SOUTHEASTERLY by Russell Terrace, 21.83 feet;

SOUTHWESTERLY by the remaining portion of the lot by a line dividing the present Residence B District from the present Business A District;

NORTHWESTERLY by land of owners unknown, 6.70 feet; and

NORTHEASTERLY by land now or formerly of Chester B. Trump, et ux, 137.71 feet.

Said premises are shown on a plan drawn by Fred R. Joyce, Surveyor, dated Dec. 19, 1966.

(Inserted at the request of ten (10) registered voters)

Article 82. To see if the Town will amend its Zoning By-Law by altering the Zoning Map therein referred to so as to include in the Residence E District the area now included in the Residence B District, and bounded and described as follows:

NORTHEASTERLY by Decatur Street, 54.25 feet ;

SOUTHEASTERLY by Lot B and by lot Pts. 22, 23 and 24 as shown on a plan hereinafter mentioned, 422.77 feet;

SOUTHWESTERLY by land of the Arlington Housing Authority, 50 feet; and

NORTHWESTERLY by lots 3, 4 and 10 as shown on said plan, and by Gordon Road, 401.57 feet, more or less.

Containing 20,612 square feet of land. Being shown on lot 25 on Block Plan 36 of the Arlington Assessors' Plans.

(Inserted at the request of ten (10) registered voters)

Article 83. To see if the Town will vote to amend its Zoning By-Law by altering the Zoning Map therein referred to so as to include the Residence E District the area now included in the Residence B District, and bounded and described as follows:

NORTHWESTERLY by Marathon Street, 270.48 feet;

SOUTHWESTERLY by Lot A as shown on a plan entitled "Sub-Division of Land in Arlington, Mass., dated April 1961, Jos. J. Sullivan, Surveyor, recorded with Middlesex South District Registry of Deeds, Book 9808, Page 420, ninety-three and 95/100 (93.95) feet;

SOUTHEASTERLY by St. Paul's Cemetery, 287.04 feet; and

NORTHEASTERLY by a line measuring 94.48 feet, parallel to the westerly side line of the street named Broadway and One Hundred (100) feet westerly therefrom. Such Line, One Hundred (100) feet distant from Broadway being the boundary of land presently included in Business A District as defined in the Zoning By-Law.

(Inserted at the request of ten (10) registered voters)

Article 84. To see if the Town will appropriate the sum of \$2,000.00 to be expended under the direction of the Town Manager for the use of the agency known as the Council on Aging, as provided for by Article 17 of the Town By-Laws, for the purposes of coordinating and carrying out programs designed to meet the problems of the aging in the Town in coordination with programs of the Commission on Aging established under Section 73 of Chapter 6 of the General Laws of Massachusetts, and of advising and assisting other agencies concerned with such matters; determine in what manner such sum shall be raised or take any action relating to all or any part of the foregoing.

(Inserted at the request of ten (10) registered voters)

Article 85. To see if the Town will make an appropriation to be expended under the direction of the Town Clerk, for the purpose of defraying the expense of advertising and other incidental costs relating to the By-Laws voted at this Town Meeting; determine in what manner the money shall be raised; or take any action relating thereto.

Article 86. To see if the Town will vote to make an appropriation for the purpose of providing ornamental and additional light to the streets in the business area of the Town during the Christmas holiday season; determine in what manner the funds shall be raised and expended; or take any action relating thereto.

(Inserted at the request of ten (10) registered voters)

Article 87. To see if the Town will make an appropriation for the proper observance of Veterans' Day; determine in what manner the money shall be raised and expended; or take any action relating thereto.

(Inserted at the request of ten (10) registered voters)

Article 88. To see if the Town will make an appropriation of a sum of money to be expended under the direction of the Town Manager for the purpose of providing suitable headquarters for the Barracks No. 2701 of the Veterans of World War 1 of the U. S. A. and to determine in what manner the money shall be raised and expended or take any action relating thereto.

(Inserted at the request of ten (10) registered voters)

Article 89. To see if the Town will make an appropriation to be added to the Stabilization Fund created under Article 73 of the Warrant of the 1958 Annual Town Meeting in accordance with the provisions of Massachusetts General Laws (Ter. Ed.), Chapter 40, Section 5b, as amended, determine in what manner the money shall be raised; or take any action relating thereto.

Article 90. To see if the Town will authorize taking a sum of money voted for the appropriation heretofore made at this Town Meeting under this Warrant, and not voted to be borrowed, from any available funds in the treasury and will authorize the Assessors to use free cash in the treasury in any available funds to an amount not exceeding \$550,000.00, in the determination of the 1967 tax rate.

And you will notify and warn the voters of the Town of Arlington to meet at the times, and places herein specified by leaving at every dwelling house in the Town a printed copy of this Warrant, and also by posting a copy of the same at the doors of the Town Hall, and in a conspicuous place in each of the fourteen precincts of the Town, seven days at least before the day of said meeting for the election of officers.

Hereof, fail not, and make due return of the Warrant, with your doings thereon, to the Town Clerk before the day of said meeting.

Given under our hands, at said Arlington this twenty-third day of January, in the year of our Lord one thousand nine hundred sixty seven.

Constable, Town of Arlington

CONSTABLE'S RETURN COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

Arlington, March 3, 1967

By virtue of this Warrant I have notified and warned the legal voters of the town of Arlington to meet at the time and place and for the purpose herein specified by causing a printed attested copy of said Warrant to be left at every dwelling house in the Town, previous to the day of the meeting for the election of officers and by posting an attested copy of said Warrant at the doors of the Town Hall and in two or more conspicuous places in each of the fourteen precincts of the Town, seven days at least before the day of said meeting. A notice of the times, places and objects of the meetings was published in the local papers.

(signed) Frank K. Nicksay
Constable of the Town of Arlington,
Massachusetts

ANNUAL TOWN ELECTION, MARCH 4, 1967

In pursuance of the foregoing Warrant, the inhabitants of the Town of Arlington, qualified to vote in elections, met in the polling places designated by the Board of Selectmen for the several precincts in said Town on Saturday, March 4, 1967, at seven o'clock in the forenoon.

Upon receipt of the returns as made by the election officers of the several precincts, they were canvassed by Mrs. Ann M. Powers, Town Clerk, Messrs. Joseph H. Cormier, Alfred M. DeVito and Harlan P. Smith, Registrars of Voters assisted by Miss Mary A. Farrington, Assistant Town Clerk, and the results were announced at 1:00 A.M., on Sunday, March 5, 1967 as follows:

All used and unused ballots, tally sheets, total vote sheets, voting lists, and all other records pertaining to the Town Election, properly signed and sealed, were delivered to the Town Clerk to be preserved by her during the time required by law.

The persons declared elected town officers, including town meeting members, were notified as required by the General Laws.

A true record
ATTEST:

Ann M. Powers

Town Clerk

*Elected

In accordance with Section 61 of Chapter 51 of the General Laws, the return of the registered voters in Arlington at the close of registration for the Town Election on February 11, 1967, was forwarded to the Secretary of the Commonwealth.

The results of the count of votes cast at the Town Election were forwarded to the Secretary of the Commonwealth on March 8, 1967.

In accordance with Section 132 of Chapter 54 of the General Laws, the total number of voters checked on the voting lists in each precinct was forwarded to the Secretary of the Commonwealth on March 8, 1967.

In connection with the work of the Department of Corporations and Taxation, a list of Town Officials was forwarded to the Director of Accounts.

ANNUAL TOWN MEETING, MARCH 20, 1967

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town of Arlington by a constable of said Town, notices having been sent by mail by the Town Clerk at least seven days before the day of the meeting to the town meeting members elected and qualified to act in town meetings in Arlington under the provisions of Chapter 43A of the General Laws, as amended, and published in the local newspapers as required by the Town's By-Laws, the town meeting members met in the Town Hall, in said Town, on Monday, March 20, 1967, at eight o'clock in the evening. The Warrant calling the meeting served as the notice sent by mail to the Town meeting members by the Town Clerk.

Certificates were filled with the Town Clerk by the Chairmen and Clerks of Precincts 5 and 13 relative to meetings held on March 20, and of the elections to fill town meeting vacancies until the next annual election, as follows:

Precinct 5 - Joan R. Sullivan, 43 Hilton Street, to fill the vacancy created by the resignation of Lawrence E. Reinold, whose term was to expire in 1970, and

Catherine R. Traverse, 40 River Street, to fill the vacancy created by the resignation of Ann McCarthy, whose term was to expire in 1968.

Precinct 13 - William J. McKearin, 7 Morris Street, to fill the vacancy created by the removal from town of Richard L. Hickey, whose term was to expire in 1969.

Lists of the duly qualified town meeting members were used at the entrances to the meeting place and were in the charge of Mary A. Farrington and Charlotte E. Emerson. The lists contained the names of two hundred thirty-seven (237) town meeting members and seven (7) town meeting members at large qualified to participate and vote in town meetings in Arlington.

The check lists filed with the Town Clerk at the close of the meeting by the checkers showed that two hundred twenty (220) town meeting members and seven (7) town meeting members at large (93% of total 244) attended the meeting.

Lawrence W. Burt was sworn by the Town Clerk as Stenographer to impartially and correctly report the proceedings of the meeting to the best of his ability.

The Moderator, Lawrence E. Corcoran, declaring a quorum present, called the meeting to order at 8:05 P. M.

The meeting was opened with the singing of "The Star Spangled Banner" by the assembly, accompanied by Anton Kovar, pianist, and Richard Laman, trumpeter, both of the School Department.

The invocation was given by the Rt. Rev. Joseph W. Lyons, Pastor of Saint Eulalia's Church.

On the motion of Arthur D. Saul, Jr., Chairman of the Board of Selectmen, duly seconded, the following Resolution was accepted by unanimous vote:

RESOLUTION

WHEREAS, William O. Hauser after a long and distinguished career in Public office, has voluntarily decided to no longer seek re-election as an Assessor, and

WHEREAS, This highly respected member of the community has devoted a total of forty-one years to the service of the public, and

WHEREAS, during this lifetime of dedicated service he has held office as a Town Meeting Member, a Finance Committee Member, a Selectman and an Assessor, and

WHEREAS, the voters of Arlington have repeatedly shown their full confidence in his capabilities by returning him to office as an Assessor for nine consecutive terms, a total of twenty-seven years.

NOW, THEREFORE, Be It Resolved, that this Town Meeting expresses its deep appreciation to Mr. William O. Hauser, for his outstanding contributions to the Town and voices its regret that his valuable services will no longer be available, and

Be It Further Resolved, that a copy of this Resolution be spread upon the records of this meeting, and that a copy suitably inscribed be presented to him by the Town Clerk.

Walter S. Cooledge, Jr.
John B. Byrne, Jr.
William O. Hauser, Jr.
BOARD OF ASSESSORS

Kevin P. Feeley
Arthur D. Saul, Jr.
Joseph P. Greeley
John J. Bilafer
Horace H. Homer
BOARD OF SELECTMEN

The Town Meeting Members who had not previously been sworn were there-upon sworn by the Moderator.

There being no objection to the request of Arthur D. Saul, Jr., Chairman of the Board of Selectmen, permission was granted by general consent for Mr. Feeley of the Board of Selectmen; Mr. Nicksay, Executive Secretary of the Board of Selectmen; Mr. William O. Hauser, Jr. of the Board of Assessors; Mr. Water-

man, Executive Secretary of the Board of Assessors; Messrs. O'Leary, Bowler, Mullin and Gibbons of the Personnel Board; Mr. Morris, Executive Secretary of the Personnel Board; Messrs. Shea, Cataldo and Miller of the Planning Board; Messrs. Dunn, Higby, Sliney, Lawlor, Blackmon, Cotter, Sisson and Dillon of the Finance Committee; Mr. Ahern, Executive Secretary of the Finance Committee; Mrs. Porteus, Mrs. Cremens, Mrs. O'Neil, Messrs. Coughlin, Allen, Morine and Kenna of the School Committee; Mr. Roens, Superintendent of Schools; Mr. Anderson, Assistant Superintendent of Schools; Mrs. Buzzell, Secretary, School Committee, and Mr. Purcell, Town Counsel, to sit within the Town Meeting enclosure.

At this point Arthur D. Saul, Jr., Chairman of the Board of Selectmen, introduced the Town Manager, Donald R. Marquis.

Mrs. Ann M. Powers, Town Clerk, read the call of the meeting and the Constable's Return of the Warrant, the reading of the remainder of the Warrant being waived by consent of the meeting.

A substitute motion offered by Mr. Daniel A. Purcell, town meeting member from Precinct 9, and duly seconded, for the motion of Arthur D. Saul, Jr., Chairman of the Board of Selectmen, was declared by the Moderator to have carried on a voice vote. Thereupon, on the motion as substituted, it was

VOTED: That if all the business of the meeting as set forth in the Warrant is not disposed of at this session, when the meeting adjourns, it adjourn to Monday evening, March 27, 1967, at 8 o'clock.

On motion of Selectman Saul, duly seconded, it was

VOTED: That Article 2 be taken up. (Choice of other Town Officers.)

On motion of Selectman Saul, duly seconded, it was

VOTED: That the following be appointed Measurers of Wood and Bark:

John M. Wilfert, Jr., 19 Windmill Lane
Edward L. Kelley, 20 Paul Revere Road

There being no further business under Article 2, the Moderator declared it disposed of.

On motion of Selectman Saul, duly seconded, it was

VOTED: That Article 3 be taken up. (Reports of Town Boards, Finance and other Committees.)

On motion of Selectman Saul, duly seconded, it was

VOTED: That the reports of the Selectmen and of the various Town Officers and the committees heretofore appointed, together with the statistics of the Assessors as printed in the Town Report, be received.

On motion of George J. Remmert, Chairman of the Finance Committee, duly seconded, it was

VOTED: That the report of the Finance Committee as presented in the printed form be received.

Mr. David E. Purpel presented the report of the committee under vote of the Town passed March 15, 1954, to investigate and study the adequacy of the present school buildings within the Town and the future locations of new school buildings and on the motion of Mr. George J. Remmert, duly seconded, it was

VOTED: That the report be received.

Mr. Daniel C. Whitney presented the report of the Committee under vote of the Town passed March 23, 1959, to procure plans and estimates for the construction of an elementary school building on land owned by the Town located on Pheasant Avenue, and on his motion, duly seconded, it was

VOTED: That the report be received.

Mr. George M. Herlihy presented the report of the Committee under vote of the Town passed March 29, 1965, to consider revaluation of real estate, and on his motion, duly seconded, it was

VOTED: That the report be received and the committee be discharged.

Mr. Joseph J. Doyle presented the report of the Committee under vote of the Town passed March 18, 1965, to investigate, consider and make recommendations as to the advisability of installing voting machines in any or all of the precincts of the Town, and on his motion, duly seconded, it was

VOTED: That the report be received.

Mr. Edward W. Murphy, Jr. presented the report of the Committee under vote of the Town passed April 6, 1966, to make a survey on traffic controls in the area of Chestnut Street and Medford Street, and on his motion, duly seconded, it was

VOTED: That the report be received.

On motion of Mr. George J. Remmert, Chairman of the Finance Committee, duly seconded, it was

VOTED: That Article 3 be laid on the table.

On motion of Mr. George J. Remmert, duly seconded, it was

VOTED: That the remaining articles in the Warrant be now taken up separately in the order in which they appear in said Warrant unless otherwise voted as to any particular article, and that the recommendations of the Finance Committee under said articles, as presented in their printed report, be considered as now before the meeting, to be voted upon without further motion, separately, under the respective articles as they appear in said report.

Article 4. (Treasurer; Power to Borrow)

VOTED: (Unanimously) That the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money on and after January 1, 1968, in anticipation of the revenue of the financial year beginning January 1, 1968 and to issue a note or notes therefore, payable within one year, and to renew any note or notes that may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws and any amendments thereof; any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1968.

There being no further business under Article 4, the Moderator declared it disposed of.

Article 5. (Amendment of Town By-Laws - Classification and Compensation Plan.)

VOTED: That the Classification Plan - Schedule A and Compensation Plan - Schedule B, as established by Article 7C of the By-Laws and as amended under any Article of the Warrant for this meeting, be and hereby are amended, by increasing all money figures contained therein by approximately eight percent (8%) to the nearest even dollar in the annual salary schedules, excepting the money figures contained in Grades PF 2, PF 3, PF 4, PF 5, and PF 6 and eight percent (8%) to the nearest ten cents (10¢) in the weekly salary schedule, and by increasing the compensation of regularly employed part-time employees by approximately eight percent (8%) to the nearest dollar; said amendment to be effective April 1, 1967; and for this purpose the sum of one hundred forty nine thousand seven hundred ten dollars (\$149,710.00) be and hereby is appropriated; said sum to be raised by general tax and expended under the direction of the departments affected.

There being no further business under Article 5, the Moderator declared it disposed of.

Article 6. (Amendment of Town By-Laws - Classification and Compensation Plan.)

VOTED: That the Classification Plan - Schedule A and Compensation Plan - Schedule B, as established by Article 7C of the By-Laws and as amended under any Article of the Warrant for this meeting, be and hereby are amended, by authorizing the various departments of the Town to increase by approximately eight percent (8%) to the nearest even dollar the basic annual salaries or wages of all classified full-time employees now receiving salaries or wages in excess of maximums as now contained in Schedule A of the Classification Plan and Schedule B of the Compensation Plan; said amendment to be effective April 1, 1967 and for this purpose the sum of one thousand one hundred fifty five dollars (\$1,155.00) be and hereby is appropriated; said sum to be raised by general tax and expended under the direction of the departments affected.

There being no further business under Article 6, the Moderator declared it disposed of.

Article 7. (Acceptance of General Law - Chapter 48 - Section 58D.)

VOTED: That no action be taken under Article 7 of the Warrant.

There being no further business under Article 7, the Moderator declared it disposed of.

Article 8. (Amendment of Town By-Laws - Classification and Compensation Plan.)

VOTED: That no action be taken under Article 8 of the Warrant.

There being no further business under Article 8, the Moderator declared it disposed of.

Article 9. (Amendment of Town By-Laws - Classification and Compensation Plan.)

VOTED: That the Classification Plan - Schedule A and Compensation Plan - Schedule B, as established by Article 7C of the By-Laws be and hereby is amended by increasing all money figures contained in Grades PF 2, PF 3, PF 4, PF 5, and PF 6, by approximately twelve percent (12%) to the nearest even dollar; said amendment to be effective April 1, 1967; and for this purpose the sum of one hundred twenty five thousand two hundred forty dollars (\$125,240.00) be and hereby is appropriated, said sum to be raised by general tax and expended under the direction of the department affected.

There being no further business under Article 9, the Moderator declared it disposed of.

Article 10. (Amendment of Town By-Laws - Classification and Compensation Plan.)

VOTED: That the Classification Plan - Schedule A, as established by Article 7C of the By-Laws be and hereby is amended by reallocating Gardener from Grade MC 1 to Grade MC 2; said amendment to be effective April 1, 1967; and for this purpose the sum of one hundred sixty eight dollars and forty cents (\$168.40) be and hereby is appropriated; said sum to be raised by general tax and expended under the direction of the department affected.

There being no further business under Article 10, the Moderator declared it disposed of.

Article 11. (Amendment of Town By-Laws - Classification and Compensation Plan.)

VOTED: That the Classification Plan - Schedule A, as established by Article 7C of the By-Laws be and hereby is amended by reallocating Supervisor of Custodians from Grade AG 14 to Grade AG 15; said amendment to be effective April 1, 1967; and for this purpose the sum of three hundred forty four dollars (\$344.00) be and hereby is appropriated; said sum to be raised by general tax and expended under the direction of the department affected.

There being no further business under Article 11, the Moderator declared it disposed of.

Article 12. (Amendment of Town By-Laws - Classification and Compensation Plan.)

VOTED: That the Classification Plan - Schedule A, as established by Article 7C of the By-Laws, be and hereby is amended by reallocating Superintendent of Parks and Recreation from Grade AG 18 to Grade AG 19; and be reallocating Assistant Superintendent of Recreation from Grade AG 14 to Grade AG 15; said amendment to be effective April 1, 1967; and for this purpose the sum of seven hundred seventy two dollars (\$772.00) be and hereby is appropriated; said sum to be raised by general tax and expended under the direction of the department affected.

There being no further business under Article 12, the Moderator declared it disposed of.

Article 13. (Amendment of Town By-Laws - Classification and Compensation Plan.)

VOTED: That the Classification Plan - Schedule A, as established by Article 7C of the By-Laws, be and hereby is amended by reallocating Dog Officer from Part-time to Grade AG 13.

There being no further business under Article 13, the Moderator declared it disposed of.

Article 14. (Amendment of Town By-Laws.)

VOTED: That the Town By-Laws - Sub-section A of Section 11, paragraphs 3c and 3e, as established by Article 7C of the By-Laws, be and hereby is amended by striking out said paragraphs 3c and 3e of Sub-section A and inserting in place thereof the following:

"c. Four calendar weeks vacation for employees, except professional librarians and library assistants, who have served not less than fifteen years of continuous full-time service with the Town; said fifteen years of service to be completed prior to June 1.

e. Three calendar weeks vacation for library assistants; provided, however, that any library assistant who has served not less than fifteen years of continuous full-time service with the Town shall be entitled to a vacation of four calendar weeks, said fifteen years service to be completed prior to June 1"; said amendment to be effective June 1, 1967.

There being no further business under Article 14, the Moderator declared it disposed of.

Article 15. (Amendment of Town By-Laws - Classification and Compensation Plan.)

VOTED: That no action be taken under Article 15 of the Warrant.

There being no further business under Article 15, the Moderator declared it disposed of.

Article 16. (Amendment of Town By-Laws - Classification and Compensation Plan.)

VOTED: That no action be taken under Article 16 of the Warrant.

There being no further business under Article 16, the Moderator declared it disposed of.

Article 17. (Amendment of Town By-Laws.)

VOTED: That no action be taken under Article 17 of the Warrant.

There being no further business under Article 17, the Moderator declared it disposed of.

Article 18. (Amendment of Town By-Laws.)

VOTED: That no action be taken under Article 18 of the Warrant.

There being no further business under Article 18, the Moderator declared it disposed of.

Article 19. (Acceptance of General Law - Chapter 612 - The Acts of the Commonwealth of Massachusetts - 1966.)

VOTED: That the Town accept an Act placing the office of Chief of the Fire Department of the Town of Arlington under the Civil Service Law and rules upon the occurrence of a vacancy in said office, as stated in Chapter 612, the Acts of the Commonwealth of Massachusetts in the year 1966.

There being no further business under Article 19, the Moderator declared it disposed of.

Article 20. (Repeal of Article 12 - Section 10 - of Town By-Laws.)

VOTED: That no action be taken under Article 20 of the Warrant.

There being no further business under Article 20, the Moderator declared it disposed of.

Article 21. (Appropriation for Pedestrian Traffic Signals - Appleton Street.)

VOTED: That the sum of six thousand dollars (\$6,000.00) be and hereby is appropriated for the installation of pedestrian actuated traffic signals on Massachusetts Avenue at Appleton Street and at Appleton Place; said sum to be raised by general tax and expended under the direction of the Town Manager.

There being no further business under Article 21, the Moderator declared it disposed of.

Article 22. (Traffic Signals.)

VOTED: That no action be taken under Article 22 of the Warrant.

There being no further business under Article 22, the Moderator declared it disposed of.

Article 23. (Air Conditioning - Town Hall.)

VOTED: That no action be taken under Article 23 of the Warrant.

There being no further business under Article 23, the Moderator declared it disposed of.

Article 24. (Parking - Robbins House.)

VOTED: That no action be taken under Article 24 of the Warrant.

There being no further business under Article 24, the Moderator declared it disposed of.

Article 25. (Town Departmental Outlays and Expenses.)

MOVED AND SECONDED: That sums be appropriated to defray departmental obligations, outlays and expenses for the year 1967 to be raised by general tax except as otherwise specifically voted and expended, and that the disposal of motor vehicles and other personal property be authorized, all under the direction of the respective department heads as follows:

Dickson Avenue	(Article 43)	13,200.00
Gray Circle	(Article 44)	11,400.00
Modena Street	(Article 45)	7,500.00
Sylvia Street	(Article 46)	58,700.00
Corey Lane	(Article 47)	11,500.00
Golden Avenue	(Article 48)	11,500.00
Golden Avenue	(Article 49)	9,500.00
		<u>\$181,100.00</u>

There being no further business under Article 50, the Moderator declared it disposed of.

Article 51. (Easements in Land)

On the new motion of George J. Remmert, Chairman of the Finance Committee, it was

VOTED: (Unanimously) That the Board of Selectmen be and hereby is authorized and empowered on behalf of the Town, to purchase or take by eminent domain or otherwise acquire, easements in land adjoining the location of ways, the laying of which is accepted at this meeting under Articles 40, 41, 42, 43, 44, 45, 46, 47, 48, and 49, consisting of the right to have the land of said location protected by having the surface of such adjoining land slope from the boundaries of said location; that for this purpose the sum of five hundred dollars (\$500.00) be and hereby is appropriated; said sum to be raised by general tax and expended under the direction of the Town Manager.

There being no further business under Article 51, the Moderator declared it disposed of.

Article 52. (Sign a Receipt - Pro Tanto Payment.)

VOTED: (Unanimously) That the Town authorize the Board of Selectmen to sign a receipt issued by the Public Works Department of the Commonwealth of Massachusetts for a pro tanto payment to the Town in the amount of seven hundred six dollars and sixty-five cents (\$706.65), for a taking of Park Land bordering the Concord Highway and to be used for highway purposes.

There being no further business under Article 52, the Moderator declared it disposed of.

Article 53. (Hydrological and Land Use Study - Great Meadows.)

VOTED: That the sum of ten thousand dollars (\$10,000.00) be and hereby is appropriated to be used with a matching appropriation made by the Town of Lexington for a Hydrological and Land Use Study of a parcel of land located in the Town of Lexington and owned by the Town of Arlington, known as the Great Meadows; said sum to be raised by general tax and expended under the direction of the Town Manager.

There being no further business under Article 53, the Moderator declared it disposed of.

Article 54. (Golf Course - Great Meadows.)

VOTED: That no action be taken under Article 54 of the Warrant.

There being no further business under Article 54, the Moderator declared it disposed of.

On the motion of Herbert M. Meyer, town meeting member from Precinct 4, duly seconded, it was

VOTED: That Article 36 be taken from the table.

Article 36. (Curbing - Orvis Road.)

A substitute motion offered by Dr. Herbert M. Meyer, town meeting member from Precinct 4, duly seconded, was declared by the Moderator to have lost on a voice vote. On the original motion of the Finance Committee it was

VOTED: That no action be taken under Article 36 of the Warrant.

There being no further business under Article 36, the Moderator declared it disposed of.

Article 55. (Addition to the Dallin School.)

VOTED: (Unanimously) That the sum of five hundred ninety-six thousand four hundred (\$596,400.00) dollars be and hereby is appropriated for the purpose of constructing and originally equipping and furnishing an addition to the present Cyrus E. Dallin School building and that to meet said appropriation, the sum of one hundred thousand (\$100,000.00) dollars be and hereby is transferred from the Stabilization Fund, the sum of fifty thousand four hundred (\$50,400.00) dollars to be raised by general tax, and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow at one time or from time to time the sum of four hundred forty-six thousand (\$446,000.00) dollars under the provisions of Chapter 645 of the Acts of 1948 as amended and to issue bonds and notes of the town therefor, each issue of such bonds or notes to be payable in not more than twenty years from its date; provided, however, that, if and to the extent that, prior to the sale of all of said bonds and notes, the Town shall have received from the Commonwealth of Massachusetts, under the provisions of Section 9 of said Chapter 645 of the Acts of 1948 as amended, the amount of any accelerated construction grant, said amount shall be used for the aforesaid purposes in lieu of the proceeds of bonds and notes and amount of said bonds and notes hereinbefore authorized so far as unissued and unsold shall, to that extent, be reduced accordingly.

Said appropriation shall be expended under the direction of the Florence Avenue School Building Committee appointed under Article 68 of the Warrant for the 1954 Annual Town Meeting; said committee to have full authority to do all the things necessary to carry out the provisions of this vote.

There being no further business under Article 55, the Moderator declared it disposed of.

Article 56. (Oil Burning Boilers - Junior High School East.)

VOTED: That the sum of seventy four thousand three hundred dollars (\$74,300.00) be and hereby is appropriated for the purpose of converting two coal-firing steam boilers at the Junior High School East to oil-burning boilers and to remodel the heat units and control system, to install an incinerator, and do other related work; said sum to be raised by general tax and expended under the direction of the Town Manager.

There being no further business under Article 56, the Moderator declared it disposed of.

On the motion of George J. Remmert, Chairman of the Finance Committee, duly seconded, it was

VOTED: That the meeting adjourn.

The meeting thereupon adjourned at 10:50 o'clock P. M. until Monday, March 27, 1967, at 8:00 o'clock P. M.

A true record.

ATTEST:

Ann M. Powers
Town Clerk

ADJOURNED ANNUAL TOWN MEETING, MARCH 27, 1967

Pursuant to the vote of adjournment of March 20, 1967, and written notices sent by mail by the Town Clerk, the town meeting members met in the Town Hall on Monday evening March 27, 1967, to act upon the remaining articles set forth in the Warrant for the Annual Town Meeting.

Certificates were filed with the Town Clerk by the Chairmen and Clerks of Precincts 1 and 14 relative to meetings held on March 27, and of the elections to fill town meeting vacancies until the next annual election, as follows:

Precinct 1 - Vincent A. Natale, Jr., 71 Trowbridge Street, to fill the vacancy created by the resignation of Robert Hauser, Jr., whose term was to expire in 1968, and

Precinct 14 - Edward J. Palmer, 11 Golden Avenue, to fill the vacancy created by the resignation of Charles N. Brennecke, whose term was to expire in 1968.

Lists of the duly qualified town meeting members were used at the entrances to the meeting place and were in the charge of Mary A. Farrington and Charlotte E. Emerson. The lists contained the names of two hundred thirty-nine (239) elected town meeting members and seven (7) town meeting members at large qualified to participate in and vote in town meetings in Arlington.

The check lists filed with the Town Clerk at the close of the meeting by the checkers showed that two hundred fifteen (215) elected town meeting members and seven (7) town meeting members at large (90.2% of total 246) attended the meeting.

The Moderator, Lawrence E. Corcoran, declaring a quorum present, called the meeting to order at 8:04 o'clock P. M.

The meeting opened with the singing of the "Star Spangled Banner" by the Assembly, accompanied by Mr. Anton Kovar, pianist and Mr. Gabriel Gouveia, Trumpeter, both of the School Department.

The invocation was given by Reverend Lewis W. Williamson, Pastor of the Trinity Baptist Church.

The Town Meeting Members not previously sworn were thereupon sworn by the Moderator.

There being no objection to the request of Arthur D. Saul, Jr., Chairman of the Board of Selectmen, permission was granted by general consent for Messrs. Bankart and Kass of the Conservation Commission to sit within the Town Meeting enclosure.

On motion of Selectman Saul, duly seconded, it was

VOTED: That if all the business of the meeting as set forth in the Warrant is not disposed of at this session, when the meeting adjourns, it adjourn to Wednesday evening, March 29, 1967, at 8:00 o'clock.

The Moderator declared Article 57 to be the first item of business before the meeting.

Article 57. (Re: Certain Land on Mount Gilboa - Conservation Commission.)

VOTED: (Roll Call Vote, 145 in the affirmative and 67 in the negative) (1) That the Board of Selectmen be and hereby is authorized and empowered on behalf of the Town to purchase or take in fee by eminent domain or otherwise acquire for

Conservation purposes, the parcel or parcels of land hereinafter described any portion thereof, any interest or easements therein and any rights or easements of way or otherwise as an appurtenant thereto, and subject to or with any reservation of any rights or easements therein; and that for this purpose the sum of forty-two thousand five hundred (\$42,500) dollars be and hereby is appropriated; one thousand five hundred (\$1,500.) dollars of which is to be raised by general tax, and for the balance, forty-one thousand (\$41,000.) dollars, the Treasurer, with the approval of the Board of Selectmen, be and hereby is authorized to borrow the said sum of forty-one thousand (\$41,000.) dollars and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws and all Acts in addition thereto or amendment thereof, so that the whole loan shall be paid in not more than twenty (20) years from the date of the issue of the first bond or note or at such earlier date as the Treasurer and Selectmen may determine.

(2) That said land shall be under the jurisdiction and control of the Arlington Conservation Commission for the purposes of conservation as stated in Section 8C of Chapter 40 of the General Laws; that said Commission be and hereby is authorized and directed to apply to the Department of Natural Resources of the Commonwealth of Massachusetts for reimbursement under Section II of Chapter 132A of the General Laws, and to any other state or federal agency for such grants or reimbursements as may be, or become available; and that said Commission be and hereby is authorized to enter into such agreements therefor on behalf of the Town as may be necessary.

The said land is more particularly described as follows:

A. "Beginning at a point on the westerly sideline of Orient Avenue 120 ft. southerly from Washington Avenue, thence southerly on said westerly sideline of Orient Avenue by Lots 2, 3, 4, part 5, 6 and part 5, and Lot 7, a distance of 242 ft. more or less to a point at the northwesterly sideline of Summit Street; thence southeasterly by Lot 7 a distance of 165.5 ft. more or less, to an angle point, thence northerly on the westerly boundary line of Lots 7, 6 and part 5, 4, 3 and 2, a distance of 312 ft., more or less, to an angle point, thence easterly on the northerly boundary line of Lot 2, a distance of 150.0 ft. to the point of beginning and containing approximately 41,550 sq. ft. and as shown on Block Plan #84 on file in the office of the Town Engineer, Arlington, Mass."

B. "Beginning at a point on the easterly sideline of Madison Avenue, said point being 120 ft. southerly of Washington Avenue, thence easterly by Lot 15, a distance of 150 ft. to an angle point; thence southerly on the easterly boundary line of Lots 15, 14, 13, 12, 11, 10, 9 and 8, a distance of 312 ft. to an angle point, thence southwesterly on the southeasterly boundary line of Lot 8, a distance of 162 ft., more or less, to the easterly sideline of Madison Avenue, thence northerly on said easterly sideline of Madison Avenue, a distance of 352 ft., more or less, to the point of beginning", and containing approximately 48,300 sq. ft. and as shown on Block Plan #84 on file in the office of the Town Engineer, Arlington, Mass.

C. "Beginning at the point of intersection of the westerly sideline of Orient Avenue and the northwesterly sideline of Summit Street, thence southwesterly on said northwesterly sideline of Summit Street, a distance of 450 ft., more or less, to a point, thence northwesterly by land now or formerly of Smith, a distance of 160.75 ft. to an angle point, thence northeasterly, a distance of 82 ft. to an angle point at the end of Madison Avenue, thence northwesterly by the end of Madison Avenue and Lot 8, a distance of 182 ft., more or less, to an angle point thence northeasterly by Lot 7, a distance of 165.5 feet, more or less, to the point of beginning and containing approximately 57,744 square feet and as shown on Block Plan #84 on file in the office of the Town Engineer, Arlington, Mass."

D. "Beginning at a point on the northwesterly sideline of Alpine Street at the northeasterly boundary line of property numbered 20 Alpine Street thence southwesterly by Lot part 11, 10 and part 11, 9, 8, 7 and part of 6, a distance of 340 feet, more or less, to an angle point, thence northwesterly through said land now

or formerly of Smith, a distance of 175 feet, more or less, to a point on the southerly boundary line of Lot 8, thence northeasterly by said Lot 8 to the end of Hill Avenue and land of owners unknown, a distance of 367 feet, more or less, to an angle point, thence southeasterly a distance of 160.75 feet to a point on the northwesterly sideline of Alpine Street, thence southwesterly on said northwesterly sideline of Alpine Street, a distance of 12 feet, more or less, to a point of beginning and containing approximately 64,800 square feet and as shown on Block Plan #84 on file in the office of the Town Engineer, Arlington, Mass."

E. "Beginning at the point of intersection of the southeasterly sideline of Park Place and the northeasterly sideline of Hill Avenue, thence southeasterly on said northeasterly sideline of Hill Avenue, a distance of 128.83 ft. to a point of curve, thence southeasterly on said northeasterly sideline of Hill Avenue on a curve to the left with a radius of 150.14 ft., a distance of 114.52 ft. to a point of tangency; thence southeasterly on said northeasterly sideline of Hill Avenue, a distance of 264.0 ft. to an angle point at land now or formerly of Smith, thence southwesterly across said Hill Avenue and by Lot 8, a distance of 195.10 ft., more or less to an angle point, thence northwesterly by Lot 8, 7, 6, 5 and 4, a distance of 257.69 ft. to an angle point; thence northwesterly by Lot 4, 3, 2 and 1, a distance of 319.61 ft. to the southeasterly sideline of Park Place, thence northeasterly by said southeasterly sideline of Park Place, a distance of 160.25 ft., more or less, to the point of beginning", and as shown on a Plan on file in the office of the Town Clerk, Arlington, Mass., dated November 8, 1965 and made by Cleverdon, Varney & Pike, 120 Tremont Street, Boston, Mass.

There being no further business under Article 57, the Moderator declared it disposed of.

Article 58. (Re: Certain Land in Vicinity of Highland Fire Station - Conservation Commission.)

On the motion of George J. Remmert, Chairman of the Finance Committee, duly seconded, it was

VOTED: That Article 58 be laid on the table.

Article 59. (Appropriation for Conservation Commission.)

VOTED: That the sum of two thousand five hundred (\$2,500.) dollars be and hereby is appropriated to be expended under the direction of the Conservation Commission for the promotion and development and better utilization of the natural resources of the Town; said sum to be raised by general tax.

There being no further business under Article 58, the Moderator declared it disposed of.

Article 60. (Playground - Fowles Pond.)

A substitute motion offered by William B. Manning, town meeting member from Precinct 11, duly seconded, was declared by the Moderator to have carried on a voice vote. Thereupon, on the motion of the Finance Committee as substituted, it was

VOTED: That the sum of fifty thousand (\$50,000) dollars be and hereby is appropriated for the development of a playground, including the construction of a Little League Field, Pop Warner Gridiron, two tennis courts, a basketball court, and a small tot area; said playground to be developed on land owned by the Town and known as the Fowles Pond area; said sum to be raised by general tax and expended under the direction of the Town Manager.

There being no further business under Article 60, the Moderator declared it disposed of.

Article 61. (Arlington Historical Committee.)

VOTED: That the sum of two thousand five hundred dollars (\$2,500.00) be and hereby is appropriated to be expended at the discretion of the Arlington Historical Committee for the purpose of promoting an appreciation of Arlington's unique and singular contributions to our national heritage, and to restore and replace certain plaques of such for posterity; said sum to be raised by general tax.

There being no further business under Article 61, the Moderator declared it disposed of.

Article 62. (Transfer of Cemetery Funds.)

VOTED: (Unanimously) That the sum of eight thousand dollars (\$8,000.00) be and hereby is transferred from Mount Pleasant Cemetery Sale of Lots and Graves Fund to the Cemetery Commissioners for the improvement of the town cemeteries.

There being no further business under Article 62, the Moderator declared it disposed of.

Article 63. (Transfer of Cemetery Funds.)

VOTED: (Unanimously) That the sum of five hundred dollars (\$500.00) be and hereby is transferred from the Mount Pleasant Cemetery Sale of Lots and Graves Fund to the Cemetery Commissioners for the Purchase of Burial Rights.

There being no further business under Article 63, the Moderator declared it disposed of.

Article 64. (Furnishings and Equipment - East Arlington Branch Library.)

VOTED: (Unanimously) That the sum of thirty one thousand dollars (\$31,000.00) be and hereby is appropriated to provide furnishings and equipment for the proposed addition to the East Arlington Branch of the Robbins Library; said sum to be raised as follows: nineteen thousand dollars (\$19,000.00) to be raised by general tax and the balance of twelve thousand dollars (\$12,000.00) to be taken from the State Aid to Libraries Fund; and expended under the direction of the Town Manager.

There being no further business under Article 64, the Moderator declared it disposed of.

Article 65. (Arlington Post 1775, Veterans of Foreign Wars of the United States, Inc.)

A substitute motion offered by Edward J. Mulcahy, town meeting member from Precinct 14, duly seconded, was declared lost on a standing vote, 83 in the affirmative and 112 in the negative. On the original motion of the Finance Committee, it was

VOTED: That no action be taken under Article 65 of the Warrant.

There being no further business under Article 65, the Moderator declared it disposed of.

Article 66. (Name - Little League Field.)

VOTED: That the Little League Field at Linwood Street be named "James J. Scannell Field."

There being no further business under Article 66, the Moderator declared it disposed of.

Article 67. (Re: Sale of Land on Mystic Street to Arlington Housing Authority.)

VOTED: (Standing Vote 201 in the affirmative and 13 in the negative) That the Board of Selectmen be and hereby is authorized and directed on behalf of the Town to sell and convey to the Arlington Housing Authority for the sum of one dollar (\$1.00) the parcel of land hereinafter described, for the use of said Housing Authority to erect a building or buildings thereon for housing aged citizens of Arlington.

Said parcel of land is bounded and described as follows:

"On the southeast by Mystic Street a distance of 187.47 ft.; on the southwest by land of the Arlington National Bank, 320 ft. more or less; on the northwest by Russell Terrace 51 ft.; on the northeast by Winslow Street, two courses of 219.2 ft. and 128 ft. more or less, and on the east by Winslow Street, with a curve with a radius of 20 ft. and a length of 34 ft. and containing 43,800 sq. ft.

There being no further business under Article 67, the Moderator declared it disposed of.

Article 68. AMENDMENT OF ZONING BY-LAW (Definitions)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report of the Planning Board under Article 68 be received.

Thereupon, on the motion of Mr. Leone for the Planning Board, duly seconded, it was

VOTED: (Unanimously) That the Town amend its Zoning By-Law by striking out the definitions "Gross Habitable Floor Area" and "Story" within Section 6 and inserting in place thereof the following new definitions:

"Gross Habitable Floor Area": The sum, in square feet, of the gross horizontal areas of all the floors of a building, including basements, as measured from the exterior faces of the exterior walls, or center lines of walls separating two buildings, including:

- (a) elevator shafts and stairwells on each floor;
- (b) attic space, whether finished or unfinished, except as hereafter excluded;
- (c) interior mezzanines, and penthouses; and
- (d) basement and cellar areas not devoted exclusively to uses accessory to the operation of the building;

but excluding

- (a) areas used for parking garages, accessory parking, or off-street loading purposes;
- (b) basement and cellar areas devoted exclusively to uses accessory to the operation of the building;
- (c) open or lattice enclosed exterior fire escapes; and
- (d) attic space and other areas for elevator machinery or mechanical equipment accessory to the building
- (e) roofed or enclosed porches and balconies.

"Story or floor": That part of a building between any floor and the floor or roof next above. For the purpose of this By-Law, where a building is not divided into stories, a story shall be considered fifteen feet in height, provided that steeples, penthouses, cupolas, stage lofts, etc., shall not be considered as additional stories.

There being no further business under Article 68, the Moderator declared it disposed of.

Article 69. AMENDMENT OF ZONING BY-LAW (Definition)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report of the Planning Board under Article 69 be received.

Thereupon, on the motion of Mr. Leone for the Planning Board, duly seconded, it was

VOTED: (Unanimously) That the Town amend its Zoning By-Law by striking out the definition "Landscaping and Recreation Area" within Section 6 and inserting in place thereof the following new definition:

"Landscaping and Recreation Area" - the part or parts of a lot developed and permanently maintained in grass or other plant materials or appropriately designed for outdoor recreational use by the occupants of the lot, which space is open to the sky and is free of automotive traffic and parking. No part or parts of a lot shall be considered to satisfy the requirement of this By-Law for Landscaping and Recreation Area unless the following conditions apply:

- (a) at least 75 percent of the area has a grade of less than 8 percent;
- (b) the width of such space shall average at least 35 feet and in no case shall be less than 25 feet.

Article 70. AMENDMENT OF ZONING BY-LAW (Landscaping and Recreation Area)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report of the Planning Board under Article 70 be received.

Thereupon, on the motion of Mr. Leone for the Planning Board, duly seconded, it was

VOTED: (Standing Vote, 189 in the affirmative and 2 in the negative) That the Town will amend its Zoning By-Law by striking out Section 15-D and inserting in place thereof the following new Section 15-D, Landscaping and Recreation Area:

Landscaping and recreation area shall be required in the Residence C and C1 districts and shall equal at least 30% of the gross habitable floor area of the lot of the first three stories or partial stories and 20% of the gross habitable floor area of each story thereafter and the basement of each residential building containing three or more dwelling units erected after the date of adoption of this amendment. Balconies, whose areas shall rate as equal their actual areas for the purposes of this calculation may be used in satisfaction of not more than fifty percent of this requirement, provided each one is directly accessible through a door to the apartment to which it is accredited. Such balcony shall be for the exclusive use of one apartment opening directly onto it; it shall have no side of less than six feet, and it shall be safeguarded by a permanent railing or its equivalent. It may be covered, but it shall not have building walls around more than half its perimeter.

A planting strip not less than five feet in width shall surround each residential building containing three or more dwelling units erected in the Residence C and C-1 districts after the date of adoption of this amendment.

In the Residence C and C-1 districts, any open parking facilities for five or more automobiles which may abut property used for residential purposes shall be enclosed by either a planting strip not less than five feet in width or a screening device such as an opaque fence or wall not less than five feet or more than six feet in height. Said fence or wall may extend to within fifteen feet of the street line.

If an open stream falls within the boundaries of a property, the minimum setback of any building therein, erected after the date of adoption of this amendment, shall be fifteen feet from the nearest embankment of the stream. In no case, however, shall any building be permitted within fifteen feet of the embankment of an open stream. The area, measured from the embankment may be used in the calculation of Landscaping and Recreation Area.

There being no further business under Article 70, the Moderator declared it disposed of.

On the motion of Russell T. Eckel, town meeting member from Precinct 8, duly seconded, it was

VOTED: That the meeting adjourn.

The meeting thereupon adjourned at 10:55 P.M. on Monday, March 27, 1967, until Wednesday, March 29, 1967, at 8:00 P.M.

A true record.

ATTEST:

Ann M. Powers
Town Clerk

ADJOURNED ANNUAL TOWN MEETING, MARCH 29, 1967

Pursuant to the vote of adjournment of March 27, 1967, and written notices sent by mail by the Town Clerk, the town meeting members met in the Town Hall on Wednesday evening, March 29, 1967, to act upon the remaining articles set forth in the Warrant for the Annual Town Meeting.

A certificate was filed with the Town Clerk by the Chairman and Clerk of Precinct 6, relative to a meeting held on March 29 and of the election of Francis R. Nitchie, Jr., 52 Hillsdale Road, to fill until the next annual election the town meeting vacancy created by the resignation of G. Wiley Mitchell, whose term was to expire in 1969.

Lists of the duly qualified town meeting members were used at the entrances to the meeting place and were in the charge of Mary A. Farrington and Charlotte E. Emerson. The lists contained the names of two hundred forty (240) elected town meeting members and seven (7) town meeting members at large qualified to participate in and vote in the town meetings in Arlington.

The checklists filed with the Town Clerk at the close of the meeting by the checkers showed that one hundred ninety-nine (199) elected town meeting members and seven (7) town meeting members at large (83.4% of total - 247) attended the meeting.

The Moderator, Lawrence E. Corcoran, declaring a quorum present, called the meeting to order at 8:04 o'clock P.M.

The meeting was opened with the singing of the "Star Spangled Banner" by the assembly, accompanied by Mr. Anton Kovar, pianist, of the School Department.

The invocation was given by Reverend Wilbur D. Canaday, Jr., Pastor of the Park Avenue Congregational Church.

A town meeting member who had not been previously sworn was thereupon sworn by the Moderator.

At this point at the request of John J. Bilafer, Vice Chairman of the Board of Selectmen, a moment of silence was observed in memory of the late Chester Whitman, father-in-law of Arthur D. Saul, Jr., Chairman of the Board of Selectmen, and a member of the Arlington Historical Committee who worked hard to preserve Arlington's historical heritage.

On the motion of Selectman Bilafer, duly seconded, it was

VOTED: That if all the business of the meeting as set forth in the Warrant is not disposed of at this session when the meeting adjourns, it adjourn to Monday evening, April 3, 1967, at 8:00 o'clock.

On the motion of George J. Remmert, Chairman of the Finance Committee, duly seconded, it was

VOTED: That Article 25 be taken from the table.

Article 25. (Town Departmental Outlays and Expenses)

By consent of the meeting, the motion of the Finance Committee under Budget Item No. 8 as appearing in its printed report was considered withdrawn, and on the new motion of George J. Remmert, Chairman of the Finance Committee, it was

VOTED:

8.	Town Treasurer and Collector of Taxes

V, VI, VII, VIII, IX, X, XI as per Sheet I

There being no further business under Article 25, the Moderator declared it disposed of.

The Moderator then declared Article 71 to be before the meeting.

Article 71. AMENDMENT OF ZONING BY-LAW (Prosecution and Penalty)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report of the Planning Board under Article 71 be received.

Thereupon, on the motion of Mr. Leone for the Planning Board, duly seconded, it was

VOTED: (Standing Vote, 163 in the affirmative and 4 in the negative) That the Town amend its Zoning By-Law by inserting after Section 24 the following new Section 25, Prosecution and Penalty:

Whoever violates any provision of this by-law, any of the conditions under which a permit is issued, or any decision of the Board of Appeals, may be fined not more than fifty dollars for each offense. Each day that such violation continues shall constitute a separate offense.

There being no further business under Article 71, the Moderator declared it disposed of.

On the motion of David A. Leone, Chairman of the Planning Board, duly seconded, it was

VOTED: That Article 72 be tabled.

Article 73. AMENDMENT OF ZONING BY-LAW MAP (Area in vicinity of Locke Street)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report of the Planning Board under Article 73 be received.

Thereupon, on the motion of Mr. Leone for the Planning Board, duly seconded, it was

VOTED: (Unanimously) That the Town amend its Zoning By-Law by altering the Zoning Map therein so as to include in the Residence B District the area now included in the Business A District, the Residence C District and the Industrial District, bounded and described as follows:

Beginning at the point of intersection of the centerline of Lowell Street and the centerline of Mill Lane, thence northerly on said centerline of Mill Lane a distance of about 107 ft. to an angle point, thence southeasterly across Mill Lane and by the rear or northeasterly boundary line of Lots B and A a distance of about 105 ft., thence northerly by the Industrial District to the southwesterly boundary line of the Residence B District and the centerline of Peirce Street extended, thence southeasterly by said centerline and the extension thereof of Peirce Street to the centerline of Clark Street, thence southwesterly by said centerline of Clark Street a distance of about 140 ft. to an angle point, thence northwesterly across said Clark Street and by the rear boundary line of the premises numbered 1-3A Lowell Street a distance of about 65.3 ft. to an angle point, thence southwesterly on the division line between no. 3A and no. 5 Lowell Street a distance of 109.7 ft. to the centerline of Lowell Street, thence northwesterly on said centerline of Lowell Street to the point of beginning.

There being no further business under Article 73, the Moderator declared it disposed of.

Article 74. AMENDMENT OF ZONING BY-LAW MAP (Area in vicinity of Paul Revere Road)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report of the Planning Board under Article 74 be received.

Thereupon, the motion of Mr. Leone for the Planning Board, which was duly seconded, was declared lost by the Moderator on a voice vote.

There being no further business under Article 74, the Moderator declared it disposed of.

A motion by Grace C. Kelly, town meeting member from Precinct 11, duly seconded, to take Article 58 from the table was declared lost by the Moderator on a voice vote.

On the motion of David A. Leone, Chairman of the Planning Board, duly seconded, it was

VOTED: That Article 75 be tabled.

Article 76. AMENDMENT OF ZONING BY-LAW (Residence F District)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report of the Planning Board under Article 76 be received.

Thereupon, on the motion of Mr. Leone for the Planning Board, duly seconded, it was

VOTED: (Standing Vote, 144 in the affirmative and 29 in the negative) That the Town amend its Zoning By-Law by including therein a new Residence F district and the following new sections:

Section 15-2.1: Use regulations

In the Residence F district no new building or part thereof shall be constructed or used and no existing building or part thereof shall be altered, enlarged, re-constructed or used and no land shall be used for:

- (a) any industry, trade, manufacturing or commercial purpose;
- (b) any purpose except one or more of the following:
 1. Any use which is permitted in the Residence B district
 2. Apartment house
 3. Such accessory purposes which are customary or usual in connection with the foregoing purposes and are incidental thereto, including a private garage.

Section 15-2.2: Parking spaces

In the Residence F district, automobile parking spaces shall be required off-street and on land associated with and adjacent to each residential structure containing three or more dwelling units erected after the date of adoption of this amendment. Such accessible and usable spaces, plus spaces for entrances, exits and driveways, in said off-street parking area shall be provided at a ratio of at least one parking berth per dwelling unit, except low income, multi-family housing for the elderly built under state or federal public housing programs. For such public housing projects, one space for each five dwelling units shall be provided.

Such off-street parking spaces shall not be within 15 feet of any street line, nor in the front yard of any building unless within an underground or basement garage not opening directly onto the frontage street. All parking facilities so provided are to be for the exclusive use of residents of the property and their guests. Provided the above standards are met, parking may be permitted within the interior of a building used for residential purposes, or on the ground floor within the building line exposed otherwise to the elements, or in an open area. Parking or driveways shall be located at least fifteen feet from the line of embankment of an open stream.

Within the Residence F district a buffer strip at least five feet in width shall be provided between any driveways or parking areas associated with any residential structure containing three or more dwelling units erected after the date of adoption of this amendment and any abutting residential property line. Said buffer strip

shall be properly planted and shall be provided with opaque fences for bisual protection of abutting residential properties. The aforesaid fences shall not be less than five feet or more than six feet in height. Provided they meet the height requirements of fences, as set forth in this paragraph, suitable dense shrubbery may be used in lieu thereof.

Section 15-2.3: Landscaping and Recreation Area

Landscaping and Recreation Area shall be required in the Residence F district for all buildings containing three or more dwelling units.

Buildings containing three or more dwelling units and not exceeding 75 feet in height shall conform to the Landscaping and Recreation Area requirements of the Residence C-1 district, as set forth in Section 15-D of the Zoning By-Law.

Buildings containing three or more dwelling units and exceeding 75 feet in height shall be provided with Landscaping and Recreation Area equal at least to fifteen percent of the gross habitable floor area of all floors including the basement.

Balconies, whose areas shall rate as equal their areas for the purposes of calculating Landscaping and Recreation Area may be used in satisfaction of not more than fifty percent of this requirement, provided that each one is directly accessible through a door to the apartment to which it is accredited. Such balcony shall be for the exclusive use of one apartment opening directly onto it; it shall have no side of less than six feet, and it shall be safeguarded by a permanent railing or its equivalent. It may be covered, but it shall not have building walls around more than half its perimeter.

Section 15-2.4: Height and Area Regulations

Single and two family houses or duplex houses erected in the Residence F district after the date of adoption of this amendment shall be required to conform to the minimum lot area and yard requirements of the Residence B district.

Single and two family or duplex houses erected in the Residence F district after the date of adoption of this amendment shall be required to conform to the minimum building area requirements of the Residence B district.

In the Residence F district, apartment buildings may not exceed one hundred and ten feet in height and one hundred and twenty five feet in length.

Apartment buildings 75 feet in height or less shall conform to the height and area regulations of the Residence C-1 district.

Apartment buildings exceeding 75 feet in height shall conform to the following requirements:

- a. front yard or set-back, measured from the front property line: $(H+L)/6$; minimum depth of 15 feet;
- b. Side yards: There shall be two side yards, each of dimension $(H+L)/6$; and a minimum of 20 feet;
- c. rear yard: $(H+L)/6$ and a minimum depth of 40 feet; where H means the height of the building in feet, and L means the length of wall in feet measured parallel to the corresponding lot line or street.

The floor area ratio of apartments in the Residence F district shall not exceed 3.0, for all buildings erected in this district after the date of adoption of this amendment.

Buildings erected in the Residence F district after the date of adoption of this amendment shall be located at least fifteen feet from the line of embankment of an open stream.

There being no further business under Article 76, the Moderator declared it disposed of.

Article 77. AMENDMENT OF ZONING BY-LAW MAP (Area in vicinity of Winslow Street)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report of the Planning Board under Article 77 be received.

Thereupon, on the motion of Mr. Leone for the Planning Board, duly seconded, it was

VOTED: (Standing Vote, 135 in the affirmative and 29 in the negative) That the Town amend its Zoning By-Law by altering the Zoning Map therein so as to include in the Residence F district the area now included in the Industrial District, bounded and described as follows:

The land, owned by the Town, adjacent to Winslow Street is bounded and described as follows:

"On the southeast by Mystic Street a distance of 187.47 ft; on the southwest by land of the Arlington National Bank, 320 ft. more or less; on the northwest by Russell Terrace 51 ft; on the northeast by Winslow Street, two courses of 219.2 ft. and 128 ft. more or less, and on the east by Winslow Street, with a curve with a radius of 20 ft. and a length of 34 ft. and containing 43,800 sq. ft. more or less."

There being no further business under Article 77, the Moderator declared it disposed of.

On the motion of George J. Remmert, Chairman of the Finance Committee, duly seconded, it was

VOTED: That Article 28 be taken from the table.

Article 28. (Pedestrian Light - Housing for the Aged.)

By consent of the meeting, the motion of the Finance Committee as appearing in its printed report was considered withdrawn, and on the new motion of George J. Remmert, Chairman of the Finance Committee, it was

VOTED: That the Town designate the way named Chestnut Street, from Mystic Street to Medford Street, as a "Throughway", subject to the approval of the Massachusetts Department of Public Works, as provided by Section 9 of Chapter 89 of the General Laws, as amended, and that the sum of fifteen thousand (\$15,000.00) dollars be and hereby is appropriated to place a pedestrian cross light on Medford Street between the Housing for the Aged and St. Agnes Convent, including all street reconstruction, alterations, and resurfacing work on Warren and Medford Streets necessary for the placement of said pedestrian cross light in this location; said sum to be raised by general tax and expended under the direction of the Town Manager.

There being no further business under Article 28, the Moderator declared it disposed of.

On the motion of Harry P. McCabe, town meeting member from Precinct 13, duly seconded, it was

VCTED: That Article 84 be taken up.

Article 84. (Council on Aging.)

VOTED: That the sum of two thousand dollars (\$2,000.00) be and hereby is appropriated for the use of the agency known as the Council on Aging, as provided for by Article 17 of the Town By-Laws, for the purposes of coordinating and carrying out

programs designed to meet the problems of the aging in the Town in coordination with programs of the Commission on Aging established under Section 73 of Chapter 6 of the General Laws of Massachusetts, and advising and assisting other agencies concerned with such matters; said sum to be raised by general tax and expended under the direction of the Town Manager.

There being no further business under Article 84, the Moderator declared it disposed of.

On the motion of John R. Curran, town meeting member from Precinct 12, duly seconded, it was

VOTED: That the meeting adjourn.

The meeting thereupon adjourned at 11:34 P.M. on Wednesday, March 29, 1967, until 8:00 o'clock P.M. on Monday, April 3, 1967.

A true record.

ATTEST:

Ann M. Powers
Town Clerk

ADJOURNED ANNUAL TOWN MEETING, APRIL 3, 1967

Pursuant to the vote of adjournment of March 29, 1967, and written notices sent by mail by the Town Clerk, the town meeting members met in the Town Hall on Monday evening April 3, 1967, to act upon the remaining articles set forth in the Warrant for the Annual Town Meeting.

Lists of the duly qualified town meeting members were used at the entrances to the meeting place and were in the charge of Mary A. Farrington and Charlotte E. Emerson. The lists contained the names of two hundred forty (240) elected town meeting members and seven (7) town meeting members at large qualified to participate in and vote in town meetings in Arlington.

The check lists filed with the Town Clerk at the close of the meeting by the checkers showed that two hundred one (201) town meeting members and six (6) town meeting members at large (83.8% of total 247) attended the meeting.

The Moderator, Lawrence E. Corcoran, declaring a quorum present, called the meeting to order at 8:08 P.M.

The meeting was opened with the singing of "The Star Spangled Banner" by the assembly accompanied by Mr. Anton Kovar, pianist, and Gabriel Gouveia, trumpeter, both of the School Department.

The invocation was given by Reverend Philip J. DesRosier, Curate of Saint James Church.

On motion of Arthur D. Saul, Jr., Chairman of the Board of Selectmen, duly made and seconded, it was

VOTED: That if all the business of the meeting as set forth in the Warrant is not disposed of at this session, when the meeting adjourns, it adjourn to Thursday evening, April 6, 1967.

On the motion of George J. Remmert, Chairman of the Finance Committee, duly seconded, it was

VOTED: That Article 58 be removed from the table.

Article 58. (Re: Certain Land abutting Mill Brook - Conservation Commission)

A substitute motion offered by Grace C. Kelly, town meeting member from Precinct 11, duly seconded, was declared lost by the Moderator on a voice vote. Thereupon, the original motion of the Finance Committee was declared lost on a voice vote.

There being no further business under Article 58, the Moderator declared it disposed of.

On the motion of David A. Leone, Chairman of the Planning Board, duly seconded, it was

VOTED: That Article 72 be taken from the table.

Article 72. AMENDMENT OF ZONING BY-LAW (Definition)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report of the Planning Board under Article 72 be received.

Thereupon, on the motion of Mr. Leone for the Planning Board, duly seconded, it was

VOTED: (Unanimously) That the Town amend its Zoning By-Law by including in Section 6, Definitions, the following new definition:

Floor area ratio: The ratio of the gross habitable floor area of a structure to the total area of the lot.

There being no further business under Article 72, the Moderator declared it disposed of.

Article 75. AMENDMENT OF ZONING BY-LAW (Establishment of Districts)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report of the Planning Board under Article 75 be received.

Thereupon, on the motion of Mr. Leone for the Planning Board, duly seconded, it was

VOTED: (Unanimously) That the Town amend its Zoning By-Law by striking out the first paragraph of Section 1, Establishment of Districts, and inserting in place thereof the following:

For the purposes of this By-Law, the Town of Arlington is hereby divided into districts of eleven classes to be known as:

1. Residence A Districts
2. Residence B Districts
3. Residence C Districts
4. Residence C-1 Districts
5. Residence D Districts
6. Residence E Districts
7. Residence F Districts
8. Business A Districts
9. Business B Districts
10. Business C Districts
11. Industrial Districts

There being no further business under Article 75, the Moderator declared it disposed of.

Article 78. (Amendment of Zoning By-Law Map - Area in vicinity of Winslow Street)

On the motion of David A. Leone, Chairman of the Planning Board, duly seconded, it was

VOTED: That Article 78 be withdrawn from the Warrant.

There being no further business under Article 78, the Moderator declared it disposed of.

Article 79. (Landscaping - Mystic Street)

By consent of the meeting, the motion of the Finance Committee under Article 79 as appearing in its printed report was considered withdrawn and on the new motion of George J. Remmert, Chairman of the Finance Committee, it was

VOTED: (Standing Vote 119 in the affirmative, and 82 in the negative) That the sum of nine thousand eight hundred fifty three dollars (\$9,853.00) be and hereby is

appropriated for the landscaping and improvement of Town properties, including (1) the property generally situated at the northwest corner of Massachusetts Avenue and the relocated Mystic Street, bounded northerly by the Boston & Maine Railroad right-of-way, easterly by the relocated Mystic Street, southerly by Massachusetts Avenue, and westerly by the property line separating Town property and property of the Arlington National Bank;

(2) the properties generally situated at the northeast corner of Massachusetts Avenue and the relocated Mystic Street, including (a) the triangularly shaped area bounded northerly and easterly by the Boston & Maine Railroad right-of-way, southerly by Massachusetts Avenue, and westerly by the relocated Mystic Street and (b) the triangularly shaped area bounded northerly and easterly by an access road, southerly by the Boston & Maine Railroad right-of-way, and westerly by the relocated Mystic Street; said sum to be raised by general tax and expended under the direction of the Town Manager.

There being no further business under Article 79, the Moderator declared it disposed of.

Article 80. AMENDMENT OF ZONING BY-LAW MAP (Area in vicinity of Massachusetts Avenue between Churchill Avenue and Newman Way)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report be received.

Thereupon, on the motion of Mr. Leone for the Planning Board, duly seconded, it was

VOTED: (Unanimously) That the Town amend its Zoning By-Law by altering the Zoning Map therein referred to so as to include in the Business C. District the area now included in the Residence C-1 District, and bounded and described as follows:

NORTHEASTERLY	by Massachusetts Avenue, 274.83 feet;
EASTERLY	by a curved line forming the intersection of said Massachusetts Avenue and Newman Way, 49.95 feet;
SOUTHEASTERLY	by said Newman Way, 145.14 feet;
SOUTHWESTERLY	by Lot 119 & Pt 118 and Lot 120, as shown on a plan hereinafter mentioned, 273.98 feet;
NORTHWESTERLY	by Churchill Avenue, 145 feet; and
NORTHERLY	by a curved line forming the intersection of said Massachusetts Avenue and Churchill Avenue, 39.27 feet.

Containing 51,378 square feet of land, according to said plan.

Being shown as Lots A and B on a plan entitled, "Sub-Division of Land in Arlington, Mass." dated Oct. 1961, by Jos. J. Sullivan, Surveyor, recorded with the Middlesex South District Registry of Deeds in Book 10, 166, Page 396.

There being no further business under Article 80, the Moderator declared it disposed of.

Article 81. AMENDMENT OF ZONING BY-LAW MAP (Area in vicinity of Russell Terrace)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report be received.

Thereupon, on the motion of Mr. Leone for the Planning Board, duly seconded, it was

VOTED: (Unanimously) That the Town amend its Zoning By-Law by altering the Zoning Map therein referred to so as to include in the Business A District the area now included in the Residence B District, and bounded and described as follows:

SOUTHEASTERLY by Russell Terrace, 21.83 feet;
 SOUTHWESTERLY by the remaining portion of the lot by a line dividing the present Residence B District from the present Business A District;
 NORTHWESTERLY by land of owners unknown, 6.70 feet; and
 NORTHEASTERLY by land now or formerly of Chester B. Trump, et ux, 137.71 feet.

Said premises are shown on a plan drawn by Fred R. Joyce, Surveyor, dated December 19, 1966.

There being no further business under Article 81, the Moderator declared it disposed of.

Article 82. AMENDMENT OF ZONING BY-LAW MAP (Area in vicinity of Decatur Street)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report be received.

Thereupon, on the motion of Mr. Leone for the Planning Board, duly seconded, it was

VOTED: (Unanimously) That the Town amend its Zoning By-Law by altering the Zoning Map therein referred to so as to include in the Residence E District the area now included in the Residence B District, and bounded and described as follows:

NORTHEASTERLY by Decatur Street, 54.25 feet;
 SOUTHEASTERLY by lot B and by lot Pts. 22, 23 and 24 as shown on a plan hereinafter mentioned, 422.77 feet;
 SOUTHWESTERLY by land of the Arlington Housing Authority, 50 feet; and
 NORTHWESTERLY by lots 3, 4 and 10 as shown on said plan, and by Gordon Road, 401.57 feet, more or less.
 Containing 20,612 square feet of land.
 Being shown as lot 25 on Block Plan 36 of the Arlington Assessors' Plans.

There being no further business under Article 82, the Moderator declared it disposed of.

Article 83. AMENDMENT OF ZONING BY-LAW MAP (Area in vicinity of Marathon Street)

Chairman David A. Leone reported for the Planning Board, and on his motion, duly seconded, it was

VOTED: That the report be received.

Thereupon, the motion of Mr. Leone for the Planning Board, duly seconded, was declared by the Moderator to have lost on a voice vote.

There being no further business under Article 83, the Moderator declared it disposed of.

Article 85. (Advertising - Town By-Laws.)

VOTED: (Unanimously) That the sum of one thousand two hundred fifty dollars (\$1,250.00) be and hereby is appropriated for the purpose of defraying the expense of advertising and other costs relating to the By-Laws voted at this meeting; said sum to be raised by general tax and expended under the direction of the Town Clerk.

There being no further business under Article 85, the Moderator declared it disposed of.

Article 86. (Ornamental Lighting - Christmas Holiday Season.)

VOTED: (Unanimously) That the sum of two thousand six hundred dollars (\$2,600.00) be and hereby is appropriated for the purpose of providing ornamental and additional light to the Town during the Christmas Holiday season; said sum to be raised by general tax and expended under the direction of the Town Manager.

There being no further business under Article 86, the Moderator declared it disposed of.

Article 87. (Veterans' Day Observance.)

VOTED: That the sum of one thousand eight hundred dollars (\$1,800.00) be and hereby is appropriated for the proper observance of Veterans' Day; said sum to be raised by general tax and expended under the direction of the Town Manager.

There being no further business under Article 87, the Moderator declared it disposed of.

Article 88. (Headquarters - Barracks No. 2701 of the Veterans of World War I of the U. S. A.)

VOTED: (Unanimously) That the sum of three hundred dollars (\$300.00) be and hereby is appropriated for the purpose of providing suitable headquarters for the Barracks No. 2701 of the Veterans of World War I of the U. S. A.; said sum to be raised by general tax and expended under the direction of the Town Manager.

There being no further business under Article 88, the Moderator declared it disposed of.

Article 89. (Addition to the Stabilization Fund.)

VOTED: That the sum of twenty five thousand six hundred thirty five dollars and forty eight cents (\$25,635.48) be and hereby is appropriated to be added to the Stabilization Fund created under Article 73 of the Warrant of 1958 Annual Town Meeting in accordance with provisions of Massachusetts General Laws (Ter. Ed.), Chapter 40, Section 5B, as amended; said sum to be taken from Unexpended Balances, Appropriation Accounts as follows:

School Construction-Florence Ave., Article 68, 1954.....	\$ 28.41
Reservoir Beach & Playground-Article 80, 1954.....	176.00
1962 Street Construction.....	998.00
1963 Street Construction.....	1,000.00

Acquisition of Land - Florence Ave. School - Article 67, 1954.	129.91
	<hr/>
	\$ 25,635.48

There being no further business under Article 89, the Moderator declared it disposed of.

Article 90. (Appropriation of Available Funds.)

VOTED: That the sum of five hundred fifty thousand dollars (\$550,000.00) voted for appropriations heretofore made under the Warrant for this meeting, and not to be borrowed or to be taken from available funds or from balances of special appropriations made in other years, shall be taken from any available funds in the Treasury; and that the Assessors be instructed to use free cash in the Treasury in any available funds to that amount in the determination of the 1967 tax rate.

On the motion of George J. Remmert, Chairman of the Finance Committee, duly seconded, it was

VOTED: That Article 3 be taken from the table.

There being no further business under Article 3, the Moderator declared it disposed of.

On the motion of George J. Remmert, Chairman of the Finance Committee, duly seconded, it was

VOTED: That the meeting adjourn.

The meeting thereupon adjourned at 10:26 P. M. on Monday, April 5, 1967.

A true record.

ATTEST:

Ann M. Powers
Town Clerk

Report of the Board of Selectmen

The Board of Selectmen herewith submits its Annual Report for the year ending December 31, 1967.

In accordance with annual custom the early part of the year was mainly devoted to drawing a Warrant and preparing generally for the forthcoming Town Meeting. Conferences were held with various Boards, Commissions, and Committees to discuss needs and appropriations for the coming year and to determine policies that would be beneficial to the Town's interests.

At the Annual Town Election Messrs. John J. Bilafer and Kevin P. Feeley were re-elected to office for three year terms. Following joint swearing-in ceremonies, which were recently adopted for re-elected and newly elected officials, the Selectmen at the first regular meeting held thereafter organized for the year by electing Mr. Arthur D. Saul, Jr. as Chairman and Mr. John J. Bilafer as Vice-Chairman.

One of the pressing problems of our times concerns the erection of reasonably priced rental housing units for elderly persons, who are living on fixed incomes. The Town, as are many other communities, is vitally interested in an adequate program for this purpose. Two such housing projects are already in existence having been constructed by the Arlington Housing Authority under the provisions of State financing. Certain allegations were being made about the superiority of Federal financing and since a third complex of this type was being contemplated, we felt we would be remiss in our duties unless all the aspects of this matter were thoroughly investigated. As a consequence, a joint meeting was arranged with the members of the Arlington Housing Authority and representatives of the Federal Housing and Urban Development Administration. At this meeting we learned, among other things, that although there were some advantages to the program under Federal financing, the application for eligibility was so involved and required the supplementation of Town services to such a degree that funds could not possibly be acquired for several years. In making a comparison between the two programs it was discovered that they were not too dissimilar and, since time was an important factor, the determination to proceed with an allotment of State funds received the general approval of both Boards. We did, however, feel that preparations should be made to establish the Town's eligibility for future Federal grants in various categories and, at this writing, a program for this purpose has been initiated and will be carried out to its ultimate conclusion.

On the weekend of February 11, 1967, a severe explosion occurred in the main Library when the furnace exploded wrecking a portion of the main reading room and causing extensive smoke damage to the remainder of the building. Fortunately it occurred during the night when the premises were unoccupied by either library personnel or by the general public. This important educational facility consequently had to be closed immediately until new heating could be installed and the required repairs and cleaning of the premises effected. An emergency meeting was called with the Finance Committee at which it was unanimously voted to make \$30,000.00 available for use by the Town Manager in restoring the building to its former beauty and usefulness as soon as possible. Because of the amount of money involved and the cost of the individual contracts to be awarded, the Law required that certain regulations be observed with respect to advertising and bidding which hindered the renovation of the Library to some degree. However,

despite these regulatory delays the work was finally accomplished at a cost of somewhat in excess of \$39,000.00, and the Library was reopened to students and the public alike on April 10, 1967, to the relief of all concerned, with most of the above expenditure to be recovered by reimbursement from Insurance Companies.

For the first time in municipal history the Town, because of legislation passed in 1965, must resort to collective bargaining with all its employees, for the purpose of agreeing on the amount of compensation they will receive for their services and what fringe benefits will be allowed. The implementation of this Law requires that bargaining be accomplished separately with employees in general government, employees in the Police Department, employees in the Fire Department and employees in the School Department, and that after an annual agreement is reached, a contract is executed by the Town with the particular group of employees involved. The Town Manager represents the Town in the first three categories and the School Committee bargains with School personnel. Employees on the other hand must vote for a particular group to represent them in this function and those groups who are affiliated with national unions are represented by the officers of these unions at the bargaining table. Others, of course, resort to the selection of a representative group of their fellow employees. Since this is the first year that this system has been in operation no definite conclusions can be drawn with respect to either its effectiveness or its impact on the economy of the community. Every effort will, however, be made to effect a fair and impartial agreement that is mutually acceptable before it is presented to the Town Meeting for ratification.

During the current year legislation was passed which provides that the Commonwealth of Massachusetts will take over the administration of Welfare from the cities and towns beginning July 1, 1968. Unfortunately when the Legislature passed this Law they failed to provide the funds that will be necessary to finance this program and, as this is being written, a tax bill is being debated at the State House to provide the funds in question. If funds are made available and the take-over is effected next year as planned, it will be reflected in the Town's future tax base, for although the Town does receive reimbursement under certain categories from the Federal and State Government, it still has to appropriate well over a half a million dollars annually which is, of course, reflected in the tax rate.

State legislation was also passed this year that provides for a cost of living increase to all pensioners who were retired from public service prior to 1965, with provisions to increase or decrease these pensions when the cost of living index either rose or fell 3% in any year after the year 1970. The effective date of this bill fell on July of this year and the annual cost to the Town for this increase in 1967 will amount to some \$25,000.00.

The controversial Dog Leash Law which became effective in 1966 has been implemented by the construction of a dog pound in the Public Works Yard on Grove Street, with room for ten dogs at any one time, the purchase of a vehicle to collect straying dogs, and the provision of added help so that this program is now in operation seven days a week. Formerly the Law required that the owner of each dog which was picked up by the Dog Officer, and upon whom a citation had been served, had to appear in Court to determine whether a penalty should be imposed and the amount of the fine, if any, to be assessed. This was time consuming particularly on the part of the Dog Officer who was obliged to appear in Court and who could not logically be in Court and on the job at the same time. A new section was appended to the Laws pertaining to the regulation of dogs, which became effective on September 25, 1967. This statute eliminates the requirement of man-

datory court action on each case by providing for non-criminal disposition of violations of this nature. Under this statute a complaint for violations of the Dog Leash Law is filed in the District Court by the Dog Officer in the customary manner. If the defendant admits guilt he will be required to accept the cited penalty that applies and need not appear in Court but may discharge this penalty by mailing the fine to the Clerk of Courts. If the complainant, however, pleads not guilty, regular court procedure will have to be invoked in the customary manner. The fines to be imposed are as follows in each calendar year. First offense the complaint is filed. Second offense carries a fine of two dollars. Third offense carries a fine of five dollars and the fourth and every subsequent offense carries a fine of ten dollars. This, we believe, will relieve the Dog Officer for a more efficient and thorough enforcement of the By-Law relating to the leashing of dogs.

Vandalism at schools and other Town properties has increased tremendously and the cost of repairs is now running into five figures annually. A program has been started with alarm systems that will permit the Police to apprehend violators almost instantaneously and it is hoped that this will curtail, if not eliminate entirely, this costly and unnecessary nuisance. A get-tough policy has been adopted in this respect and any violators who are apprehended in the act of committing vandalism can expect little leniency, but on the contrary will be prosecuted to the full extent of the Law.

Space does not permit us to record all our doings in detail while acting in our capacity as Selectmen but we have covered what we feel are matters of more than ordinary interest. Other matters that have been considered and resolved in one way or another include Mass Transportation, Traffic Control, procurement of a Town ambulance, a Teenage Drop-In program, MDC recreational facilities, State and Federal legislation, acting as hosts to the Middlesex County Selectmen's Association at their spring meeting, executing the annual contract for Blue Cross-Blue Shield coverage for employees, Control of Air Pollution, participation in Conservation matters, initiating the drive for funds by the Arlington Jaycees for an Uncle Sam statue, and a host of recurring routine assignments that go with the office.

In our capacity as a Board of Survey we were primarily engaged in resolving the controversy over the intention of the State Department of Public Works to fill in a portion of Spy Pond to effect a widening of the Concord Highway, known as Route 2. Some of the citizens in the area were of the opinion that the State Department of Public Works did not have the legal authority to fill a portion of Spy Pond for the purpose stated, and set out to prove their contention by taking the matter to a Court of Law. The case, after being heard in the lower court, wound up in the Supreme Court on an appeal and, subsequently, a decision was handed down supporting their contention and stopping the State Agency in question from depositing the fill as planned. If no further action was taken in favor of the filling in of the pond it meant that the lines of the roadway would have to be relocated and that, as a result, twenty-six more families would lose their homes. Meanwhile, a bill had been filed by the Governor of the Commonwealth, requesting the Legislature to enact a Law giving the State Department of Public Works the authority to fill a portion of Spy Pond as originally planned. Both proponents and opponents of this proposed legislation appealed to the Board for support and several hearings were held in order that all parties would have an opportunity to debate their contentions. Ultimately, the Board in considering the matter concluded that since it initially approved the lines of the highway that included the filling of a portion of Spy Pond, and since the Town had already lost some forty-one dwellings

by reason of this widening, we could find no justification for the destruction and the resulting tax loss on an additional twenty-six homes. Consequently, the Board unanimously supported the legislation filed by the Governor, which was passed by the Legislature and became law in July of this year, thus permitting the contractor to proceed on the original basis of his bid.

All routine construction programs were initiated and the usual departmental programs processed as a matter of course.

Several applications were received from concerns engaged in broadcasting television programs by the Cable Antenna method, each requesting an exclusive franchise to operate its facilities within the Town. Their service would be offered on a subscriber basis where each subscriber would have a cable from a tall master antenna brought into their dwelling and attached to their television set for an installation charge and a monthly fee. We are told that in return the subscriber would enjoy trouble free television viewing from a selection of twelve different channels and that the Town would derive tax revenue as well as local broadcasting privileges in return for the requested franchise. The Board is still considering proposals and will, in all probability, come to some conclusion on the matter at an early date.

As a Board of Public Works our chief concern at this time entails provisions for the future disposal of solid wastes. The Town has for many years used the sanitary fill method of waste disposal; however, we are now reaching a point where there is no longer any space within the Town limits for this type of an operation. This problem is not unique with Arlington since almost every community in the Metropolitan Boston area is plagued with the same proposition. In fact the matter has become so critical that relief is being sought in the State Legislature where a bill is currently being considered which will provide for regional incinerators that will be operated by the State Department of Public Works throughout the Commonwealth. The present conditions, however, seem to indicate that the Town will have to resort to some interim arrangement before facilities for solid waste disposal will be available on a regional basis. This is now under serious study by the Town Manager and we expect to have an equitable solution before our existing facilities are exhausted.

Before concluding this report we would like to express our deep regret at the loss of our faithful and devoted Town Engineer who passed away suddenly on December 4, 1967. His services were invaluable to us in our deliberations, and he will be sorely missed in the Town.

In conclusion we would like to express our deep gratitude to the Town Manager, Boards, Commissions and Committees of the Town for their invaluable aid and assistance in discussing and resolving various problems that confronted us during the year.

We would also like to extend our appreciation to our Executive Secretary and the office staff who cooperated so fully and efficiently in every respect throughout the year, thus helping to make our duties less arduous and bringing another year's work to a successful conclusion.

BOARD OF SELECTMEN

Report of the Town Manager

January 26, 1968

The Honorable Board of Selectmen
Robbins Memorial Town Hall
Arlington, Massachusetts

Gentlemen:

It is again a privilege to report on the activities of the departments under the jurisdiction of the town manager for the year ending December 31, 1967. We urge you and the citizens of Arlington to take this opportunity to peruse this annual report and review in detail the functions and duties of our town government. It is the intent, in this report, to bring to your attention some of the most important developments in the past year. For detailed information regarding all departmental activities, we refer you to the respective reports.

The total recommended budget for 1968 as submitted to the board of selectmen on December 1, 1967, excluding all other warrant articles, amounted to \$13,877,403.17. This represented an increase of \$919,512.47 or 7% over the 1967 appropriation. The school department request (48.6% of the total budget) was \$6,743,842.00, representing an increase of \$947,969.00 or 16.3%; all other departmental requests amounted to \$7,133,561.17, representing a decrease of \$28,456.53 or .4% under the 1967 appropriation. The major reason for this decrease is due to the fact that the state, effective July 1, 1968, will assume the responsibility and all cost involved in financing our welfare program. Consequently, this year's welfare department budget extends for six (6) instead of the usual twelve (12) months. In addition, as of December 31, 1967 we returned to the town's surplus account a total of \$443,699.58 of unexpended funds. By comparison, the previous year we returned a total of \$216,007.27. As you can see, then, we returned to the surplus account more than twice as much at the end of 1967 as we did at the end of 1966. Hence, our free cash at the end of the year was \$763,004.27.

In 1965, the State of Massachusetts passed a statute which became effective on February 15, 1966 making collective bargaining for all public employees mandatory. The Arlington town employees, excluding the police department, fire department, school department, and other professional and top supervisory personnel, voted in February of 1967 to designate the American Federation of State, County, and Municipal Employee (AFSCME) AFL-CIO to represent them in its negotiations with the Town of Arlington. Shortly thereafter the board of selectmen designated the town manager as the town's bargaining agent for the impending negotiations with AFSCME. These negotiations dealt with employee salaries and wages, hours, fringe benefits, and working conditions. The town manager requested the town counsel and the personnel board to sit in on the negotiations in order to render their valuable assistance and guidance. We are happy to report that the union and the town successfully completed its negotiations in 1967 and that the contract signed, we feel, is not only fair and equitable to both the employees and taxpayers but also workable as far as the union and the town are concerned. All non-economic items in the contract can be agreed to and signed by the union and the town manager. All economic items, of course, must be ap-

proved by the town meeting members. The economic items which the town meeting members are asked to consider in 1968 are: (1) a 6% increase in salaries and wages for town employees, excluding school department, and (2) additional paid holidays. We are grateful to the members of the personnel board, finance committee, and board of selectmen for their understanding and support in this vital area. In summary, we wish to say that our first year of collective bargaining in Arlington has been successful and educational, and that positive effects are evident.

In December the town planner submitted his resignation to the town manager. In view of our strong belief that proper long-range planning is one of the most important functions that the Town of Arlington should be performing, we appeared before the personnel board and finance committee seeking their support for the reclassification of the town planner's position from AG16 to AG20. We will be asking the town meeting members to approve this request. With a qualified town planner on our staff, we intend to review and revise, where necessary, our comprehensive community plan. It is our intention to do this in a manner which will enable as many people as possible to express their views regarding this important document. In addition, we plan to complete our workable program, which is a prerequisite for many of the federal financial assistance programs available to communities today. The town planner should also be responsible for preparing a capital improvement program and budget, projecting the town's needs at least five (5) years into the future. It appears obvious that proper long-range planning will have to be emphasized more in the future than it has been in the past. It is not enough to prepare master plans; they must be prepared in an atmosphere of participation and understanding, making the implementation of such plans more realistic. It is our desire to encourage broad participation in the area of long-range planning, hoping that the end result will reflect the wishes of the majority of the people.

As we reported to you last year, the town's present sanitary landfill facilities will not last longer than two to three more years. It is imperative that we start now to plan for proper refuse disposal in the future. We were hoping that the state legislature would enact legislation in 1967 to create various districts in the Boston metropolitan area and throughout the state for refuse disposal purposes. The legislature failed to address itself to this critical problem. Furthermore, the prospects for meaningful legislation in 1968 are not good. In view of this, Arlington will have to explore all possible avenues available to determine ways to dispose of its refuse in the years ahead. The committee created in 1953 to study refuse disposal in Arlington will have to be reactivated immediately to assist in finding the proper and most economical way of solving this crucial problem. We are now taking all possible measures to extend the life of our present sanitary landfill facilities. It would appear, however, that what will be needed in the future is incineration of our refuse.

We will continue to strive for high quality service in all departments. Last year, we explored the feasibility of electronic data processing in the area of water billing, tax billing, assessing, and payroll accounting. We hope to put our water billing on computers in 1968. This, we feel, will decrease the cost and increase the efficiency of our entire water billing operation. Also, our total community service approach should be one in which the department heads and manager take the initiative and not merely react to requests and complaints from the citizens. We intend to adopt an offensive rather than a defensive approach and be on a con-

stant search to provide the best possible services to the community at the lowest possible cost to the taxpayer.

All of us were shocked at the passing of Mr. Wilbur H. Roby, our town engineer, last December 4, 1967. Mr. Roby was not only a fine gentleman but also a competent town engineer and an excellent department head. He will be sorely missed not only by me personally but by all his colleagues and co-workers.

We wish to thank the members of the board of selectmen for their continued assistance and guidance. The programs and projects in our 1968 budget can be realized only through the cooperative and coordinated efforts of many people, specifically, the selectmen, boards and commissions, citizen advisory groups, town meeting members, town manager, department heads, employees, and finally the citizens. In the past, we have had a high degree of interest and determination which we hope will continue in the future.

Respectfully submitted,

Donald R. Marquis
TOWN MANAGER

Report of the Town Clerk's Department

To the Citizens of Arlington:

The following annual report of the Town Clerk for the year ending December 31, 1967, is herewith submitted, in accordance with Section 3 of Article 3 of the Town's By-Laws.

The total amount collected by the department during the year and deposited with the Town Treasurer was \$19,642.55, an increase of \$155.45 over the previous year. Included in the total amount was \$5,630.30 for conservation licenses and \$5,105.00 for dog licenses.

The breakdown of fees collected is as follows:

Marriage Intentions	\$ 1,286.10
Filing Fees (Financing Statements, etc.)	3,277.90
Miscellaneous Certificates	3,395.00
Pole Location Orders	290.15
Miscellaneous Licenses	197.75
Renewals of Gasoline Permits	20.00
Miscellaneous Books	434.35
Duplicate Dog Tags	6.00
Dog Licenses	5,105.00
Conservation Licenses	<u>5,630.30</u>
TOTAL	\$19,642.55

DOG LICENSES

1,149 Males	@ \$ 2.00	\$ 2,298.00
195 Females	@ \$ 5.00	975.00
915 Spayed Females	@ \$ 2.00	1,830.00
<u>8 Transfers</u>	<u>@ \$ 0.25</u>	<u>2.00</u>
2,267 Licenses Issued		\$ 5,105.00
Paid to County Treasurer, Licenses		\$ 4,538.25
Paid to Town Treasurer, Fees		\$ 566.75

CONSERVATION LICENSES

518	Resident Citizen Fishing	@ \$ 5.25	\$ 2,719.50
250	Resident Citizen Hunting	@ \$ 5.25	1,312.50
137	Resident Citizen Sporting	@ \$ 8.25	1,130.25
63	Resident Citizen Minor Fishing	@ \$ 3.25	204.75
50	Resident Citizen Female Fishing	@ \$ 4.25	212.50
2	Special Non-Resident Fishing	@ \$ 5.25	10.50
1	Non-Resident Citizen Fishing	@ \$ 9.75	9.75
1	Non-Resident Citizen Hunting	@ \$16.25	16.25
11	Duplicate Licenses	@ \$.50	5.50
8	Archery Deer Stamps	@ \$ 1.10	8.80
108	Resident Citizen Sporting	Free	
4	Resident Citizen Fishing, Paraplegic, Blind (Old Age Asst.)	Free	
*1153	Licenses Issued	TOTAL	\$ 5,630.30

*Includes 30 1968 Licenses issued in December, 1967
Does not include 24 1967 Licenses issued in 1966

Paid to Division of Fisheries and Game, Licenses	\$ 5,374.00
Paid to Town Treasurer, Fees	256.30

Your attention is directed to the reports appearing on the pages that follow upon the vital statistics of the Town which are recorded at this time. It should be noted, however, that the summaries of births, marriages and deaths are incomplete, inasmuch as records thereof pertaining to Arlington residents are still being received by our office from other cities and towns.

Respectfully submitted,

Ann M. Powers
Town Clerk

Bread	60	45	15	0
Meats	1115	1090	25	0
Provisions	<u>63</u>	<u>63</u>	<u>0</u>	<u>0</u>
Totals	2130	2066	64	0

This Department has turned in to the Town Treasurer the sum of Eight Hundred and Fifty-Six Dollars and Forty Cents (\$856.40), which was collected as Sealing Fees.

Respectfully submitted,

James J. Dolan
Sealer of Weights &
Measures

Annual Report of the Board of Assessors

During 1967, the Board of Assessors met every Monday evening, as well as for special meetings called by the Chairman, especially during July and August when regular meetings are not scheduled.

At the Annual election in March, William O. Hauser, Jr. was elected to a three year term, succeeding his father, William O. Hauser, who chose not to run.

At the organizational meeting on the Monday following the Annual Town Election, the members; Mr. Walter S. Cooledge, Jr., Mr. John B. Byrne, Jr., and Mr. William O. Hauser, Jr., met and unanimously elected Mr. Cooledge, Chairman, and Mr. Hauser, Clerk for the ensuing year.

Hearings were held with property owners regarding valuation of Real and Personal Property and Motor Excise Taxes, as well as statutory exemptions for the elderly, veterans, widows, etc.

During the year, members attended all the conferences conducted by the State Department of Corporations and Taxation and the Association of Massachusetts Assessors, as well as the Assessors Seminar held at the University of Massachusetts.

The Board made weekly trips "into the field" during the year to assess new property, as well as additions and alterations to existing buildings.

During the month of January, members of the Board made individual inspections throughout the Town and assessed Personal Property in the amount of \$6,186,100.

The number of bills processed this year was in excess of 39,000 broken down as follows:

Motor Excise	26,500
Real Estate	12,432
Personal Property	<u>573</u>
	39,505

The following permits were received from the Building Department during the year:

1-family dwelling	21	garage	2
2-family dwelling	8	swimming pool	9
apartment houses	9	aluminum siding	11
additions & alterations	98	repair dwelling	16

Total 245

The following is a comparison of exemptions granted on Real Estate, as authorized by law:

Classification	Number	1967	Number	1966
Elderly	867	\$352,993.25	813	\$302,520.96
Veterans	921	198,763.25	910	181,255.40
Widows	159	33,374.10	113	21,781.88
Blind	21	6,630.30	21	5,868.20
Hardship	21	7,210.89	18	5,886.83
Old Age	14	2,957.40	12	2,342.40
Minors	<u>2</u>	<u>424.00</u>	<u>2</u>	<u>390.40</u>
	2005	\$602,353.19	1889	\$520,046.07

The total amount of Statutory Exemptions granted in 1967 represents approximately \$6.20 on the tax rate.

New property was found and total valuation increased as follows:

January 1, 1963	\$1,984,800
January 1, 1964	1,904,450
January 1, 1965	1,661,600
January 1, 1966	1,765,400
January 1, 1967	889,300
January 1, 1968	850,000 (Estimated)

The total Real Valuation is broken down as follows:

Type	Percentage
Residential	80.78
Vacant Lane	.76
Commercial	8.00
Industrial	1.20
Apartment Houses	8.34
Utilities	.66
Others	.26
	<u>100.00</u>

The Board of Assessors was saddened by the death of William O. Hauser, Sr. who served as member and chairman of the Board for twenty-seven years. His many contributions, both to this office and the assessing profession in general, have left an indelible mark on the assessing department and the Town of Arlington.

As a result of the action of the Special Town Meeting in October, 1966, in defeating the article for revaluation, a taxpayers' suit was brought in Superior Court of Middlesex County by ten taxpayers, to force revaluation.

The final decree of the Court ordered the Assessors to revalue all property within the town in time to affect the 1969 tax levy.

An article was then inserted in the Warrant for the 1967 Town Meeting, calling for an appropriation for revaluation, as ordered by the Court. An appropriation of \$125,000 was voted to revalue all property within the town.

Specifications were then drawn up and several revaluation firms met with the Board, discussed the project, and were invited to submit proposals. A contract was signed in the amount of \$106,000.00 on July 17, 1967, with the firm Whipple-Magane-Darcy. This is a local Massachusetts organization with offices in Andover. They have revalued more than twenty-six communities in the state, including Lawrence, Andover, Leominster, Danvers, Swampscott and Belmont.

The program is now well underway. The task of measuring and listing all properties will take several months to complete. Progress to date has been excellent and the firm's representatives have been well received by the residents of the town.

In order to acquaint the townspeople with the program, several meetings have been held with various groups in the town at which Mr. Darcy and the Assessors have explained the program and answered questions from the floor. The groups

include the Tower Mothers Club, the Stratton P.T.A., the Arlington Zonta, Kelwyn Manor Association, Arlington Knights of Columbus, Rotary and Kiwanis, and the Boys Club Associates. Meetings have also been scheduled in March and April of 1968 with the Peirce P.T.A., St. James Holy Name Society, and the Arlington Armenian Citizens Association.

The tax rate figures, statistics, and percentages of appropriations by departments follows:

Walter S. Coolege, Jr., Chairman
John B. Byrne, Jr.
William O. Hauser, Jr., Clerk

Report of the Finance Committee

Membership is as follows:

Precinct	Term expires
1. Edwin A. Barnard	1967
2. William H. Dunn	1969
3. Ronald E. Higby	1968
4. George J. Remmert	1967
5. Joseph L. Sliney	1969
6. George K. Rugg	1968
7. Eugene F. Lawler, Jr.	1967
8. Charles W. Blackmon	1968
9. John R. Cotter	1968
10. Robert G. Sisson	1967
11. Gilbert F. Dillon	1969
12. Bernard A. Forest	1969
13. Percival E. Richardson	1967
14. William E. Collins	1969
Member at Large - J. Howard Hayes	1968

On organization officers elected are as follows:

George J. Remmert	Chairman
George K. Rugg	Vice-Chairman
Gilbert F. Dillon	Secretary
Philip D. Ahern	Executive Secretary

The Chairman appointed the following Sub-Committees:

Sub-Committee A with budgets #1, 2, 3, 4, 7, 10, 11, 14, 16, 18, 19, 20, 21, 22, 23, 35, 42, 43, 44, 45, 46, 47.

Percival E. Richardson, Chairman
Edwin A. Barnard
Bernard A. Forest

Sub-Committee B with budgets #6, 8, 9, 13, 15, 24, 25, 26, 27, 28, 29, 30, 34, 39, 40, 41, 50, 51.

Gilbert F. Dillon, Chairman
William H. Dunn
Robert G. Sisson

Sub-Committee C with budgets #12, 31, 32, 33, 33a, 49.

William E. Collins, Chairman
J. Howard Hayes
Eugene F. Lawlor, Jr.
Joseph L. Sliney

Sub-Committee D with budgets #5, 17, 36, 37, 38, 48.

George K. Rugg, Chairman
John R. Cotter
Ronald E. Higby
Charles W. Blackmon

POLICY COMMITTEE

George K. Rugg, Chairman
 William E. Collins
 Gilbert F. Dillon
 Percival E. Richardson

PERSONNEL COMMITTEE

John R. Cotter, Chairman
 J. Howard Hayes
 George K. Rugg

The Chairman of the Finance Committee is a member (ex-officio) of all Sub-Committees.

There have been thirty (30) regularly scheduled committee meetings along with the sub-committee meetings with the heads of departments and the regular meeting with the precincts just prior to the Town Meeting.

It was with sadness that members of the Finance Committee learned of the passing of Mr. J. Howard Hayes, our member-at-large. Mr. Hayes for many years had served the committee in various capacities, including its chairmanship. The energy and zeal which he demonstrated in devoting himself to some of the more difficult problems confronting the committee will be sorely missed.

There occurred the following resignations:

Philip D. Ahern, Executive Secretary

The Committee meeting in extraordinary session elected as Executive Secretary

Joseph L. Sliney, 93 Warren St.

The following appointment was made:

Member - at - Large Irving Stein, 41 Jason St.

Status of Reserve Fund Budget 47 at the close of 1967 was as follows:

<u>Amount of Reserve</u>		\$100,000.00
6/12/67	Transfer to budget 22 - Building, Plumbing and Gas Inspection.....	750.00
6/12/67	Transfer to budget 13 - Purchase of Station Wagon - Capital Outlay.....	111.00
6/12/67	Transfer to budget 5 - Building Maintenance Department Expenses.....	9,180.72
		<hr/> \$10,041.72
6/27/67	Transfer to article 56 of Town Warrant of 1966, Completion of boiler conversion.....	2,656.00

	Total transfer.....	\$80,670.27
	Balance returned to treasury.....	19,329.73

Respectfully submitted.

Gilbert F. Dillon, Secretary

Council on Aging

Robbins House

January 15, 1968

To the Honorable Board of Selectmen
Town Hall
Arlington, Mass.

Gentlemen:

In accordance with Massachusetts General Law, Chapter 40, Section 49, and Article 3, Section 3 of By-Laws for the Town of Arlington, the first annual report of the agency known as the Council on Aging is herewith submitted.

The Council on Aging was formed as a result of efforts of the Community Action Council to obtain a Federal grant to establish a Senior Citizen's Information and Referral Center in Arlington under the provisions of the Older Americans Act of 1965, Public Law 89-73. The Massachusetts Commission on Aging, being the fiduciary organization designated by the Massachusetts Legislature for Federal funds under this Act, recommended the establishment of a municipal Council on Aging as provided for by Massachusetts General Law, Chapter 40, Section 8B. An Agency thus formed would be authorized to conduct business with the Massachusetts Commission on Aging and vice versa inasmuch as the Council on Aging would then be the Town's designee to conduct said business.

Subsequently, the Community Action Council sponsored Article 6 in the Special Town Meeting Warrant of Monday, October 24, 1966, requesting the Town to accept the provisions of Chapter 40, Section 8B of the General Laws and authorizing the Town Manager to appoint such an Agency with approval of the Board of Selectmen. Favorable action resulted in the appointment of seven citizens of the Town to form a Council on Aging by Mr. Donald R. Marquis, Town Manager, and approved by your Board on May 8, 1967. Those appointed were:

Mr. Charles R. Armour, 40 Huntington Road
Mr. Joseph J. Barry, 69 Hillsdale Road
Mr. Lorrimer E. Higgins, 50 Ronald Road
Mr. Walter Jones, 79 Park Avenue
Mrs. Lee C. Lanza, 98 Robbins Road
Mr. Harry P. McCabe, 92 Madison Avenue
Mr. Joseph F. Tulimieri, 23 Woodland Street

As of this date the Council on Aging is short two members as a result of the sudden death of Mr. Lorrimer E. Higgins, and the resignation of Mr. Joseph J. Barry for personal reasons. Mr. Higgins came to the Council with much enthusiasm and interest and made a major contribution to its' beginnings. His counsel and wisdom will be greatly missed.

On Wednesday, March 29, 1967, the Town Meeting, pursuant to Article 84 of the 1967 Town Warrant, appropriated \$2,000.00 as the Town's share of a \$10,000.00 demonstration program to establish a Senior Citizen's Information and Referral Center in Arlington under the provisions of the Older Americans Act of 1965, said sum to be expended under the direction of the Town Manager.

Since being appointed the Council has met six times. A set of by-laws for the Council has been drafted and at this writing is being prepared for submission to you, to the Town Manager, and the Town Counsel for approval. Efforts have been continuing to obtain the aforementioned grant but no new progress can be reported at this time. Informal talks have been given to the Golden Age Club of Arlington and to the Senior Citizens at Drake Village, at their request, describing the Council's functions and discussing possible activities of the Council.

Discussions have been held at Council meetings on how best the Senior Citizens may be served in the community and as a result a program is being formulated. From the very rough outlines developing it is becoming more and more apparent that a Center of some kind is needed to serve the exploding Senior Citizens population which on January 1, 1968, amounted to approximately 6,400 persons age 65 or older or 12.6% of the Town's Population. A survey being conducted by the Community Action Council with the assistance of Commonwealth Service Corps Volunteers indicates that by 1970 approximately 15% of the Town's population or 7,000 persons will be age 65 or older. This is a substantial number.

The needs of the Senior Citizen are many. It is the wish of the Council on Aging that we may be of some service to the Senior Citizen and in so doing be of service to the Town.

The Council wishes to express its sincere thanks to you; to the Town Manager; the Town Counsel; the Finance Committee; the Superintendent of Schools, Dr. Bert A. Roens; the Community Action Council, Inc.; the League of Women Voters of Arlington; and all other Town Boards and individuals who have cooperated to make the formation of this Council a reality.

Respectfully submitted,

Harry P. McCabe, Chairman

Report of the Arlington Historical Committee

During 1967 this committee experienced changes in its organization, witnessed completion of a related project and cheered an initial assault on the task of raising funds for the Uncle Sam Statue.

In organization, the resignation of Chairman Carl A. Johnson upon his retirement from the Arlington School Department left the committee without his forceful direction; Mr. Johnson's admirable leadership endured from this group's official origin in 1962. The resignation of Dr. Robert E. Slaughter, who moved out of town to assume new duties in church work, again reduced the ranks of original members. Sadly, the death of Mr. Chester R. Whitman further depleted our membership and halted the fruition of his efforts in restoring plaques significant to Arlington's early history. His precise knowledge of historical incidents and his energetic enthusiasm in this endeavor afforded invaluable records which facilitated the completion of his cherished undertaking.

Significantly near the birthdate of Samuel Wilson, progenitor of Uncle Sam, members of the Arlington Junior Chamber of Commerce earnestly launched a town wide drive to collect funds for the completion of the Uncle Sam Statue. Although financial results of this effort were low, the dedication and inspiration of the Jaycees is high as they formulate new plans with this committee.

Current membership of the Arlington Historical Committee includes Mr. Hollis M. Gott, Mr. Christopher J. Cammarata, Mr. Leonard Collins, Mr. Joseph S. Daly, secretary-treasurer, and Mr. George A. Lincoln, chairman.

Report of the Tree Warden and Superintendent of the Moth and Town House Grounds Department

Mr. Donald R. Marquis
Town Manager
Arlington, Massachusetts

Dear Sir:

I herewith submit the report of the Tree, Moth and Town House Grounds Departments for the year ending December 31, 1967:

TREE DEPARTMENT

Our 1967 planting program consisted of the planting of diversified species on streets constructed or accepted in 1966, replacement planting, planting upon request, and business district planting. We also planted several flowering and shade trees at schools and parks in the Town.

A total of 492 trees were set out this year. They consisted of several species ranging from large shade trees to the smaller flowering types. Species planted were Celtis, Elm, Maple, Ash, Planetrees, Oaks, Cherry, Plum, Mulberry, Crimson Maples, Linden and Mt. Ash.

As a continuation of our business district planting program started in 1964, 25 good-sized Linden trees were set out on Medford Street and the East Arlington Business district.

As trees are in short supply, we establish a small nursery on Summer St. Approximately 100 young trees were set out this year. We hope to produce usable trees from this nursery in 1969.

Early in the year we transplanted one large (8" in diameter) Birch and one large (6" in diameter) Dogwood from State property on Route 2 to the Robbins House area.

Twenty-two trees were ordered removed by the Selectmen for the construction of streets, sidewalks or other necessary reasons at: Carl Road (2), 109 Broadway (1), Sylvia Street (12), Modena Street (6) and 50 Wilson Avenue (1). Thirty-six trees were removed at the Summer Street Landfill Area as requested by the Public Works Department.

Public Hearings were held for the removal of trees at: 45 Falmouth Road; 24 Fairmont Street; 40 Pondview Road; 202 Florence Avenue; and 34 Apache Trail. As no objections arose these trees were removed at the expense of the petitioner.

Various trees were removed, pruned, sprayed and otherwise maintained for the Park, School, Cemetery and Public Works Departments upon request of the Department Heads. The removal of large diseased or damaged trees in Menotomy Rocks Park, trees hindering Public Works Department construction operations formed the bulk of this work.

An extensive Dutch Elm Disease scouting program was carried out this past Summer in cooperation with the Massachusetts Department of Natural Resources. Several Elms on private property and all Elm trees on public property were inspected and any showing symptoms were sampled. Eighteen trees showing positive results to tests at the University of Massachusetts were removed promptly. The rise in Dutch Elm Disease over previous years reflects the extensive scouting pro-

gram plus the possibility that new insecticides, required by the State Pesticide Board for Elm Bark Beetle control, are not as effective as D.D.T. which can no longer be used for this insect.

The Utility Companies hired contractors to remove the tops of several large trees with their wires going through them. Our Department removed the debris from this work and the remainder of the various trees, including the stumps.

I feel the general condition of all public trees improved this Summer due to more normal rainfall. Most trees, excluding Sugar Maple trees, showed less leaf scorch and should return to normal, providing ground water levels return to normal next Spring. Sugar Maples, the species most affected by the past years' drought cycle, seem to be permanently damaged.

In the past year we have removed 245 trees from public property in Arlington, 102 of these were over 10" in diameter. Of the 143 smaller trees, many were in the 2" to 3" range and the major causes of loss were: drought, vandalism, and automobile injury.

The major causes of loss of our larger trees continue to be the four serious fungi diseases of Heartwood Rot, Maple Die Back, Verticillium Wilt and Dutch Elm Disease.

The following is a breakdown of the major reasons for tree removal in 1967:

1. Maple Die Back (18)

This disease infects Sugar Maples seriously, Norway Maples and Elms less severely. This relatively new disease is very slow working and is becoming more serious every year.

2. Heartwood Rot (16)

This disease in its many forms is capable of infecting almost all species of trees with fast growing species such as Silver Maple, Norway Maple and Willow most susceptible.

3. Verticillium Wilt (33)

This vascular disease infects mainly Norway Maples, with the number of Norway Maples on our streets this disease has the most dangerous potential in our Town.

4. Dutch Elm Disease (18)

Infects American and English Elms.

5. Canker Diseases (4)

Capable of infecting many species of tree, usually through mechanical injury in the trunk.

6. Root Diseases (20)

A soil-born disease usually associated with poor environmental conditions.

Followed in a lesser degree by mechanical injury, a storm damage, adverse environmental conditions and other more specific fungus diseases.

The stumps of trees over 3" in diameter were cut with the Vemeer Stump Cutter and all smaller trees were dug out roots and all. Usuable woodchips from our stump removal operations were stockpiled and used as a mulch as needed.

Our maintenance program continued with the pruning and treating of all the trees on 70 public ways during the year. All dead and dangerous limbs and any low limbs possibly obstructing the passage of vehicular and foot traffic were removed from all the trees on these streets. Many individual requests for maintenance were received and taken care of by this Department. Our new equipment increased our program on large trees materially.

Tree limbs were trimmed for better vision of street lights, traffic lights and traffic signs upon request of the Wire Department and the Police Department. All twelve above ground fire alarm circuits were cleared of limbs that could cause short circuits this year. Approximately 25 miles of alarm wires were inspected and any interfering limbs removed.

Christmas trees were removed throughout the Town with brush chippers.

The personnel and equipment of this Department assisted the Public Works Department throughout the year when called upon to do so.

The Boston Edison Company and New England Telephone Company tree contractors cleared various utility lines in the Town. All work specifications were set by this Department and the crews were inspected daily.

As in the past we continued our watering program of newly planted trees and all the trees in business districts. We used our 275 gallon tank and our 400 gallon hydraulic sprayer. A special power injector gun was used to force the water deeper around tree roots, etc.

We continued using the woodchip by-product of our stump removal and chipper operations as mulch on young trees and shrubs. Over 70 yards of woodchip mulch was used this year.

MOTH DEPARTMENT

All employees involved in the application of pesticides are licensed by the Massachusetts Pesticide Board. These licenses cover the application of insecticides, herbicides, and other related material on both the supervisory and applicator level.

In keeping with the recommendations of the Mass. Pesticide Board and the University of Massachusetts, all trees on public property in the Town were sprayed when and where necessary. As in the past several years, insecticides with short term residual effects were used whenever possible.

Our dormant spray program, to control the Elm Bark Beetle, the vector of Dutch Elm Disease, took place in mid-April. 4,000 gallons of insecticide were sprayed on all Elms on public property within the town.

All Elm, Willow, Plane trees and other necessary trees were treated with a leaf spray to control defoliating insects such as: Elm Leaf Beetle, Willow Beetle, Leaf Miners, Aphids and Leafhoppers. Other pests including Tent Caterpillars, Rose Chafers, Canker Worms, Leaf Miners, Borers, Carpenter Ants and lesser pests were sprayed when necessary throughout the year. Spray formulations of Methoxychlor, Lindane, Sevin, Chlordane, DDT and Pyrethrum were used to control these insects.

An unusually high build-up of insects in the late Summer called for numerous spot treatments in the affected areas. Aphids were a particular problem late in the year; these were treated with Thiodan, a very effective pesticide against aphids. We also treated several Hawthorn, Maple and Crabapple trees with fungicide to control leaf diseases. A total of 13,490 gallons of insecticide was used.

Poison Ivy and other noxious weeds were sprayed with 2-4-D, 2-4-5T, and Amino Triazole herbicides at 17 locations throughout the Town and at the Great Meadows in Lexington. Several heavy infestations previously treated in 1966 were retreated for minor growth this year. We also treated 7 other locations for control of weeds. 889 gallons of herbicide mixtures were used on these projects.

Activity of bees and wasps increased over previous years with 37 nests being sprayed on public and private property.

The park area at the Town Hall, Robbins House and Library was sprayed completely once to control leaf feeding insects. Individual treatments were given to control scale, borers, bark beetles, aphids, fungi and other pests as needed throughout the year.

Numerous times throughout the year we assisted the Public Works Department by spraying the landfill area on Summer Street with disinfectant and insecticide; we also sprayed fill on park property at Route 2, eleven times. Several times during the summer our Department sprayed disinfectant and deodorant along Mill Brook upon request of the Board of Health, Public Works Dept. and the Town Manager. Our new portable fogger was used numerous times at the landfill area, parks and other areas of difficult access during the year. 11,800 gallons of disinfectant and deodorant were used in these operations.

Due to the need to use new short residual narrow spectrum insecticides as recommended by the Mass. Pesticide Board and the University of Massachusetts, our total spray gallnage increased materially. We found it necessary to spray several times to control insects usually controlled with one application.

TOWN HOUSE GROUNDS

As in the past, the personnel of the Tree and Moth Departments maintained the areas at the Town House Grounds, the lawn and shrub areas of the islands on Mystic Street, the Municipal Parking Lots and the Police Station.

The pool at the Town House Grounds was repaired and painted as usual with Blue Silasheen paint.

The regular maintenance of the grounds was carried on as usual with the application of 5,000 lbs. of dry fertilizer, lime and several spot treatments of liquid fertilizer. Sod was replaced as needed at the Town House Grounds. The lawns and shrub beds were trimmed and cared for as needed and additional woodchip mulch was used throughout the year. All turf areas were protected with lawn fungicide to combat a Brown Spot infection.

The following is a list of the trees and shrubs planted at the Town House Grounds this year. Several of these were transplanted from our nursery area at Symmes Hill on Summer Street.

- 30 Cotoneaster *praecox*
- 5 *Ilex glabra*
- 5 *Viburnum carlesi*
- 5 *Viburnum tomentosum*
- 6 Korean Azalea
- 2 Kousa Dogwood
- 1 Sugar Maple
- 1 White Birch
- 1 Pink Dogwood
- 1,000 *Pachysandra*
- 1 Mugo Pine
- 1 Thundercloud Plum

15 Forsythia plants were removed from the Winslow Street embankment and planted at the Town House Grounds. This area is scheduled for building by the Arlington Housing Authority.

A watchman was employed during the Summer to patrol the Town House Grounds every evening and on Saturdays, Sundays and holidays. He also checked the Robbins Library on weekends.

Snow removal from all the pedestrian areas of the Town Hall and Robbins House was taken care of as usual. All areas including paths, parking lots and roadways were sanded when necessary.

2,000 Pachysandra plants were set out at the small park at the corner of Massachusetts Avenue and Mystic Street in accordance with the architect's plan.

In conclusion, I wish to thank you, the members of your Department, the personnel of the Tree Department and all other Departments of the Town.

Respectfully submitted,

Frank P. Wright
Tree Warden
Superintendent of Moth Department and
Town House Grounds Department

Annual Report of the Park Commission

January 8, 1968

Mr. Donald R. Marquis
Town Manager
Arlington, Massachusetts

Dear Mr. Marquis:

We, herewith, submit the annual report of the Arlington Park and Recreation Department for the year ending December 31, 1967. The Board of Park Commissioners expresses its appreciation to the Town Manager, the Honorable Board of Selectmen and all branches of our Town government, for their co-operation and support in the promotion of a progressive and ever-expanding program.

The Board held its organizational meeting on Monday, January 9, 1967, and elected Lawrence R. Babine, Chairman.

GENERAL MAINTENANCE

The entire maintenance staff consisted of eleven men as of December 31, 1967. One man was out the entire year on Workmen's Compensation and there was one transfer. Replacement personnel was selected from the Civil Service lists and they were carefully screened before employment. The maintenance force was also on call for work in cases of emergency due to snow storms and other storm damage.

A summary of service for school use of grounds indicates the amount of maintenance work which was done for the whole community and not just for the Recreation Department.

Baseball:	16 A. Y. A. teams
	1 American Legion team
	12 Little League teams
	20 Little League (Minors) teams
	7 School teams
Tennis:	3 School teams
Track:	1 High School team
Football:	14 School teams
	1 Pop Warner League team

In addition, the maintenance force maintained all grounds for public use and organized league play by the Recreation Department.

The department also maintained 22 flower beds throughout the town.

Five areas were flooded: Waldo Road, Parallel Street, Robbins Farm, North Union and Grove Street. Due to inclement weather, there were only ten days of skating. Once again, we recommend an artificial indoor skating arena for the residents of Arlington.

New Equipment: Installed two steel fireplaces at Linwood Street and four vandal proof picnic benches.

Baseball diamonds at Robbins Farm, Spy Pond Field and Linwood Street (Little League) were re-sodded.

Capital Outlay Expenditures:Crosby School

A double practice tennis court was erected at a cost of \$1,700.00. This work was completed with Park Department employees.

North Union Street

Wading pool was resurfaced at a cost of \$5,333.00.

Repaired roof on locker building \$395.00

Spy Pond Field

Final half of grandstand was completed at a cost of \$7,500.00.

Hibbert Street

A recreation box was installed at a cost of \$325.00 and three park benches at a cost of \$75.00. The area was also seeded.

Menotomy Rocks Park

Masonry wall on shore of Hills Pond was repaired at a cost of \$3,450.00.

Reservoir Beach

\$800.00 was expended in an effort to destroy the algae in the water. This was the second year we have applied the spray in an effort to improve the swimming in the area. The Allied Biological Control Corporation of Wellesley Hills, Massachusetts, has done the work.

Louvers were installed in bathhouse at a cost of \$803.00.

During the past year, vandalism was exceptionally high. One electric light pole was sawed down at the Reservoir softball field, 250 feet of chain link fence was removed, all in one evening. The door to the locker building had to be repaired every other day. Several holes were cut in the chain link fence at Warren A. Peirce stadium; we finally had to stop repairing them. The electric scoreboard was broken two days before the first game; cost \$100.00 to repair. \$250.00 worth of damage was done to the press box. Windows were broken at Spy Pond field house and Thorndike Street buildings; we just had to board them up. Many other chain link fences were untied and cost us many valuable work hours that could have been used to better advantage.

ACTIVITIES UNDER THE TOWN OF ARLINGTON
PARK AND RECREATION DEPARTMENT

1967 Summer Program Highlights

1. Event: Trip to Benson's Animal Farm
Place: Hudson, New Hampshire
Date: July 13
Attendance: 418
2. Event: Annual Weenie Roast and Talent Show
Place: Menotomy Rocks Park
Date: July 19
Attendance: 1,500 youngsters - 38 participants in Talent Show

3. Event: Annual Pleasure Island Trip
Place: Wakefield, Mass.
Date: August 2
Attendance: 840
4. Event: Parents' Night
Place: 16 playgrounds
Date: August 3
Attendance: 650 parents; 1,300 children
5. Event: Eighteenth Annual Playground Festival
Place: Warren A. Peirce Field
Date: August 16
Attendance: 1,600
6. Event: Arts and Crafts Exhibit
Place: Harvard Trust Company, Arlington
Date: August 7 - 11
7. Event: Tournament Week
Place: 16 playgrounds
Date: August 7 - 11
8. Event: Twilight Summer Basketball
Place: Warren A. Peirce Field
Date: June - August
170 high school boys participated
9. Event: Student Night Activity Program
Place: Warren A. Peirce Field
Date: June 26 - August 14
Attendance: Average 48

Summer Playground Program

The 1967 summer program was hindered considerably due to adverse weather conditions which cancelled and postponed many programs. The total attendance figure was 85,974 as compared to 1966 figure of 92,956, a difference of 6,982.

The playgrounds officially opened on June 26. Sixteen playgrounds were in operation with Wellington closed due to M.D.C. construction. Full time supervision was provided morning and afternoon and a varied program was presented to the children.

A training institute was conducted on June 22 and 23 at which the leaders received information to aid them in the performance of their duties. Classes were conducted in crafts, playground organization, and various games and activities which were to be conducted on playgrounds. The leader in charge of each playground was issued equipment valued at over \$300.00 to use on their area.

A brief synopsis of the programs which make up the summer season:

Baseball: The program consisted of three leagues - Pee Wee for boys under 10; Midget boys 10 - 12; Junior boys 12 - 15. The two lower divisions were divided into an Eastern and Western Division while the Junior League was one eight team set up.

The Pee Wee program was participated in by some 224 boys. Locke Playground won the championship winning a two out of three series with North Union.

The Midget League had a total of 183 boys playing baseball. Two six team leagues were formed playing two games a week. Summer Street won the championship defeating North Union in a two out of three series.

The Junior League showed a total of 146 boys participating with Florence Playground winning the championship over Summer Street.

The over-all program worked out very smoothly considering the number of days of rain causing postponement. The game duties were adequately covered and the games progressed with a minimum of arguments and protested games.

Arts and Crafts

The Arts and Crafts program for the summer of 1967 proved to be very rewarding and enjoyable for the children of the Arlington playgrounds. Each year we hope to be able to accomplish much more than the year before. Each year a few new ideas are added to our Arts and Crafts program to vary the summer curriculum.

The Workshop proved very successful this year and the leaders worked with the actual materials they would be working with throughout the summer. Former leaders made various suggestions as to the use of the materials. The Workshop was broken into groups and the leaders proceeded to make crafts from a suggestion list which was passed out.

This year, the supervisors visited all sixteen playgrounds within a four day period because one day each week was set aside for a special trip or event. They also visited the retarded children at the Parmenter School on Friday mornings bringing the town-wide project for that week with them.

A sum total of 3,450 children participated in the Arts and Crafts program this summer. The weekly average was 493 children.

Each week a different Arts and Crafts project was introduced to the children over the seven week period.

June 26 - June 30	Organization Week - leather beanies
July 3 - July 7	Heritage Week - braided straw belts
July 10 - July 14	Animal Week - felt bean bags
July 17 - July 28	Carnival Week - comb cases
July 31 - Aug 4	Family Week - shell pin jewelry
Aug 7 - Aug 11	Tournament Week - tile trays

A grand finale to the summer arts and crafts program was an exhibit of crafts made during the summer at the Harvard Trust Company in Arlington Center. Each of the sixteen playgrounds was asked to contribute one or two extra special projects that were done during the summer season. The project consisted of creative and imaginative crafts to represent each playground. The exhibit took place during the week of August 7 - 11 and gave the people of the town an opportunity to view some of the projects done by the children during the summer program.

Girls' Softball

The 1967 season was very exciting and made up of many closely contested and hard fought games. The league was composed of seven teams from the East and seven from the West. The teams were ranked on a point system: 3 points for a win; 2 points for a tie; 1 point for a loss. The West teams played on Monday and Wednesday; the East on Tuesday and Thursday.

After completion of a round robin schedule, Linwood and Waldo were tied for first in the East; while Robbins nosed out a strong Summer team in the West. Linwood defeated Waldo in a playoff game in the East, but were defeated by Robbins

for the Town championship.

An All-Star team was chosen from a mixture of two girls from each team in the league. This team played a strong Waltham team in a home and home series and was defeated twice.

Archery

The program was conducted at Menotomy Rocks Park on Monday, Wednesday and Friday, and at Spy Pond Field on Tuesday and Thursday.

The first two weeks were devoted to learning the safety rules and basic skills of archery. Tournaments were held from close distances and, as the weeks progressed, the distance to the targets was increased. The top three scorers on the medium and large targets were awarded ribbons for these weekly tournaments. Novelty shooting was also incorporated with the children shooting at balloons and animal target pictures.

Elimination tournaments were held during the last few weeks and champions were determined from both areas and received prizes at the final day festivities. Special classes were also conducted regularly for those with little or no experience and this proved most worthwhile, as marked improvement was displayed by the children involved in these classes.

Tennis

The total enrollment for the tennis program was seventy-five students; Wellington had twenty-six; Robbins Farm thirty; Spy Pond nineteen. The students were separated into classes in relation to sex and individual ability. The schedule which was generally followed was:

	<u>Girls</u>	<u>Boys</u>	<u>Advanced</u>
Wellington	9:30 - 10:30	10:30 - 11:30	11:30 - 12:00
Robbins Farm	1:00 - 2:00	2:15 - 3:15	
Spy Pond	3:30 - 4:00	4:00 - 4:30	

In addition, classes were held for the mentally retarded at the Parmenter School. The main emphasis of these lessons were on muscular coordination and recreational enjoyment.

The beginner classes focused mainly on proper stroke production and hand-eye coordination. The procedure for scoring was also introduced. The advanced students were given individual half hour lessons each week. These lessons were on proper court strategy and tactics with additional discussion on proper sportsmanship and conduct on the court.

The program was closed with a tournament for all beginner students. Trophies were awarded for four categories; Best Player, boys and girls; Most Improved Player, Girls; and Most Enthusiastic, boy. The season ended on Tuesday, August 15, with a trip to the Essex Country Club in Manchester, Massachusetts. This trip enabled the students to see some of the finest tennis players in the world competing under tournament conditions.

Twilight Summer Basketball

This program was conducted for high school boys interested in participating in organized basketball during the summer months. Due to a lack of interest and other complications such as vacations, summer jobs, etc. the program was disbanded after five weeks of play. Many of the boys in attendance were not residents of the town and, under these circumstances, the Park and Recreation Department discontinued the program.

Reservoir Beach

The beach located in Arlington Heights offered swimming facilities and instructions for all Arlington residents. The area was open from 10:00 a. m. to 8:00 p. m. daily, with swimming classes for children held at 11:00 a. m. and 2:30 p. m. ; Monday through Friday, for four weeks followed by a week of testing. American Red Cross certificates were issued to those who fulfilled the requirements in each class. The primary aim of all classes was to teach the child safety in the water and to help the non-or-weak swimmer develop his skills.

The lessons were divided into the following five classes:

Pre-beginners - organized to help the individual develop the basic fundamentals of swimming; such as, breath holding, rhythmic breathing and the arm stroke.

Beginners - were aided in developing and improving the basic fundamentals and taught to swim safely and correctly in deep water.

Advanced Beginners - were taught such swimming skills as the elementary back stroke, diving, underwater swimming, use of a life jacket and rescue techniques.

Intermediate Class - the swimmer was instructed in such techniques as the leg stroke, back stroke, the one minute float and general form in swimming.

Junior Life Saving - swimmer learned the rudiments of life saving and gained a preparation for senior life saving.

Learning to swim properly and safely is important and can also bring a great deal of enjoyment to an individual. Reservoir Beach provides this opportunity to Arlington residents.

Retarded Children's Program

The fifth summer recreation program for retarded children got underway on June 26 at the Parmenter School. Total enrollment during the eight week session was twenty-six; ages ranging from six years to eighteen years. Average daily attendance numbered twenty.

The program was planned to offer a wide variety of experiences which would be entertaining as well as stimulating to the social, physical and mental growth of the children. Indoor and outdoor activities were equally stressed. Sports and games were an integral part of the program along with arts and crafts, story telling, playing records, singing and dancing. Park and Recreation Department supervisors in both Tennis and Arts and Crafts made weekly visits to the school.

Special interest programs included bowling, movies, tennis and weekly excursions to places of interest and amusement. Trips were made to the Boston Public Gardens for a swan boat ride; Benson's Wild Animal Farm; Pleasure Island; Logan International Airport; and to a private beach cottage in Marshfield.

Other events were weekly swim trips to Reservoir Beach, a luncheon weenie roast, and slides of field trips at which the parents were welcome to attend. The youngsters also had an opportunity to see the Boston Children's Theater stage-mobile performance of "Cinderella" at Foss Park in Somerville.

Summer Night Activity Program

This program was formed in hopes of giving the teen-agers of Arlington a place to go and something to do at night during the summer months. An area behind the high school was provided for the students to participate in various activities such as, basketball, ping pong, dancing, cards, chess and checkers. Films were also shown at different times. Rock and Roll dances and one Square Dance were also provided.

With the exception of the first two nights and the Rock and Roll dances, the program was poorly attended.

In the opinion of the people concerned with the program, it was most worth-while. Adjustments will be made and it will be given another chance to prove its worth in the upcoming year.

Fall - Winter - Spring Programs

Elementary Flag Football

The Park and Recreation Department, in conjunction with the School Department, sponsored an eight team league encompassing twelve elementary schools. This year marked the fifth year of the program which commenced with numerous practice sessions devoted to team organization and basic fundamentals. Flag football involves no tackling and no leaving the feet to block your opponent. The schedule consisted of seven games round robin style and concluded with a championship game on November 11 at Warren A. Peirce Field.

Elementary School Basketball

This program was sponsored by the Park and Recreation Department and the School Department. The league consisted of twelve teams divided into an Eastern and Western Division. Ten regular season games made up the schedule preceded by practice sessions devoted to fundamentals and team play. The Crosby Royals from the Eastern Division bested the Peirce Knics for the Town championship.

Pee Wee-Bantam Hockey

Established in 1958, last year marked the ninth year of this popular program. The league consisted of eight teams, four pee wee and four bantams, playing a nine game schedule. The program was open to fifth, sixth, seventh and eighth grade boys, and had 112 participants. League champs in both leagues were determined after hard fought playoff games. The program was held on Saturday mornings from 7:00-9:00 A.M. at the M.D.C. Rink in Belmont.

Elementary Arts and Crafts

Program began in mid-November and concluded in mid-March. Open to fifth and sixth grade girls with an average weekly attendance of 75.

The program was conducted in six schools: Hardy, Thompson, Stratton, Dallin, Cutter and Locke. Activities included weekly arts and crafts projects, such as, pot holders, plaster molds, decorations, shell pins, tile ash trays, gimp projects and many more. Also various group games were enjoyed by the girls, some of the more popular being musical chairs, dodge ball, steal the bacon, kickball and wiffle ball.

Special events included: a gala Christmas Party, skating trip to the M.D.C. Rink in Belmont, and a Valentine Day Party in February. The program gave girls an opportunity to work and play together under the direction of competent instructors.

High School Basketball League

An eight team league comprised of boys not engaged in varsity basketball. The schedule included fourteen games, plus playoffs involving the top five teams. The boys played twice weekly on Tuesday and Friday evenings for seven weeks.

The league was well balanced which made for close games. The championship game was held on March 3 followed a week later by an All-star game between the championship team and a group of players picked from the other teams.

Trophies were presented to the league champions and All-stars at half time of the All-star game.

Adult Basketball League

An eight team league open to any man twenty years of age or older. Games were played on Wednesday evenings at the Junior High West for a seven week period.

The program concluded with a single elimination tournament involving all eight squads. The Mohawks were crowned champions.

Men's Physical Fitness

Held from 7:00 to 10:00 P. M. on Tuesday and Thursday evenings from mid-November to mid-March. Open to all Arlington residents; program averaged between 30 - 35 each night.

The program consisted of a brisk exercise period followed by informal games of basketball and volleyball.

Woman's Slimnastics

Program was open to Arlington residents, age twenty and older. Held at the Freshman Gym on Wednesday evening from mid-November to mid-March. Qualified instructors taught women basic exercises and routines to keep fit. Exercising to music proved very popular. Two classes were held each night with average attendance 35 per class.

Girls' Softball

An eight team league was composed of teams from both parochial and public school girls in grades 7 and 8. A seven game schedule was played beginning in early May and concluded with an All-star game in mid-June. Competent college girls acted as coaches and officials and the program was enjoyed by all. An Award presentation barbecue was held at Menotomy Rocks Park to close the program.

Indoor Golf

A most popular program with over one hundred participants. Classes were held for a six week period in January and early February. John Thoren, golf pro at Myopia Country Club, instructed adults in the basic fundamentals of golf. Some of the more popular lessons centered around back swing, follow through, grip, stance and others. All the various shots were demonstrated and men and women were given an opportunity to improve their golf game during the winter months. Three classes were held two nights a week at the Junior High East gymnasium.

Badminton

An adult co-ed program aimed at helping the individual keep fit and engage in a fast competitive game as well. Open to Arlington residents and held on Tuesday evenings from 7:00 to 10:00 P. M. at the Boys' Gym in the high school.

A competent instructor was provided for those not acquainted with the game. An average of twelve adults attended the program held from mid-November to mid-March.

Golden Age Club

An active club with a 325 member enrollment. Meetings were held the first and third Thursday of each month from September to June at Fellowship Hall, Pleasant Street Congregational Church.

Membership was open to any one over sixty-two years of age, and meetings always included a fine program of interest to all. Special events were planned from time to time each year and this year was no exception. Highlight of this year's program was a four day trip to Expo 67 in Montreal, Canada. Three buses left Arlington on May 22 full of Golden Age Club members who proceeded to enjoy a memorable four days in Montreal, not only enjoying Expo but touring the lovely city as well.

Other trips taken by the group were: Ice Capades, Ice Follies, Clam Bake (BillERICA) Rockport and Foliage Trip, Flower Show and five Red Sox ball games.

The annual banquet was held at Fellowship Hall on May 4 with 140 in attendance. A delightful evening was enjoyed by all.

Men's Softball

Two leagues of eight teams playing two games weekly made up the softball program for 1967. Each team played three games with their opponents until final league standings were determined. Playoffs followed with the first four teams in each league participating.

The American League (fast pitch) was dominated by a strong Holovak & Coughlin entry. They were league champs and also won the playoffs. The Campobasso team won the National League (slow pitch) defeating Forest in a hard fought playoff.

The thirteenth annual banquet was held at Legion Hall on September 29 and awards were presented to the winning teams.

Christmas Carol Singing

This seasonal program was conducted in front of the creche at Monument Park in Arlington Center during the month of December. Many groups from schools, churches, social organizations, scout troops and neighborhood groups took part in this worthwhile program. Total participation in the program numbered over 500.

Permits

Over 350 permits to use facilities at Menotomy Rocks Park were issued to Girl Scouts, Boy Scouts, church, organizations and family groups. Approximately 230,000 persons used this area during the course of the year for picnics, fishing, ice skating and the summer playground program. 110 Softball and baseball teams were issued permits to use our fields and permits were also issued to basketball teams to use school gymnasiums for games and practice sessions.

The Board of Park Commissioners appreciate the co-operation and assistance rendered by the employees of the department.

Very truly yours,

Lawrence R. Babine, Chairman
J. Fred McGann
John W. Walsh, 3d

Report of the Conservation Commission

January 1, 1968

Mr. Donald R. Marquis
Town Manager
Arlington, Mass.

Dear Mr. Marquis:

The 1966 Town Meeting established the Conservation Commission, and shortly thereafter the following received appointment as Commissioners: Philip S. Thayer, Charles L. Bankart, Alfred H. Dwyer, Rudolph Kass, Herbert M. Meyer, Robert J. Muldoon, Jr. and David D. Wallace. The Commission elected Dr. Thayer, Chairman; Dr. Meyer, Vice-Chairman and Recording Secretary; and Mr. Kass, Corresponding Secretary.

During 1967, the Commission named as Associates: Patricia Fitzmaurice, Joan Gearin, Doris Atwater and Joan Mahoney.

The Commission has held monthly public meetings since its establishment. The times and places of these meetings are announced in the press and are posted in the office of the Town Clerk. The Commission sponsored special public meetings in February, March and December, 1967 for the purpose of informing the public of the Commission's work and plans. As a whole and in sub-committees, the Commission has frequently met with citizens concerned with conservation in Arlington.

The Commission's activities have included the following:

1. Drafting a Conservation Action Plan for the Town. The Plan describes the geological, topographical and historical resources of the Town and proposes goals for their best use and preservation.

2. Mount Gilboa Project. The 1967 Town Meeting authorized the acquisition of land known as Mount Gilboa as an open-space preserve. The Commission proposed the acquisition and undertook to complete the administrative work attendant upon the Town Meeting's action. Included in this work were several conferences with Mount Gilboa landowners, and with federal and state agencies which accept applications for aid in raising the purchase money for the land. The Commission has submitted applications to the Department of Natural Resources of the State and the open-space program of the United States Department of Housing and Urban Development.

3. Mill Brook Project. The Commission has proposed the development of the Mill Brook Valley as one of the Town's preeminent natural resources. Volunteer groups have promised assistance in a program to clean and beautify the stretches of the brook which are not culverted. The Commission believes that reclamation of the brook valley is the Town's most pressing conservation project.

4. Alewife Brook Project. The Commission has joined with similar agencies in Cambridge and Belmont to insure the protection of the Alewife Brook Valley. The three Commissions have filed legislation to this end.

5. The Commission belongs to the Massachusetts Association of Conservation Commissions. Members have attended various field meetings and conventions sponsored by the Association.

6. Members of the Commission have spoken before many local associations and clubs on the Commission's plans for conservation in Arlington.

These activities illustrate the scope of the Commission's work. They suggest as well the motivation of the members: the desire to secure for the future some remnant of Arlington's "green and pleasant land."

Respectfully submitted,

Philip S. Thayer, Chairman
Arlington Conservation Commission

Supervisor of Bulding Maintenance

January 8, 1968

Mr. Donald R. Marquis
Town Manager
Arlington, Mass.

Dear Mr. Marquis:

I, herewith, submit my report as Supervisor of Building Maintenance for the year ending December 31, 1967.

Specifications and contracts for various types of repairs, alterations, and replacements to various Town Owned Buildings for contract work, including fuel etc. were prepared by this Department and submitted to the Purchasing Agent to obtain competitive bids. After bids were awarded, this Department supervised and inspected all work and materials as the work progressed.

The following consists of some of the various types of projects completed by Contractors and the Building Maintenance Department personnel during the year:

Senior High School

Prepared and painted part of the interior of Building "A" and "C".

Replaced existing light fixtures with fluorescent fixtures at Stairways A, B, C of Building A, and basement corridor of Building B.

Specifications were prepared and awarded for the furnishing of (2) counter and mail box units. Delivery will be made in January of 1968.

Replaced electric Damper Motor for fresh air in Boiler Room.

Repaired and replaced Thermostats in Rooms 64, 67 and front hall.

Furnished and installed (4) Academy type pilasters and (3) doors and head rail for toilet partitions.

Rewrapped blow-off piers, resealed rear arches and pointed combustion burner to the Boiler.

Wired 3-phase bench saw, welding machine, wall outlets and spot welder for General Shop.

Furnished and installed (48) Best cylindrical lock sets.

Repaired and replaced (27) window shades.

Installed Vinyl-Asbestos tile flooring in Paint Shop and Craft Shop.

Installed new panel on #2 burner and new vacuum gauge.

Prepared and painted Rooms 3, 8, 18, 29A, Vocational Office and General Shop. Work done by the Building Maintenance Department.

Sanded and refinished table tops in Library. Work done by Building Maintenance Department.

Installed wire mesh grille in Physical Education Office.

Furnished and installed Building Security & Heating Plant Surveillance.

Junior High East

Constructed wall with face bricks and concrete blocks.

Rewired new 100 ampere panel to kitchen and steam kettles.

Erected windows at Balcony.

Installed Ceramic tile on walls in Lunchroom and Vinyl-Asbestos tiles on kitchen floor.

Pointed and caulked windows.

Reroofed the Auditorium and Gymnasium.

Prepared and painted Sewing Room in basement, all classrooms on second and third floors and two corridors.

Furnished and installed Ozite carpet in Room 38.

Made repairs and replacements to gym floor. Work done by the Building Maintenance Department.

Replaced ballast in Room #24 and repaired 3-phase service connections.

Alterations and additions were made to the heating and ventilation system.

Junior High West

Replaced Stainless Steel Soiled Dish Table.

Made repairs and replacements to receptacle for grinder, buffer and coffee hot plate and rewired panel with new switch.

Wired new 100 ampere feeders from main panel to kitchen dishwashing machine and Manuel Training Room and installed new circuit breakers.

Furnished and installed Building Security and Heating Plant Surveillance.

Furnished and installed Ceramic Tile on (2) walls in dishwashing room and center partition in kitchen; also Vinyl-Asbestos on floor.

Installed acoustic tile ceiling in Lunchroom.

Furnished and Installed a Suspended Acoustical ceiling in the cafeteria.

Made repairs and replacements to roof.

Hot topped Boys' Playground at rear of school. Work done by the Public Works Department.

Made repairs and replacements to Jennings Condensate Pump.

Made all necessary repairs to furniture, doors, etc. Work done by the Building Maintenance Department.

Repaired and refastened stair treads in stairways A, B, and D. Work done by the Building Maintenance Department.

Replaced broken tiles in Room #3, corridor outside Room #3 and corridor outside Cooking room. Work done by Building Maintenance Department.

Junior High Industrial Arts

Wired (2) new circuits from main panel to Kitchen and installed new outlets.

Painted Parking lines at new parking area. Work done by Public Works Department.

Extended hot top area at rear of building to provide additional parking spaces. Work done by Public Works Department.

Repaired combustion Chamber in Boiler Room.

Bishop School

Replaced (10) wooden framed walls with masonry.

Made repairs and replacements to roof.

Painted exterior of building and part of interior.

Repaired thermostat in Playroom "B", adjusted thermostats in Rooms 1, 7, 11 and 14 and installed new line in Playroom and adjusted controls.

Repaired and replaced grilles and installed (2) locks on each.

Furnished and installed shelving in Audio-visual closet. Work done by Building Maintenance Department.

Replaced broken tiles in playroom, Rooms 1, 4 and 6. Work done by Building Maintenance Department.

Brackett School

Removed and installed new fixtures under balcony.

Installed wire mesh grilles to cover glass on all doors and windows.

Crosby School

Furnished and installed ceramic tile in new toilet in basement.

Furnished and installed new chalkboards in the basement rooms.

Furnished and installed one pair of Kalamine doors in Boiler room.

Furnished and installed chalkboards, map rails and tackboards.

Furnished and installed draperies in Auditorium.

Replaced low voltage switch and electric bell.

Made repairs and replacements to chain link fence.

Cutter School

Made repairs to roof and cleaned valleys.

Furnished and installed wire mesh grilles.

Made repairs to sprinkler system and replaced low voltage switch and electric bell.

Installed new feeders and panel on 1st floor and replaced existing feeders.

Dallin School

Made repairs and replacements to chain link fence.

Made repairs and replacements to fire horns.

Made repairs and replacements to (3) clocks.

Hardy School

Furnished and installed chalkboards in (4) classrooms.

Removed and installed new outlets in Rooms 8, 9, 10, 11, 12, 13 and 14.

Made repairs and replacements to roof.

Serviced and repaired clocks in rooms 2, 4, 6, and 24.

Lathed and plastered walls in Boys' Sanitary, 2nd floor.

Locke School

Made repairs and replacements to roof and gutters.

Installed wire mesh grilles to cover glass on all windows.

Made repairs and replacements to fence.

Furnished and installed Vinyl- Asbestos Tile flooring in the (2) play areas.

Parmenter School

Made repairs and replacements to roof.

Made repairs and replacements to chain link fence.

Prepared and painted exterior and part of interior.

Peirce School

Relocated and installed new fixtures on rear and side of building.

Furnished and installed stage curtains in the Auditorium.

Stratton School

Replaced skylight.

Made repairs and replacements to Fairbanks Morse Generator.

Thompson School

Made repairs to roof and replaced (4) skylights.

Furnished and installed draperies in the Auditorium.

Replaced control panel to Boiler.

Made repairs and replacements to incinerator brickwork.

23 Maple Street

Furnished and installed custom canvas awning.

Wired and installed (2) new fixtures rear hall with 3/w switches, wired new circuit to duplicating machine and installed fixture over unit. Relocated and installed new outside fixtures on porch.

Robbins Town Hall

Repaired and serviced Tower Clock.

Installed (12) Dole valves in various locations throughout the building.

Made repairs to (8) Auditorium tables, (6) individual stage chairs and several Auditorium chairs. Work done by the Building Maintenance Department.

Made repairs to leaks in heating system and replaced steam valves in radiators where needed throughout the building. Work done by the Building Maintenance Department.

Serviced and installed Equalizer line on Nash Boiler Feed System.

Made repairs to outside wall of Engineers' Office.

Furnished and installed partitions in the Veterans' Service Office and the Engineering Office.

Made repairs and replacements to the roof.

Made electrical repairs and replacements throughout the building.

Cleaned all windows on outside of Town Hall and Annex. Cleaned (8) large windows both inside and outside of Auditorium.

Renewed license for Hall for one year.

Recaned seats and backs of several of the Auditorium chairs.

Robbins House

Lathed and plastered ceiling in Welfare Office.

Replaced light ballasts in Welfare and Social Workers' Office.

Cleaned all windows inside and out, including combination storm windows.

Installed new locks, kick plate on boiler room door and cement step. Work done by the Building Maintenance Department.

Dallin Library

Replaced broken light of glass in door, freed windows that were sticking and hung Fire Extinguisher in corridor outside boiler room. Work done by Building Maintenance Department.

Robbins Library

Due to the explosion of the boiler a new boiler and oil burner was installed. Prior to the installation, the Building Maintenance and Public Works Departments worked jointly in preparing the Boiler Room for the new installation.

Furnished all labor and equipment to clean the floors, walls, ceilings, books, furniture, etc.

Park Department

Water is turned on in the various parks for summer use and turned off and winterized in the fall. This is done by the Building Maintenance Department.

Prepared and painted the exterior of the building.

Removed and installed new exterior door jamb.

Highland Fire Station

Prepared and painted interior where trucks are housed. Work done by Building Maintenance Department.

Cemetery Department

Repaired overhead doors at garage under Chapel and secured hangers.

Reservoir Building

Furnished and installed (18) window louvers.

Police Station

Installed counter in Dark Room. Work done by the Building Maintenance Department.

Made minor repairs throughout the year to the plumbing system. Work done by Building Maintenance Department.

Various

Renewed Annual Termite Protection Contracts for various schools.

Contracts for oil burner service were processed through the Maintenance Office for all oil burners in the Town Owned Buildings.

Repaired and replaced window shades and venetian blinds in all Town Owned Buildings where needed.

The clocks in the various Town Owned Buildings were serviced and repaired throughout the year.

All heating boilers, hot water tanks and air compressors in the Town Owned Buildings were inspected by the Insurance Inspectors and all repairs and replacements were made according to their requests. Certifications of approval were issued for each unit in each building for a period of one year.

Furnished and installed Building Security and Heating Plant Surveillance in the Junior High East.

Painted part of the interior of the Junior High East.

The Fire Alarm System in all schools were tested prior to fall school opening by the Fire Department and were found to be in good operation.

All Fire Extinguishers throughout the Town Owned Buildings were checked and recharged.

In addition to the above work, well over twenty-five hundred work and repair orders were issued to the Building Maintenance personnel and contractors for various types of work, such as plumbing, heating, painting, electrical work, roof work, boiler and oil burner repairs, carpenter work, furniture repairs and replacements, etc. The cost of these jobs varied from \$5.00 to \$1,200. Many of these repair orders were due to vandalism.

During the year 2,748 lights of glass were replaced by the Building Maintenance Department personnel in the various schools at the cost of \$17,617.01.

Respectfully submitted,

Anthony Quattrocchi
Supervisor of Building Maintenance

Annual Report of the Inspector of Animals

December 10, 1967

Town Manager:

1. A total of 162 animals in Arlington were examined and quarantined for biting persons in the past year.

2. The heads of two animals were sent to the Wasserman Laboratory in Jamaica Plain for examination of the brain for evidence of rabies. Both were negative.

3. Although there were no cases of rabies in Arlington we must be continually on the alert for an outbreak of the disease due to the increasing incidence of rabies in bats and wild life. I suggest as much publicity as possible be given to preventive inoculation both at the public clinic and privately.

4. I wish to extend my appreciation for the excellent cooperation given to me by Mr. Comeau and his staff at the Board of Health. Also my thanks to the Dog Officer and the police.

Respectfully submitted,

John J. Murphy Jr., D.V.M.

Annual Report of the Department of Civil Defense

January 8, 1968

Mr. Donald R. Marquis
Town Manager
Arlington, Mass.

Dear Mr. Marquis:

In accordance with the by-laws of the town, I submit herewith the eighteenth annual report of the Department of Civil Defense.

SHELTERS Last year we reported fifty-five shelter spaces in Arlington. The Army Corps of Engineer's has reduced this figure to forty-eight with 26,545 spaces, 22,332 of which are stocked.

Buildings now marked and stocked are:

	<u>Spaces</u>
Arlington Town Hall	983
Robbins Library	584
Industrial Arts School	450
Police Station	224
Main Post Office	690
Arlington Storage Warehouse	1,834
Arlington Five Cents Saving Bank	891

Central Fire Station	450
Gordon's Furniture Co.	104
Arlington Catholic High	786
St. Agnes School	720
St. Agnes Convent	75
Arlington High School	4,030
Cutter School	154
Junior High West	856
Locke School	185
Brackett School	879
St. James Church	273
St. James School	171
Marion Convent	83
Pierce School	173
Symmes Hospital	1,658
Symmes Nurse's Home	131
MDC Pumping Station	137
St. Camillus Church	777
Regent Theatre	667
Capitol Theatre	358
Crosby School	922
Office Building, 661 Mass. Avenue	60
Parmenter School	198
Telephone Exchange	1,084
Hardy School	931
Arlington Boy's Club	397
Wellington Nursing Home	127

TOTAL 22,302

The following available spaces, approved as shelters by the U. S. Army Corps of Engineers, have not, as yet, been stocked.

	<u>Spaces</u>
Masonic Temple	89
First Baptist Church	498
Congregational Church, Park Avenue	225
Parkway Apts., Summer Street	518
Apt. Bldg., 11 Brattle Drive	58
Apt. Bldg., 233 Mass. Avenue	360
Apt. Bldg., 20 Tuft Street	151
Apt. Bldg., 276 Mass. Avenue	680
Apt. Bldg., 285 Mass. Avenue	356
Colonial Apts., 389 Mass. Avenue	121
Apt. Bldg., 6 Jason Street	231
Churchill Apts., 846 Mass. Avenue	60
Ford Arlington Sales, 295 Broadway	460
St. James School	<u>436</u>
TOTAL	4,243

COMMUNICATIONS In Arlington the Director of Civil Defense also has the supervision of maintenance control of the Local Government Communications System. This year one new radio was bought for the Dog Officer's van. We now have a total of 63 mobile units plus four portables with one at each of the following departments: Fire, Police, Public Works and Civil Defense. Money was appropriated at the 1967 Town Meeting for three more mobile units. These have not been bought as yet as the laws regarding matching funds were changed. We are still trying to get the radios on a matching funds basis.

MATCHING FUNDS This is a Civil Defense Program under which we are able to collect one half our electric costs and also one half the price of equipment for which we can present a justification that meets the approval of the Federal Agency.

Under this program this year the following collections have been made:

2 radios purchased in 1966	\$742.00
Local Government Radio System	
Electricity	<u>144.00</u>
	\$886.00

PUBLIC LAW 85-606 This is a program which reimburses a city or town, that has met the necessary qualifications, approximately one half of their administrative and personnel expenses. Arlington has been certified by the State and Federal Governments as eligible participants. Payments are made to the town on a quarterly basis. This year a total of \$3,645.18 was collected under this program. These checks are not added to the Civil Defense Budget but go directly to General Town Funds.

The total amount given to the town treasurer this year was:

Matching Funds	\$886.00
Public Law 85-606	<u>3,645.18</u>
	\$4,531.18

SURPLUS PROPERTY During this year the following amount of surplus property was purchased:

<u>Government Cost</u>	<u>Our Cost</u>
\$26,537.78	\$1,606.05

Our outstanding purchases under this program this year were:

	<u>Govt. Cost</u>	<u>Our Cost</u>
Tractor	\$ 2,315.00	\$ 100.00
Steel	21,819.82	1,344.55

AUXILIARY POLICE Lieutenant John F. Carroll of the regular Police Department is in charge of this group of men, who, have this year given to the town a total of 1,503 hours. Their assignments have been:

Church Traffic	1144 hours
Auxiliary Police Meetings	156 hours
Traffic Assignments for Parades	103 hours
Halloween Assignments	<u>100 hours</u>
Total	1503 hours

We are, indeed, grateful to these men who so gladly and freely give so much of their time in helping their community.

BAY STATE FIVE WATTERS This is a group of Citizen Band Radio operators who joined Civil Defense about two years ago. Seventeen operators helped patrol the Town Halloween and covered a total distance of 154 miles. We are very grateful for the assistance they gave us.

AUXILIARY FIRE FIGHTERS This group is under the leadership of Auxiliary Chief J. Fred McGann and served a total of 595 hours. They responded to 46 calls and worked 41 hours at actual fires.

We express our sincere appreciation to Auxiliary Chief McGann and all the men who have worked with him during the past year.

This year nine people were awarded certificates after attending a class in Shelter Management sponsored by Sector I-C M.C.D.A.

I wish to express my appreciation to you, the Board of Selectmen, Town Departments and Civil Defense Volunteers for their cooperation during the past year.

Respectfully submitted,

John P. Dempsey
Director of Civil Defense

Report of the Inspector of Buildings

January 4, 1968

Mr. Donald R. Marquis
Town Manager
Arlington, Mass.

Dear Mr. Marquis:

TOTAL		\$525,605

Very truly yours,

James C. McCabe
Inspector of Buildings

Annual Report of the Wire Department

January 8, 1968

Mr. Donald R. Marquis
Town Manager
Arlington, Mass.

Dear Mr. Marquis:

I herewith submit my twenty-seventh Annual Report of the Wire Department for the year ending December 31, 1967:

Permits issued	1116
Fees Collected	\$558
Inspections	2562
Poles Set	197
Poles Removed	153

Street Lights Ordered

1000 Lumen incandescent lamps	6
2500 Lumen incandescent lamps	2
3500 Lumen mercury vapor lamps	145

Street Lights Replaced

1000 Lumen incandescent lamps	104
2500 Lumen incandescent lamps	6

Street Lights in Service December 31, 1967

1000 Lumen incandescent lamps	1795
2500 Lumen incandescent lamps	225
3500 Lumen mercury vapor lamps	257
4000 Lumen incandescent lamps	158
6000 Lumen incandescent lamps	171
7000 Lumen mercury vapor lamps	8
10000 Lumen incandescent lamps	12
11000 Lumen mercury vapor lamps	70
20000 Lumen mercury vapor lamps	327

The Town, through this department, has commenced a relighting program for side streets that will not only result in improved lighting, but should also help in reducing acts of vandalism and other mischief that flourishes in dark areas.

The proposed lighting, nineteen hundred (1900) thirty-five hundred (3500) lumen, mercury vapor lamps will replace an equal number of one thousand (1000) lumen incandescent lamps. This will provide an increase of two hundred and fifty(250%) per cent in light, at a forty per cent (40%) increase in cost.

I wish to extend my thanks to the personnel of all departments and members of the various boards for courtesies and cooperation extended to this department during the year.

Respectfully submitted,

Robert L. Reid
Inspector of Wires

Report of the Department of Veterans' Services

Mr. Donald Marquis
Town Manager
Arlington, Mass.

Dear Sir:

Submitted herewith is the twenty-third annual report of Veterans' Services covering the calendar year 1967. The first section of this report deals with the services provided and the second part with the financial aid disbursed to needy veterans and dependents, in conformance with Chapter 115, General Laws of the Commonwealth.

VETERANS' SERVICES

Photostatic copies made (discharges, vendors, statements, etc.) .	4,000
Documents notarized	57
Contacts made in furnishing counsel, information and assistance in prosecuting claims of veterans, their survivors and dependents and processing applications for the varied V.A. benefits	2,604
Visits to hospitals, homes, etc.	850
Letters, histories, records, etc.	5,000
Veterans Administration forms completed	580
Veterans Administration claims handled as agent for claimants ..	180
Veterans' graves decorated twice yearly (750 each time)	<u>1,500</u>
Total for year	14,771

Total of annual cash benefits accruing to Arlington claimants from the Veterans Administration through the efforts of this de- partment	\$138,275
---	-----------

The successful prosecution of aforementioned claims has resulted in a considerable saving to the Town of Arlington as many of these recipients would have been forced to apply for financial assistance because of insufficient income and resources, without these benefits.

VETERANS' BENEFITS

A tabulation of the administrative work connected with the disbursement of financial aid to needy veterans and their dependents follows:

Contacts (visits, interviews, telephone, etc.)	4,600
Applications, copies, history entrees, records and letters	3,854
Cases on roll	76
Persons financially assisted during the year 1967 (monthly average)	443
Annual case load	884
Monthly average case load	73

Applications and re-applications for aid received	100
Applications and re-applications for aid accepted	71
Applications and re-applications for aid rejected	16
Applications referred to other agencies	12
Refund cases	23

A tabulation of actual disbursements made to needy applicants for financial assistance during the year 1967 follows:

VETERANS' BENEFITS

State participation 50% of all authorized payments	\$108,543.72
Authorized payments	108,543.72

REIMBURSEMENTS AND REFUNDS

State reimbursement in the amount of \$16,586.72 has been received by the Town Treasurer. This balances State indebtedness through the month of April 1967.

Gross disbursements for 1967 calendar year	\$108,543.72
Refunds and recoveries	7,214.84
Expected State reimbursement	50,664.44
Net 1967 disbursement by Town of Arlington	50,664.44

FINANCIAL STATEMENT

Veterans' Benefits

Ordinary Benefits	\$ 59,148.16
Fuel	4,674.30
Doctors	8,231.82
Nursing Homes	11,906.81
Medication	6,225.35
Hospitals	4,904.45
Miscellaneous (Ambulances, prosthetic appliances, etc.)	2,788.84
Dental	748.00
December not allocated	9,915.99
	<u>\$108,543.72</u>

Operating Expenses

Personnel	20,104.00
Telephone	377.40
Office Supplies	740.74
Miscellaneous	516.47
Automobile Allowance	480.00
	<u>\$ 22,218.61</u>
Grand Total	\$ 130,762.33

In conclusion, I wish to gratefully acknowledge the cooperation received from the Board of Selectmen, the Town Manager, other departments of Town Government and to express my appreciation of the excellent work performed by the employees of this department.

Respectively submitted,

James M. Coyne
Director

Report of the Boards of Appeals

January 15, 1968

To the Honorable Board of Selectmen
Robbins Town Hall
Arlington, Mass.

Gentlemen:

Submitted herewith is the Annual Report of the Boards of Appeals for the calendar year ending December 31, 1967.

The Zoning Board of Appeals heard a total of 49 cases during 1967, disposition of which was as follows:

Variances granted	35
Variances denied	4
Variances denied without prejudice	4
Appeals withheld pending further action or study	5
Appeals withdrawn	<u>1</u>
Total	49

The Building Board of Appeals heard a total of Eight Appeals of which six were granted and two withheld for further action or study.

Respectfully submitted,

Ralph F. Tuller
Chairman Zoning Board

Daniel A. Healy, Jr.
Chairman Building Board

Report of the Dog Officer

January 8, 1968

Mr. Donald R. Marquis, Town Manager
Town Hall
Arlington, Mass.

Dear Mr. Marquis:

I herewith submit my report as Dog Officer for the Town of Arlington for the Year ending December 31, 1967.

At this time, I wish to express my thanks to you and the Board of Selectmen for the advice and assistance given to me in the settlement of controversies arising between the dog owners and complainants.

I would also like to take the opportunity to thank Police Chief Lucarelli, his department and the office of the Town Clerk for the splendid co-operation given me through the past year.

In conclusion, I gratefully acknowledge the prompt attention given by the dog owners of Arlington to the licensing of their dogs this year, also abiding by the Leash Law.

Respectfully submitted,

Samuel F. Femia
Dog Officer

Dogs Impounded	271
Dogs Returned to Owners from pound and fines paid	94
Fines collected and turned over to Town Treasurer	\$246.50
Unlicensed Dogs impounded and turned over to the Animal Rescue League when owners could not be located	177
Dog Owners contacted on warrant	2,895
Dogs caused to be licensed	2,259
Dogs Licensed	2,259
Complaints received and investigated	718
Leash Law violators taken to court	40
Fines paid for violating Leash Law	\$190
Fines paid for unlicensed dogs	\$ 30
Defaulted at Third District Court	2
Court Cases dismissed	4
Court cases filed	8
Hearings at court	2
Dead or mutilated animals removed from the Highways	247

Cats -----	128	Rabbits -----	3
Dogs -----	40	Skunks -----	27
Duck -----	1	Squirrels ---	34
Pigeons -----	13	Turtle ---	1

Annual Report of the Arlington Housing Authority

Board of Selectmen
Town Hall
Arlington, Mass.

Gentlemen:

The Arlington Housing Authority is pleased to submit herewith its annual report for the year 1967.

During the month of January, Mr. Myron D. Chace was appointed to the Housing Authority for a term of five years by the Deputy Commissioner, Division of Housing of the Department of Commerce and Development for the Commonwealth of Massachusetts. He replaced Mr. Thomas M. Kelly, whose term expired in July 1966.

At its annual meeting held on March 6, 1967, the Town voted to convey a parcel of land located on Mystic and Winslow Streets to the Housing Authority for the construction of a high-rise development for elderly persons. The Town Meeting voted to rezone this parcel so that such a structure could be built in this area. The Authority has since engaged architectural and engineering services so that at this writing bids are now being secured for the construction of this building which will contain 136 dwelling units, plus community facilities.

The Authority also continued the operation and maintenance of the 176 veterans' apartments and 172 elderly apartments. During the course of the year the Authority made a voluntary payment to the Town, in the amount of \$6,336 in lieu of taxes. The Authority wishes to thank the Board of Selectmen, the Town Manager, and all other Boards and Department heads, for their cooperation in various matters throughout the year.

Hereby submitted,

Arlington Housing Authority
Edward J. Doherty
Frederick R. Buckley, Jr.
Myron D. Chace
John J. Hogan
Joseph S. Vahey

Report of the Cemetery Department

January 9, 1968

Mr. Donald R. Marquis, Town Manager
Town Hall
Arlington, Mass.

Dear Sir:

The Board of Cemetery Commissioners herewith submit their Annual Report for the year ending December 31, 1967.

Kimball Avenue and Henderson Avenue on the westerly side of Mill Brook were black topped.

Plot BB in the new section was staked and numbers put in. It is now ready for the sale of two grave lots.

Twelve Sargent Cherry trees were planted by the Tree Department in the old cemetery on Pleasant Street. The Tree Department removed four diseased Elms in the old section of Mt. Pleasant Cemetery. Also removed were two Maples and one Linden because of interference when opening graves.

There were 466 interments during 1967.

Due to the many winter openings, approximately 600 lbs. of grass seed was sowed in the spring.

Mr. Antonio Catalano, Motor Equipment Operator Grade 1, retired on March 31, 1967 after twenty-eight years of faithful service. We wish Mr. Catalano a long retirement.

Mr. John R. Keefe was welcomed to the Board. His appointment on December 22, 1967 replaced Mr. T. Gordon Smith who had served faithfully for nine years until his death on November 19, 1967. His passing was deeply felt by all the cemetery employees.

The Board wishes to thank the various Department Heads for their help and cooperation during the year. They also want to express their appreciation and thanks to Supt. Edward C. Preston for his untiring service and all employees of the department for their cooperation.

The following are the receipts of the Cemetery Department for the year ending December 31, 1967:

Sale of Lots and Graves	\$19,719.00
Annual Care	2,364.60
Foundations	3,369.70
Opening Graves	20,485.00
Miscellaneous	6,034.00
Perpetual Care	21,299.00
Income from Fund	28,426.30

Respectfully Submitted,

Board of Cemetery Commissioners

John H. Callahan, Chairman
Arthur L. McAvoy
John R. Keefe

Report of the Town Engineer

Mr. Donald R. Marquis
Town Manager
Town Hall
Arlington, Massachusetts

January 5, 1968

Dear Sir:

In addition to the usual Department work, which is listed later, all claims against the Town for damages or injuries alleged to have been caused by defects were investigated and reports and recommendations made. Many plans and sketches were made for the different Departments of the Town as well as reports and recommendations to the Selectmen and the Town Manager.

The following is a list of some of the work done by the Department during 1967:

Building Applications processed, house numbers assigned and grades checked	43
Inspection of work by Licensed Contractors on Public Ways...	34
Design, layout and supervision of Chap. 679 reconstruction projects	4
Design, layout and supervision of 1967 street construction...	10
Supervision of Menotomy Rocks Drive, Madison Avenue and Ridge Street developments	3
Taking plans for Park, Sewer, Water and Street Acceptance ..	16
Lines and grades given for Street Construction, Fences, Curb, Sidewalks and Gutter Levels	130
Survey, design and laying out of Cemetery Lots	150
Survey, levels and estimated cost of 1968 streets	9
Estimated costs of 1968 Chap. 90 Streets	4
Traffic Signal installations, contracts, specifications and supervision	6
Traffic Signal design, specifications and contracts	6
Traffic Counts, data and estimates for future signal alterations, etc.	3
Tree Locations for Tree Department	8
Study Plans, Estimates, etc. for Parks, Parking Areas, Safety and Traffic Islands	24
Sewer, Water, and Drain Installations - lines, grades, locations, estimated and final assessments and plans	50
Additions and corrections to Block Plans and Sewer Plans (subdivisions, buildings, etc.)	89

On December 4, 1967, our Town Engineer, Wilbur H. Roby, passed away suddenly to the sorrow of the Town, and particularly to the Employees of this Department, who shall miss his fair and impartial treatment and his knowledge of the Town's engineering needs.

In substituting for him I know he would want me to extend his appreciation to his fellow employees and to all Town Officials for their cooperation and assistance during the past year.

Very truly yours,

Joseph J. Sullivan
Acting Town Engineer

The three fatal accidents which resulted in the deaths of three persons during 1967 were as follows:

On January 14, 1967 at 12:25 A.M. an automobile operated by Ralph R. Rowley, 18 years, of 442 Mystic St., Arlington struck a parked truck on Mill Brook Drive. Rowley was pronounced dead at the scene of the accident.

On May 5, 1967 at 8:22 P.M. Sandra Toussaint, 19 years, of 330 Bunker Hill St., Charlestown was a passenger in an automobile which crashed through a guard-rail on Route 2 and overturned. She was pronounced dead on arrival at the Symmes Hospital.

On May 15, 1967 at 2:37 P.M. Geoffrey J. Burns, 19 years, of 504 Appleton St., Arlington was the operator of an automobile which jumped the median strip on Route 2 and struck another vehicle head-on. As a result of injuries received from this accident Burns died at the Chelsea Naval Hospital on May 27, 1967.

TRAFFIC SIGNAL DEPARTMENT

The Traffic Signal Maintenance Division is responsible for the installation and maintenance of all aids to the regulation and control of vehicular and pedestrian traffic on the public ways.

Measures adopted in 1967 to expedite the flow of traffic and to facilitate parking were as follows:

Additional traffic lights and Pedestrian Walk - Don't Walk installed at the following locations:

Summer and Mill Street	Mystic and Columbia Rd.
Mass. Ave. and Franklin St.	Broadway and Franklin St.
North Union and Broadway	Broadway, Bates Rd., River St.

Twenty-five Stop Signs were removed at Traffic Signal locations.

Stop signs were installed at the following locations:

Wollaston Ave. & Appleton St.	Appleton St. & Wachusett Ave.
Washington St. & Overlook Rd.	Oakland Ave. & Renfrew St.
Oakland Ave. & Hillside Ave.	

Radar Speed Check Warnings Signs installed with the introduction of the Radar Set to reduce speeding violations.

Curb lines extended on Medford Street and Warren Street in preparation of change in cross-walk locations for new Pedestrians' Control traffic lights.

Police Department and Public Works Department made a sign survey and combined signs. Excess sign posts removed.

"No Parking Anytime" amended to Town Traffic Rules and Regulations on north-erly side of Mill Brook Drive, 150 feet from corner of Mill Street and also on Quincy Street at Junior High West westerly side, 150 feet south from corner of Appleton Place.

Green Crosswalks painted at various locations on Mass. Ave. and Broadway.

AUXILIARY POLICE

I wish to publicly acknowledge my sincere gratitude and to commend the members of the Auxiliary Police for their unselfish devotion to duty through their various activities in the past year.

CONCLUSION

I extend my sincere appreciation to the Honorable Board of Selectmen, to our Town Manager Donald R. Marquis, to the members of the Police Department, and to all heads and personnel of other Town Agencies for their cooperation and support during the past year.

Respectfully submitted,

Ferdinand A. Lucarelli
Chief of Police

Report of the School Committee for the Year 1967

To the Citizens of Arlington:

As Chairman of the Arlington School Committee it is once again my privilege to report on the progress of our schools.

The year 1967 was one of much ferment and activity in our schools. In the interest of brevity, I shall confine my report to certain areas representative of the year's progress as a whole.

At the regular Town Meeting in March of this year money was appropriated for the construction of a ten room addition to the Dallin School. The vote was unanimous and seems to reflect the fact that the Town will support good education when the need is evident. Ground was broken in October and at the present writing significant progress is underway on the addition. Barring unforeseen circumstances, the addition is scheduled for occupancy in September 1968. This will permit youngsters currently attending the Locke School to return to the Dallin and will result in smaller class sizes at both schools.

The Chairman spent many hours last summer, fall, winter and spring engaged in Collective Bargaining sessions with the Arlington Teachers Association. The resulting agreement was officially signed on September 27, 1967. It contains the regulations of the Arlington School Committee plus additions or changes through negotiation. A new competitive salary schedule was created after much study and deliberation. The general consensus is that the document is a good one in that it is fair to all parties involved. As collective bargaining by municipal employees on "wages and conditions of work" is of recent legal origin only the passage of time can reveal what the real effect will be on education as a whole. Suffice it to say that significant changes are inevitable and that the Committee's responsibilities will increase over the next few years while at the same time there may be gradual erosion of its powers. This poses a real dilemma which could alter the Committee's traditional role in policy making.

The Arlington Public Schools was invited by Harvard University during this year to become a member of Education Collaborative along with such prestigious systems as Brookline, Lexington and Newton. "Ed Co", through its projects and field agents, hopes to bring together school men who will collectively resolve problems of mutual concern. The premise on which "Ed Co" operates is that the cross fertilization of ideas and practice between schools and universities, and across school district lines, will raise the quality of instruction throughout the Greater Boston area. The Committee was pleased to be able to partake in such a venture and our Superintendent is currently involved with the Superintendents of the other communities mentioned above and Harvard faculty in the collaborative effort of setting up procedures for resolving mutual problems.

It pleases me to report that the schools are continuing to take advantage of various federal monies in our constant struggle to make our schools better. Under Title I the sum of \$15,000 was expended in a five week period this past summer to improve the basic skills of some of our pupils. The Office of Economic Opportunity Act contributed \$9,290 to finance a pre-school program for disadvantaged youngsters under Head Start. Under Title II of the Elementary and Secondary Education Acts of 1965 the schools received \$15,049 to buy additional volumes for our school libraries. This Act (Title II) covers a five year period during which communities can strengthen their library programs. Arlington is now engaged in the process of applying for its third grant under these funds. The schools received \$100,300 under a Title III (ESEA) grant entitled "Operation Male" which is attempting to establish the effect of male figures in the classroom (grades K through 2) on young boys' school progress. This is an excellent example of how federal funds can make possible the researching of ideas we have always wanted to explore but have not done so due to the cost. The results of this study are being watched with interest by educators throughout the country as its implications are huge. The

schools received \$10,203.50 under Title III of the NDEA Act in matching funds for renovating and equipping two combination biology demonstration rooms. The Arlington Technical-Vocational High School received \$38,100 under Public Law 88-210 to bolster its program. Lastly, but not least, the Town received the sum of \$61,344 under Public Law 874 due to our being a federally impacted community. This entire sum was turned over to the Town to help reduce the costs of operating the schools.

Nine members of our professional staff retired this year. Their years of service and dedication to duty will long be remembered and difficult to replace.

Miss Helen Gallagher, Elementary Physical Education Director, retired after 46 years of service.

Miss Alyce Charter, classroom teacher at Peirce School, retired after 40 years of service.

Miss Bessie Mack, teacher of academic subjects at the Junior High Industrial Arts School, retired after 39 years of service.

Miss Iris Brown, teacher of English at Arlington High School, retired after 38 years of service.

Mr. Douglas Eaton, Head of the Mathematics Department at Arlington High School, retired after 37 years of service.

Mr. Carl Johnson, Head of the Social Studies Department at Arlington High School, retired after 37 years of service.

Mr. Elmer Barber, Mathematics teacher at Arlington High School, retired after 32 years of service.

Mrs. Miriam Williamson, teacher of Social Studies and English at the Junior High School West, retired after 13 years of service.

Mrs. Mary Coutts, Physical Education teacher at Arlington High School, retired after 8 years of service.

The School Committee expresses deep appreciation for the many years of service in behalf of the Town provided by these teachers and hopes that their retirement will be a rewarding tribute to them.

The Committee wishes to acknowledge the retirement of three long term members of the School Department who have contributed much to the effective operation of the schools.

Miss Kathleen Whalen, Head Accountant, retired after 41 years of service.

Mrs. Grace Stafford, secretary, and former secretary to the School Committee, retired after 16 years of service.

Mrs. Audrey Meade, Supervisor of School Nurses, retired after 20 years of service.

A good school system is the result of the efforts of many dedicated men and women. The Committee wishes to acknowledge its appreciation to the many employees of the Town who have made the smooth operation of the schools possible.

Annual Report of the Superintendent of Schools for the Year 1967

To the School Committee of Arlington

Ladies and Gentlemen:

Once again it is my privilege to submit a report on the progress of our schools. As I have stated before, it is my belief that we are making headway in our efforts to make our good schools even better.

As in previous years the Committee turned over the sum of \$61,344 under Public Law 874 to the Town to help defray some of the cost of our schools.

The decision on what to include in this report is always difficult for it is impossible to adequately discuss all facets of our educational program. Therefore, I am choosing those aspects that our staff feels are most pertinent for the ordinary citizen to know about the operation of our school system. The magnitude of the task is such that we are merely highlighting the more interesting happenings that reflect the fundamentals that undergird our schools and their philosophy.

OUR ELEMENTARY SCHOOLS

The President of Notre Dame University said recently, "Every human institution must renew itself as it faces the problems of each new age. Otherwise, it will develop organizational arteriosclerosis." This most apt statement expresses graphically our feelings in regard to the education of children. We must constantly examine our practices and keep them in tune with the 21st Century where many of our elementary youngsters will spend their mature years.

The Superintendent took cognizance of this need by implementing a year long study of our schools by the staff and administration. The study popularly known as the "Five Year Projection" tried to answer three questions about our schools: 1. Where are we? 2. Where do we want to be five (5) years from now? 3. How do we get there in the most efficient and effective manner? The reports were turned into the Superintendent in June 1967 and the administrative staff spent the bulk of the summer collating and synthesizing them into a manageable manuscript. This manuscript was presented to the School Committee this fall which is currently studying its recommendations and setting up an order of priorities for implementation. This process is a long one and the results of this study may take years to achieve. In the final analysis any significant change costs time or money which tend to be synonymous as far as education is concerned.

The staff seems to be in general agreement that in order to have the type of elementary education they feel our youngsters deserve that four (4) factors will have to take place. 1. Class sizes must be kept significantly low. 2. Teaching practices must adapt or adopt certain techniques of instruction such as: team teaching, nongraded classes, the discovery method of teaching, etc. to the needs of Arlington. 3. The schools must continue to buy and increase purchases of such mechanical devices to aid teaching as: teaching machines, overhead projectors, recorders, computers, projectors, etc. 4. That our older schools be replaced by modern buildings as soon as practical and that our newer buildings be kept abreast of educational needs as they emerge.

The 3 R's (reading, writing and arithmetic) still are the cornerstones for an effective school curriculum. We in the schools are proud to emphasize this but we must hasten to add that the 3 R's are being taught in a manner most compatible with modern pedagogical research and practice.

The Primary Reading Program continued its aim of strengthening the developmental skills of vocabulary, word meaning, phonics, word analysis and comprehension. These skills are a vital background for each child if he is to progress successfully in school. The program was further strengthened with the acquisition of federal monies under Title III.

The newer approach to teaching phonics, mentioned in last year's report, proved so successful in our two ungraded schools that the program was continued this fall as these children advanced to the next level. This phonetic system is unique in that it immediately starts the children off by learning the long and short vowel sounds (a, e, i, o, u) before presenting the consonant sounds as do other systems.

The United States Office of Education, for the first time in history, agreed to support research in first grade reading. Among the projects supported was one at Boston University under Dr. Donald Durrell and Arlington cooperated in the project. One of the questions the study attempted to answer was, "Which of the many approaches to initial reading instruction produces superior reading and spelling achievement at the end of the first grade?" The results of Dr. Durrell's study and others (17,000 children in all were involved) concluded: "The single best predictor of first grade reading success is the knowledge of the letter names of the alphabet." This pleases our staff as we have long stressed the need of this proficiency.

The intermediate grade reading program continues to receive our attention as well. Reading is a developmental, functional and recreational process, so it is concerned with the improvement of reading skills, the ability to apply these skills to situations at hand, and the ability to read for enjoyment independently. In order to achieve these three-fold purposes the program will use varied media of instruction. Some of the media used, depending upon pupil needs, are: the SRA reading laboratories, the Pilot SRA laboratories, the Macmillan Reading Spectrum of Skills, the graded Reader's Digest Skill Text booklets, the Language Master, the Controlled Reader, the Programmed Reading Workbooks, etc. to name but some of them. Programs are fitted to individual pupil needs wherever possible and practical.

Our schools are continuing to search for more effective ways of teaching handwriting. This fall an expert in the field of handwriting held a workshop for all of our elementary school teachers. While a one-day workshop is admittedly too short to adequately meet the needs of our staff it did serve as a stimulant and as a result greater individual teacher emphasis is discernible.

We in Arlington are concerned with the fact that many newer teachers have not had formal training in how to teach handwriting to children. In order to ameliorate this problem somewhat we are launching a two-pronged attack. 1. Our Principals are working more closely with teachers on this subject and are stressing it more in their staff meetings. 2. We are exploring the feasibility of using the Peterson Penmanship System which seems to best fit our particular needs. The mere fact that we are calling specific attention to handwriting is having some positive results probably due to the so-called halo effect. Regardless of this, we of the schools are concerned and will continue to exert even greater effort in the future to the improvement in the teaching of penmanship.

Arithmetic, the 3rd "R", came in for special attention this year. Over the past five years we have been engaged in the study of, the implementation of, and the results of teaching the SMSG (School Mathematics Study Group) Mathematics in our schools. The proponents of SMSG have never claimed that it was a totally new mathematics but rather that it was a better way of teaching mathematics to today's youngsters. Our staff has spent several years familiarizing itself with this method and teaching it to our youngsters. The staff has been most enthusiastic with the results but the time has come when we must adopt a new curriculum series of textbooks. This past summer a group of elementary teachers spent two weeks intensively examining the various series on the market. They were directed in this work by Dr. Mary Carter, Head of the Elementary Mathematics Program at Framingham State College. At the conclusion of the Study a recommendation for textbook adoptions was made. The schools are now in the process of planning their purchases according to their needs and a rationale book purchasing schedule for the Town. It is the feeling of the staff that the books chosen represent the best possible choice for Arlington considering our particular needs. This method of textbook selection is a good one that we hope to continue to use in other subject fields.

Two years ago the decision was made to gradually phase out the teaching of elementary school French by television (Parlons Français). This decision was the result of much soul-searching and research by our staff who felt that the effort expended was greater than the results justified. In order to provide French for the youngsters, most able to profit from it, we increased the numbers eligible in grade six. This year a total of 247 sixth grade pupils are enrolled in the elementary school French program. This is a little more than 1/3 of the entire sixth grade class.

The method of selecting these youngsters was altered. Previously, they were admitted on the basis of their performance in grade five (5) Parlons Français. They are now chosen on the basis of the following considerations:

1. The pupil can afford to leave the regular classroom for two twenty-five (25) minute French lessons per week without any impairment of progress in the basic subjects.
2. The pupil performs better than average in reading, language and spelling. Specifically the pupil tests above grade level in those areas on standardized tests.
3. The pupil is a well-motivated learner and likes to take on extra assignments.
4. The pupil has a good attention span and is capable of concentrating.
5. The pupil has good listening skills and therefore is able to follow oral directions carefully.

Our Elementary Art Program is making progress in several areas. We were happy to add an additional teacher making a total of three in the department. This means that every child is assured of having an art lesson, directed by an art specialist, at least once every two weeks and some classes more frequently. It also means that with an art specialist in each building each week that there is more opportunity for consultations with teachers with the result of better carry over between lessons.

We are also able to provide a greater variety of experiences and supplies to our pupils. Children now have available to them colored chalk, charcoal, soft and wax pastels, payons, as well as pressed and wax crayons in various colors, sizes and shapes. They also have available for their use transparent and opaque water colors, India ink and printer's ink. The addition of Tempera Blocks for the lower grades enables them to have a real satisfying painting experience.

Certainly one of the more helpful changes we have been able to achieve is the setting aside of a room for art in a few schools. This enables us to give youngsters more art experience as the teacher is not limited in supplies to what she can carry at one time. It is hoped that the time will come when every school has an art room but this will not be possible until all pupils are adequately housed in functional classrooms. Perhaps we (administrators, parents, etc.) must insist that all schools provide special rooms for art, music, etc. in the future, if we wish to give our children the full benefit of our professional staff.

The Elementary Natural Science Program continues to grow in pupil enthusiasm and experiences. Here, too, perhaps additional personnel and specially equipped rooms would add much to an already good program.

Each fifth (5) grade class has a one hour lesson every other week. Pupil interest is stimulated and encouraged by using many live animals, mounted animals, freshly collected plants, rocks, etc. When bus money is available each class is taken for a field trip to a wild life area.

Our science program is one that will receive greater staff emphasis in the future than it has in the past. An expanded pupil oriented science program is certainly needed when one stops to consider how much our society owes to science for its existence. Significant changes however cannot be made in the opinion of this writer

until the classroom shortage is alleviated and more teaching time is made available. Nevertheless, a concerted effort is under way to provide pupils with more science teaching. The use of materials and techniques from Educational Development Center, Inc. and Science Research Associates plus more efficient use of present facilities gives some promise for strengthening our program.

Considerable progress continues to be made in our implementation of the Dal-Locke Continuous Progress Program. Many changes in education have taken place in the past few years in order to provide the best possible education for children. One of the more significant changes has been in the changing of the school's philosophy and organization in order to better teach children. Changing a school organization is a slow process for one cannot successfully do so until all persons concerned possess a complete understanding of the philosophy.

The Dal-Locke program is now in the second phase. During the 1966-1967 school year the first and second grades became nongraded and were known as the Primary Unit. The present school year, 1967-1968, finds the third and fourth grades in a nongraded situation. This unit is known as the Intermediate Unit. Next year, 1968-1969, the fifth and sixth grades will become nongraded. By September 1969 both schools are scheduled to be totally nongraded.

In a continuous progress program there are no grade labels. Each child moves ahead at his own best rate of learning and development. He is permitted to progress through the school curriculum in a continuous sequential pattern. Children do not repeat or skip a grade. They progress as slowly or as quickly as they are able. Because a feeling of success is essential to a child's growth and development, SUCCESS, not failure, is the key word of the program.

A graded school is familiar to everyone, but educators have learned that children do not learn by grades. Therefore, it does not seem correct to group children in this fashion and expect all children to fit into a prescribed mold. This fact, too, has long been accepted by educators so only a poor school system would subscribe to this notion of gradedness but would make allowances for individual differences.

In a nongraded school the teacher team looks carefully at each child. They try to learn as much as they can about each child. They study his test results; they discuss his successes and failures with teachers who are familiar with him. Then, they attempt to place him in the group which is appropriate for him. Teachers know that each child's achievement is determined by his own pattern and rate of growth and maturity. Children are not alike in these areas.

It is well to remember that, in a continuous progress program, the content of the various subject areas, such as reading, mathematics, language, social studies, and music is no different from that taught in a traditional school environment. The rate of learning and the time spent in the various content areas is dependent upon the abilities, achievement and needs of the children. By adjusting the speed of the program to the individual child instead of the child to the program, the nongraded school aims to eliminate the frequency of failure and non-promotion. Children should meet daily success and progress in a sequential pattern. This is arranged for under this plan. No child needs to consistently face failure.

The nongraded organization is not a method of teaching nor a departure from teaching methods long used by good teachers. It is merely a different form of organization in the school which makes better use of teachers' talents and abilities.

The Dal-Locke program consists of a three pronged approach in that it consists of multi-age grouping, nongradedness, and cooperative teaching. Children are assigned to homerooms in multi-age groups. One half of the homeroom complement in the Primary Unit is composed of six-year olds and the other half is composed of seven-year olds. This is one way to organize classes to meet the differing social, mental, and physical capacities among children. Teaching groups vary

in size, type, and number depending upon the instructional strategies being employed by the teachers responsible for the pupils' learning.

Depending upon the situation, children move from one classroom to another for various subject areas. In some instances the teachers move and the children remain. As children move into different classrooms, they carry their own materials with them. Each child has a plastic bag in which he carries his own pencil, ruler, crayons, etc. If there is homework, or a notice to go home, these are placed in the bag so that no child leaves anything behind him. The teachers specified that these bags should be transparent so that the contents could be viewed to check on each child's equipment easily.

The question is often asked, "Isn't it difficult for children so young to move from room to room?" The answer is, "To the contrary." Imagine trying to confine a small child to a single room for five hours a day and you can see why this plan has some merit.

The teacher's daily program is divided into large blocks of time. Whenever possible class interruption is kept to a minimum. This means, for example, that special teachers (art, music, physical education) are scheduled so as not to disturb the reading or mathematics block of time.

Teachers feel that they are accomplishing a much better piece of teaching than previously, because now they have the opportunity of discussing and planning cooperatively with other teachers in their respective units. One afternoon, after school, each week is designated as planning day. At this time teachers plan for the next week's program. Teachers report that they must plan lessons with extreme care in order to teach them in the allocated time. They have discovered that they are working harder but enjoy teaching more.

Teachers have found still another positive factor to this type of program. With the mobility of the groups no one teacher has a child with a discipline or emotional problem in her room for five hours a day. This type of child drains a teacher's efforts and energy to accomplish a good job and, also, deprives other children of valuable teaching time.

Another summer workshop is planned for next year to help initiate the third and final phase of the program. In the forthcoming years we will continue to make efforts at adjusting our offerings wherever and whenever we deem it important to the success of the program.

Several of our other schools are involved in various curricular and administrative changes at the present time. The Stratton School for one is adopting a modified team teaching approach in several subject fields. A brief outline of the program is listed as follows:

ALL GRADES	Team Planning by grade level (This includes all teachers and special teachers.)
GRADE I	Departmentalization in science, music, phonics Individual Tutoring where needed Small group instruction (3-6 pupils).
GRADE II	Large and small group instruction Individual Tutoring where needed
GRADE III	Complete Team Teaching in all areas Team Teacher meetings (Head Teacher serves as Leader) Large and small group instruction Individual instruction - exceptional cases Revamping of teaching program to new methodology Research into new grade materials

GRADE IV	Regrouping for homogenous instruction in several subjects Regrouping for Advanced Language Arts
GRADE V	Regrouping for several subjects, homogenous grouping of pupils Regrouping, large and small groups Regrouping for Advanced Language Arts

With the exception of Grade III only certain aspects of team teaching are in operation. It is the considered opinion of the school staff that this special arrangement works best for this particular school considering pupil needs and teacher strengths. Some of the other schools, Cutter, Parmenter and Thompson, use their versions of teacher teaming or pupil grouping to achieve optimal results under differing conditions, such as: type of building, size of classes, etc.

The administration feels that there is not just one way to teach well. The important aspect of teaching is not the method employed but a positive pupil reaction to it. Operating under this philosophy Arlington may have several approaches to learning in operation at any one time but all have one common goal, namely, to give each and every pupil the opportunity to extend himself to the limits of his ability and desire to learn. By the very nature of individual differences this means that not every child will progress as far as his neighbor. But, every child will be encouraged to progress as far as his talents will carry him.

The Arlington Public Schools have continued to receive federal funds for research and improvement of our schools. Perhaps the most exciting grant was one entitled "Operation Male" under Title III of the ESEA for a total of \$104,000.

The purpose of "Operation Male" is to assess the impact a male figure has on boys in primary grades in relation to their achievement and attitude toward school. There will be 24 aides including six women and eighteen men, who will be working with children in the primary grades--kindergarten, 1 and 2.

The pilot study was carried on at the Thompson School last spring from February through June. This year it will include pupils from the Thompson, Stratton and Hardy Schools. There will be eight aides serving at each of these schools assisting children with their daily work. Of these aides, two will be women and six will be men. The women will be used for a comparison study. Classes where they operate will be compared with those where there are male aides and with others who do not have any aides.

This summer an enrichment program was held at the Thompson School for grades one through six. A pre-school (Head Start) program was also held at the Thompson School under the Office of Economic Opportunity Act. All of our schools benefited from federal grants under Title II of the ESEA which strengthened school libraries. Other areas where federal funds have aided our schools include: the purchase of audio-visual equipment and supplies, the purchase of reference materials and guidance materials, and the purchase of science teaching materials. It should be borne in mind that federal monies as a rule are given to supplement existing educational programs or facilities and not to supplant them. The notable exception to this rule is Public Law 874 where money is given directly to the School Committee because we are classified as a "federally impacted area."

Our schools are continuing to participate in the Northeastern University's Teacher Aide Program. A pair of students, one in each division, are assigned to a school as teacher aides. These girls alternate their services between on campus study and off campus work in our schools. They assist teachers with children who are having learning difficulties, prepare teaching materials for the classroom, and perform routine clerical duties. The complexity of their involvement with our schools increases each of the three years they are with us.

The chief problems that face our elementary schools over the next few years are: to recruit and retain a first class faculty; to keep our faculty abreast of needed educational changes and to effect them; lastly, to gradually replace and/or renovate our older school buildings. In a sense they are a single problem because they are so interrelated. In order to attract and keep an outstanding teacher staff we must provide competitive salaries, well-equipped and well-supplied classrooms, and attractive functional school buildings. We in New England, for the first time, are experiencing real competition for teachers, and the best teachers will go to those communities that offer the most attractive package. Suffice it to say, that all this means increasing amounts of money must be spent in order to maintain and increase our advantageous reputation.

OUR JUNIOR HIGH SCHOOLS

The most significant news at our two Junior High Schools this past year has been in the area of curriculum revision. Social Studies in grades seven and eight was the chief area of change but beginnings were made in English and Mathematics where some progress was made in efforts to revitalize the aims and objectives and to provide more meaningful and effective materials for study.

Curriculum revision is the heart of improvement in education and time for it must be provided within the school day and when the pupils are not present. It is an accepted principle that creative work by teachers will not result when the only time available is after the school day is completed. Any good teacher is both mentally and physically exhausted after meeting with five groups of pupils. He is neither willing nor able to engage in any truly creative activity.

Developing a viable curriculum is necessarily a long-range, slow and inexact process. There is an enormous quantity of materials on the commercial market already and more pours out of the publishing houses regularly--paperbacks, filmstrips, transparencies for overhead projectors, even curricula complete with daily lesson plans, and books which merely present ideas which ought to be evaluated. To merely keep abreast of these would involve more time for reading than any single teacher conceivably has available to him. In addition, to merely keeping up with the new materials, the teacher must amend any material selected to make it appropriate to his own particular students and his own teaching strengths. Time must be found to meet with fellow teachers for planning, evaluation sessions, and to watch one another teach new concepts which should be followed by critical discussions.

In the seventh and eighth grade Social Studies, considerable good work has been done under the direction of Mr. Gordon Neisser, Social Studies Coordinator for the Arlington Public Schools, and an instructor at the Harvard Graduate School of Education. Mr. Neisser is our first joint faculty appointment with a neighboring institution of higher learning.

Traditionally, seventh grade Social Studies has consisted of World Geography while United States History was studied in grade eight. As the new curriculum is developing, the seventh grade curriculum will become an introduction to social studies and will include a brief look at other branches of the social sciences, including anthropology, sociology, political science and economics. Emphasis is being placed on Man in a particular environment (at present non-Western areas) how he adapts, how he organizes his society, what things he tries to do and why. Certain concepts and skills needed in further study of the social sciences are being implemented which will be strengthened in the eighth grade course. These are in addition to skills traditionally taught and involve such things as grouping and comparing various cultures according to different social criteria. Critical thinking and independent study is stimulated rather than the memorizing of a large mass of facts.

The study of United States History is changing from the traditional survey course beginning with Columbus and extending to the present time, an impossible task. Instead, we are attempting an in-depth study of several areas including the Age of Discovery, the Colonial Period, the Critical Period and the Growth of Slavery. New materials are being developed including numerous texts, transparencies for the overhead projector, filmstrips and recordings.

Good curriculum revision takes considerable time, effort and money. We must continue summer workshops, but in addition, additional time within the school day must be provided. We have reduced the average Social Studies teacher's load by one class in keeping with this fact. The commitment of resources, time and money is already considerable. Additional time will be necessary for conferences and planning. We must strive to improve our scheduling of teachers so that they can work as teams to handle especially difficult problems and classes when necessary. A teacher aide or clerk typist (a paraprofessional person would be ideal) to handle the time consuming materials-production problem.

As a concomitant of our affiliation with Harvard University one of our social studies rooms was completely remodelled at relatively little cost to the taxpayer. Harvard University paid for the installation of wall to wall carpeting as part of their contribution. The installation of study carrels and moveable furniture was provided for in our regular school budget. Some of the features are moveable tables and chairs, replacing the conventional desks, carpeting to keep down noise which usually accompanies group work and soundproofed study carrels for independent study or pupil conferences.

The Junior High Industrial Arts School received its fair share of our attention this past year. With the services of a fully qualified professional home economist on four days a week we are able to offer our students a real pre-vocational training in all aspects of preparing, cooking, and serving food. Vocationally oriented visits to professional caterers, large bakeries and restaurants have whetted students' interest in such job prospects. Arrangements have been made for student groups to visit the large kitchens at M. I. T. and Harvard Business School.

The staff at the Junior High Industrial Arts School are genuinely concerned about the need for practical job experience for the youngsters who go on to the High School. The small classes and special attention they have received gives them functional academic competence. However, they are in real need of practical job training in order to possess a marketable skill when they graduate from the High School. Lack of facilities at the Junior High Industrial Arts School and the lack of space at Arlington High School prevent this from occurring.

The Administration is deeply concerned over the crowded condition that exists at our two junior high schools. This concern has been communicated to the Town School Building Survey Committee and to the Arlington School Committee. Both Committees are currently studying the situation with an eye toward some type of recommendation for alleviating the overcrowding to the March 1968 Town Meeting. The classroom shortage is already causing a necessary curtailment of student opportunities and can only worsen until building relief is obtained.

OUR HIGH SCHOOL

The 1966-1967 school year was in many ways a difficult year for both faculty and students. It might be characterized as one of unrest. The causes are many, varied, and in most cases, rooted in the society in which we find ourselves exclusive of our schools. Fortunately, the graduation in June appeared to be a turning point in the pupil unrest and the principal of the school now reports, "Since the beginning of school in September, I am pleased to report that the attitude and response of our students is greatly improved with every indication that it will continue."

Two problems constantly present at our High School are space and the recruitment of a first class staff. Already classes in many areas are too large for truly effective teaching. There is further indication that these classes will be larger yet before additional classrooms can be provided. This can only result in a curtailment in our program offerings and some handicaps to some students. Each year a greater number of teachers lack a home base of operation or area in which to work during unassigned periods. The peripetetic teacher (teaches in different rooms each period) finds his task a difficult one. The materials he can present to his classes is limited to what he can physically carry with him to each class. This often results in less than the best teaching of which a teacher is capable. Unfortunately, class size cannot be lowered appreciably through additional staff members since our room utilization is rapidly reaching maximum.

In examining our teaching staff we realize that recruitment, always important, is even more important at this time at the High School. Last spring two Department Heads with over seventy (70) years of experience between them retired as did several key experienced teachers. Fortunately, we were able to obtain well-qualified replacements for our retirees but it was not easy and it will be more difficult to do so in the future than in the past. We are faced with the reality of replacing nearly 1/3 of our staff within the next eight years or so due to retirement. Ordinarily this might not be too difficult but several factors make it increasingly more so each passing year. They are: 1. The Boston area is beginning to feel the effects of the national teacher shortage due to intensive recruiting of teachers in our area by other states. 2. The preponderance of good candidates who are seeking employment for a short period (2-4 years) of time only. 3. The increasing job mobility of teachers in general. 4. The intense competition for good teachers now forces us to compete with the entire country not just New England. 5. The changing mores of teachers who prefer to change positions with regularity.

Perhaps one of the least understood factors in recruiting a first class staff is the need for good physical facilities. Teachers are reluctant to come to older buildings that are crowded and cumbersome to work in when other communities provide the same financial inducements plus new buildings. While this problem is not entirely unique to Arlington it is a particularly sensitive one for us with most of our secondary school buildings thirty (30) years old or more. It behooves us therefore to be well aware of our shortcomings and to exert every effort to exploit our positive points if we wish to replace our retiring staff members with persons of equal ability and promise.

Our modern foreign language department participated in the Harvard internship program for the first time this year. We were most fortunate in obtaining two young persons of unusual ability who performed their teaching tasks extremely well. These young teacher-interns bring to our staff and pupils a wealth of new research information plus the eagerness to implement it. In this way we all gain from their presence to say nothing of the value we receive due to their teaching skills.

The modern language department has taken advantage of the many commercially prepared tapes that are available to give students, at all levels of instruction, a greater opportunity to comprehend the spoken language. This permits a greater facility in the use of the spoken word than did the older stereotyped patterns of speech. It is hoped that these new materials will serve as a nucleus for the development of a tape library.

The business department which serves nearly twenty five per cent (25%) of our pupils is making a concerted effort to upgrade its course in content and practical experience.

Among the proposed and pending changes is making Business Law a full year course rather than a half year course. It was found that a significant number of our graduates who go directly to work in certain businesses never receive additional schooling in this particular subject though its content has daily application

in the workaday world. This was determined from routine follow-up studies with employers and former students who pointed out the need for longer and more thorough course in the laws that pertain to general business.

A further recommendation made to us was the need for better pupil orientation to the business world on the outside. As a result carefully planned visits to investment firms, insurance companies, the telephone company and several electronic firms have been scheduled. These visits are organized so that the pupil receives a maximum exposure to business practices with a minimum expenditure of school time. The Bookkeeping III class, after visiting a local manufacturer, is now engaged in analyzing the manufacturing process and its cost through data given them by the firm.

This year a new course in the practical use of typing was offered for the first time. The course, Production Typing, was open to qualified students who had completed two years of typing. It was presented insofar as possible on an "office style" basis--the students proceeding on their own initiative to carry out the directions given for each project. Only reasonable questions were answered for them and a time limit was imposed as to when each job was to be completed. In this way, it is hoped that students develop a sense of responsibility and dependability in addition to developing further the actual skills which are fundamental to an office career.

Perhaps one of the greatest challenges facing a business teacher is the problem of keeping the better students motivated while they perfect the necessary skills they need. Manual skills such as typing are the result of drill and more drill. Though the student receives some motivation from observing his increased prowess, in general, boredom sets in rapidly unless the teacher shows real ingenuity. Last year in the college course typing classes instead of using the standard texts, the teacher chose to use articles from the Saturday Review, The New Yorker, The New York Times, etc. for practice material. While the idea is not entirely new or earth shaking it met with remarkable success in her classes.

The Clerical Training Course for the first time this year introduced instruction in key punching. This was possible through the use of I. B. M. Simulators and additional work on the I. B. M. 26 Key Punch Machine. Eventually, it is hoped that this course can be offered to sophomores and juniors, so that in a few years we will have a Data Processing Course available over a three year period to high school students who possess the necessary ability. This is in keeping with our policy of maintaining a close relationship between the available labor market and our student preparation for it.

During the past summer a committee of English teachers representing every grade level thoroughly analyzed and revised the senior high school English curriculum. The complete course of study has been carefully outlined in three separate areas: Literature, Composition and Rhetoric, and Grammar. Material is assigned by terms and definite requirements are listed for the various types of classes. This curriculum guide is a substantial help for all teachers and is an especially good directive for our new teachers. Stress is placed on the necessary intensive reading in college preparatory classes. On all levels there is emphasis on practice in expository writing.

Formal term tests, uniform in all classes, have been discontinued; instead each teacher will prepare a term test on the grammar and composition material, subject to approval by the Chairman of the Department, to be given one week before the end of each term.

We are particularly pleased with our elective course in Journalism. Pupils are learning the techniques of newspaper writing and publishing. They are acquiring considerable practice in writing for publication and are learning good standards of literary judgment.

Ever mindful of the needs of our pupils and their wishes, we are considering offering the history of the drama as an elective course in 1968-69. We are engaged in the process of outlining the course and the setting up of possible requirements for approval by the School Committee if the course is given. Offering a new course is not undertaken lightly or inadvisably as such matters as: course content, scheduling, and who is to be eligible must be considered carefully. Our pupils already have a pretty full day of academic subjects so the addition of another must be given much thought.

An area of increasing concern to all educators throughout the nation is the poor physical condition of today's youth. We in the Arlington Public Schools are equally concerned because while our youth are superior to national standards, they are still not operating at their full physical potential. Many factors in today's society contribute to this condition - the automobile, the T. V., the mechanical tools (power lawn mowers, etc.) instead of manual tools to mention but a few. Today's youth are being robbed of the opportunities for normal physical development. In order to combat this, we are increasing the amount of exercise each healthy child receives. There is particular emphasis on running in each gym class to improve the endurance of each pupil on an individual basis. For some pupils the only weekly physical activity that they do receive is during their Physical Education classes in school. We decry this fact and are attempting to do something about it with those youngsters who need more physical activity. It is paradoxical that our affluent society which should develop our youth to the utmost actually contributes almost the opposite result.

Our many and varied musical organizations at the High School are having a rewarding year. Through the mediums of performing assemblies, exchange concerts, the Annual Spring Concert and others, the various musical groups showed a mature level of achievement with both audience and pupil appeal.

Several changes were made in our vocal program so as to put students in groups according to ability instead of by the number of years they had participated in vocal classes. The three mixed chorus groups at the High School are freshman chorus, laboratory choir, and concert choir. The freshman and laboratory choirs are made up of students with varied abilities and skills but with limited musical experience. The concert choir is offered to the student with proven musical abilities and who has developed skills to a degree where he is capable of attempting a high level of musical performance.

In addition to the above vocal groups, other musical activities at the High School include the Girls' Glee Club, Girls' Choir, Harmonettes, Gilbert & Sullivan Club, Concert Band, Marching Band, Samettes and Majorettes.

All who wonder at the unusually lively step and spritely tempos of the High School Marching Band this fall deserve an explanation. One reason for this condition was the anticipation and, after some delay, the realization of new maroon and gray uniforms. Band members are most enthusiastic about the "new look" and the morale and the interest in the Marching Band has reached a new all-time high. Many who have seen them consider that Arlington now has one of the most outstanding bands in the area in appearance as well as musical proficiency. The Marching Band, Samettes, and Majorettes justly deserve the reputation within the Middlesex Football League as being one of the top performing organizations at half-time ceremonies.

Our two High School libraries though hampered by the lack of space and funds continue to grow in usefulness. This past year partly due to some \$4500 in Title II money we were able to add many necessary books and to duplicate those titles that are in great demand. Of the total of 1744 books purchased for both libraries,

1232 were purchased with Title II funds. Out of the \$3700 budget provided by the School Department came magazines, periodicals, catalog cards, some processing materials and books. Our combined collections still fall short of the ten volumes per student called for in the "Standards for School Library Projects," but as books are carefully selected to fit the curriculum, and as "dead wood" and worn-out books are constantly discarded, the two libraries now have a useful, workable collection that fills most reference needs if not all circulation needs. It is our aim to provide the best representative collection of books possible within the limits of space and money available to us.

ARLINGTON TECHNICAL AND VOCATIONAL HIGH SCHOOL

The Five Year Projection for the Technical and Vocational High School introduced an entirely new concept in technical and vocational education. If adopted it would be possible for any qualified student to take four major subjects at Arlington High School and also devote three consecutive hours per day for the development of a marketable vocational skill at Technical High on a so-called shared time basis. Under a program of this nature a student who might or might not be planning on further education beyond high school would be exposed to two tracks of learning so that he could always fall back on his vocational training.

Following are the features of a shared time program:

1. A well rounded education with more than one track of learning.
2. Development of a marketable skill in addition to a strong academic background.
3. Preparation for further education or profitable employment after graduation or both.
4. A diversified program of instruction that should stimulate more interest in school.
5. Less danger of High School drop-outs.
6. More than six hours per day of instruction with no study periods.
(A truly full time program)
7. Security (employmentwise) for the High School graduate or for those unable to complete college.

Fortunately, the equipment and staff at the Technical and Vocational High School are available to initiate such a program and the conversion could be made at a nominal cost.

Courses now offered in technical and vocational education (Electronics, Machine Work and Automotive Servicing) could be adjusted to accommodate more students. A cluster of one year courses of a semi-skilled nature, possibly in upholstery, painting/decorating, and small engine repair could be added for terminal students as well as a two year course in Auto Body Work. Pre-vocational courses might be offered at the Junior High School level starting with grade 7 for orientation purposes and the development of manual dexterity and basic skills.

ARLINGTON TECHNICAL INSTITUTE

There is a strong possibility that this may be the last year that data processing will be taught entirely at the post-secondary level. Experience gained during the past few years indicates that the per pupil cost for conducting the course is far in excess of original estimates. Furthermore, a substantial investment must be made for additional equipment and housing if the course, as written for post high school, is to be properly implemented.

Under consideration is a new plan to be worked with Arlington High School on a shared time basis which would be less expensive and provide more opportunity for data processing training for our high school pupils. The program would start with grade 11 and continue through grade 13. An employment objective would be reached

at the end of each year for those not interested in continuing with the subject. Three consecutive hours per day would be devoted to technical subjects in the data processing labs and four periods per day devoted to academic subjects at Arlington High School. In this manner a student could complete his college prep or business education and at the same time develop a knowledge of data processing that undoubtedly will be useful in future pursuits.

Of particular interest is the fact that more students from Arlington could be accommodated for training in a sophisticated field where a shortage of competent personnel exists and salaries are unusually attractive.

PUPIL PERSONNEL SERVICES

Probably at no previous time have educational institutions faced a greater challenge than they do today. As more and more emphasis is placed on the value of an education, secondary school educators are becoming increasingly aware of their responsibility to provide adequate preparation for those pupils who are to continue their education as well as for those whose education will terminate with high school. As competition becomes keener, it becomes most important that our boys and girls remain in school and that those who do not continue their education leave high school with skills which they can use when they seek employment. One of the most effective methods of determining whether or not the pupils are attaining their educational and vocational goals is through a follow-up of the graduates. Although we have not by any means reached a utopian stage, our 24th annual survey would seem to indicate that Arlington is doing a commendable job toward meeting these goals.

It is a tribute to the citizens of Arlington and to its schools that 67.1 per cent of the class of 1967 are continuing their education on a full or part-time basis and that 32.9 per cent of these students (67.1%) are attending four-year colleges and universities. Although competition for college admission becomes keener each year, the members of the department have met the challenge by providing those guidance services which have enabled these students to progress to the higher institutions of learning. It might be mentioned here that for the past five years the average percentage of students who attend preparatory schools after high school is only 6.3. An examination of the records reveals that these pupils did not work up to their ability in high school, did not take their high school work seriously, found the high school work too difficult or wish to participate in athletics at a preparatory school before going on to college.

Northeastern University again took the largest number of the class, 31; the University of Massachusetts was second, with 15 enrolled at the Amherst Campus and 10 at Boston; Boston University enrolled 17 students, and Boston College and Boston State 10 each. The class is also represented at Harvard, Radcliffe, California Institute of Technology, University of California (Berkeley), Cornell, Brandeis, Bowdoin, Swarthmore, Bates, Rutgers, Oberlin, Holy Cross, Simmons, Tufts, and Jackson, as well as a number of other colleges and universities.

Junior Colleges have drawn a larger percentage of graduates than usual - 7.9 per cent of the 67.1% attending further education. The students are enrolled in both the transfer programs and the terminal programs, with Massachusetts Bay Community College and Chamberlayne Junior College each enrolling 18 students. Other junior colleges represented are Lasell, Green Mountain, Westbrook, Vermont, Mount Ida, Newton, Quincy and Webber.

That we are still continuing our efforts to interest students in nursing is evidenced by the fact that 16 girls are currently enrolled in the local nursing schools. We also continue to encourage volunteer work at such hospitals as Symmes, Mt. Auburn and the Bedford V. A. Hospital.

Because the department feels strongly that students who are terminating their education are just as deserving of assistance as those who are going to college, the Job Placement Bureau was very active, and the employment calls far outnumbered the students available for placement. Of the Class of 1967, 145 or 25.9 per cent were employed. Of these (25.9%), over 80 per cent were placed by the Guidance Department. A percentage breakdown on where the class members are located is listed below.

Further Education (Full-Time)	67.1%
Employed.....	25.9%
At Home.....	1.6%
Armed Services.....	3.8%
Deceased.....	.2%
Not Reported.....	.5%
	<u>100%</u>

Supplementary

No. of students taking full or
part-time education--387

69.1% of total class.

Parents are naturally concerned with the increasing tuition rates of colleges which in many cases appear prohibitive. It is gratifying to know that the members of this class have received directly from individual colleges the sum of \$37,700 toward the cost of their freshman year. These financial aid grants are given on a yearly basis and are renewable each year. On a four year basis, this would amount to \$150,800. The department appreciates the generosity and cooperation of the following local organizations whose members have also assisted worthy candidates to attend college through the donation of scholarships: Allied Youth, Arlington Girls' Club, Arlington Kiwanis Club, Arlington Parent-Teacher Council, Arlington Woman's Club, the Brackett P.T.A., the Arlington High School Dramatic Club, and the Arlington High School Year Book. Local scholarships, including the Thompson Fund, amounted to \$17,650.

As evidence of the quality of our high school preparation, four members of the class qualified as National Merit Semi-finalists and sixteen received Letters of Commendation which compared to comprehensive high schools would seem to be creditable.

A very important function of the Guidance Department is providing the students with information regarding employment opportunities, schools, colleges, scholarships and financial aid programs. In addition to the dissemination of the information by individual counseling, a special GUIDANCE NEWS bulletin is posted each week in the home rooms. Two bulletin boards are also kept up-to-date in the main corridors, one for school and college information and one for the latest job and employment information.

During the past school year more than seventy-five representatives from the admission offices of colleges and universities, many from the West and South, held conferences at our school in order to acquaint both the counselors and interested students with the ever-changing admission requirements and other pertinent data. In addition, students were notified of Open House Visitation Days at the various Massachusetts colleges and universities, nursing schools, business schools and junior colleges.

Because Service Academy admission procedures and the Armed Forces Scholarship and Financial Aid programs are unique in their requirements, the counselors made available this information to the students on an individual basis.

As in the past, the personnel of the Guidance Department held seminars for the

counselor-training classes from nearby universities. We feel this exchange of ideas can be of mutual benefit.

The Guidance Department helped make it possible for 13 high school boys to participate a 26 day training program sponsored by "Outward Bound" on Hurricane Island, Maine. Outward Bound is a program designed to let young people prove themselves against the forces of nature. It is predicted upon the assumption that most of us never use our full potential in performing our every day tasks. In this sense, it makes our youth more aware of their strengths and potentialities which in turn has had a good carryover effect in school work and school citizenship.

It is the hope of the school administration that Arlington may be able to adapt an Outward Bound program to its curriculum during the regular school year. The proximity of the Great Meadows seems to offer a possible area for the field activities so necessary to the program. The young people could conceivably perform a real service to the Town in making the Great Meadows more accessible to the townsfolk through the construction of nature trails, etc. The advantages that might accrue to the Town are practically limitless to say nothing of the therapeutic value gained by the pupils.

TESTING

Scholastic aptitude and achievement tests are a vital part of the instructional and guidance program in the Arlington School Department. Teachers are alerted against arriving at judgments of pupils on the basis of one test score or placing individual students in certain categories on the basis of the results of even several mental ability and achievement tests. The basic purpose of all tests is to provide important clues about the ability and the achievement of the individual student. Securing such information can result in more individualized instruction and revision of course of study and methods of instruction to meet more adequately the needs of the individual student. Adequate counseling functions on the basic principle that an analysis of an individual is never based on a single criterion.

Measures of mental ability, sometimes known as scholastic aptitude tests, are given to pupils in grades 1, 4 and 6. Achievement tests are administered to discover the outstanding strengths and weaknesses of pupils. With the results, teachers are in a better position to adjust the instructional program to pupil needs.

Pupils in the Arlington schools have placed well above the national average in educational achievement. Results of Standardized tests taken in the elementary schools in April of 1967 reveal that Arlington pupils were from two months to eighteen months above the national norm, or expected achievement.

The achievement testing program in the elementary schools is only one of the many means by which the student and those who guide him in his decisions arrive at an accurate picture of his strengths and weaknesses as a basis for planning his education and fully realizing his potential.

PSYCHOLOGICAL COUNSELING DEPARTMENT

The work of the Psychological Counseling Department involves three main types of pupil referrals. The predominant are elementary school pupils who fail in school despite average or above average learning ability. The second largest group includes children who present behavior problems in school and/or at home and in the community. The third group involves youngsters who have difficulty in relating

to other students and adults. Often pupils may present a combination of these problems as well. The total staff of the department is comprised on two full-time psychologists, five full-time social workers, two part-time psychologists, two part-time social workers and two part-time psychiatric consultants. The Simmons College School of Social Work Unit, which was established in the Arlington Public Schools in 1961 under a grant from the National Institute of Mental Health, now includes six second-year social work students and a faculty supervisor who operate directly in the elementary schools.

ADULT EDUCATION

This fall our Adult Education Program had one of its largest registrations in recent years. Well over 1300 persons registered for the first semester of classes. Sixty-five different courses were offered to the public. They represent 37 in the Practical Arts, 7 in Business, 18 Non-State Aided courses and 3 in English.

The Tailoring courses were quickly oversubscribed so an additional class was added on Monday evenings and this too was filled to capacity. In the Non-State Aided courses, Investments and Business Machines proved so popular an additional evening of classes was added for each. The Survey of English Literature began slowly but more interest is developing and hopefully it will continue to grow. Perhaps the most popular class of all, and certainly the fastest growing, is group lessons on the Guitar.

This fall a class in Modern Math for parents has been started at the Stratton School. This class is being repeated by popular demand after an absence of one year for parents curious about their children's "new math."

Each year finds our Department of Adult Education larger and more diversified in its curriculum. It is the policy of the department to meet the requests of the adult population when it is physically and economically feasible to do so. The continued growth and popularity of Adult Education in Arlington seems to attest to the wisdom of this practice.

A LOOK FOR THE FUTURE

There is an old axiom that "the future belongs to him who plans for it." The School Department has always taken this advice to heart and acted accordingly. Earlier in this report reference was made to the Five Year Projection. Under the guise of this projection we of the schools have taken a hard look at the past, the present, and their implications for the future of education in Arlington. The picture on the whole is an encouraging one but there are problems and issues that the community must face. How the Town decides to resolve them will determine to a large degree whether we will continue to grow as a top notch school system, or whether we will attempt to maintain the status quo, which in effect would be a decision to downgrade our education, because we cannot be satisfied to stay where we are while other communities choose to forge ahead.

We wish it were possible to state that the solutions are easy and inexpensive to the Town. Unfortunately, this is not the case nor can it be so. Each year the costs of materials and equipment edges upwards at a rate of nearly 10%. Our government sets a nearly 4% rate of inflation as normal. These two factors alone, to say nothing of staffing our schools, building and rebuilding our schools, makes any hope of stabilizing costs unrealistic. The only way school costs can be cut or even kept the same would be by a direct decision to deliberately downgrade the education we are providing for boys and girls. This thought is abhorrent to most people. Therefore, if we are to continue to provide a good education for every child, we must be prepared to pay more for it in the future than in the past. Prudence declares, however, that under such conditions the School Department and the townspeople ascertain that they are receiving maximum returns for every dollar expended.

A school system is only as good as its professional staff. Teachers are still "the stuff" from which education emerges. In order to recruit and retain the type of teacher we desire, we must keep our salary schedule competitive with other school systems who seek persons of the same caliber. In addition to salary, we must provide similar fringe benefits to our staff that they might obtain elsewhere.

Closely allied to salary in the recruitment of teachers is the existence of modern up-to-date working facilities for the staff. This includes ample workrooms well supplied with all the materials needed for teachers. It means clean and comfortable teacher rooms where they can seek a moment's respite from a busy schedule. In the past teachers might be relegated to a basement room without much comment but this is no longer the case. Teachers at last have a voice through collective bargaining, and they have the power to enforce their demands. Our new schools provide the type of "creature comforts" that teachers seek. Unfortunately, our older schools through lack of space do not in many cases provide satisfactory quarters for teachers. While our present staff has been most indulgent and understanding of our plight, candidates for positions are not always in accord. We have definitely lost prospective teachers at the high school and junior high schools for this very reason. On the surface this may not seem serious, but it will become so, because for the first time we are experiencing a reluctance on the part of some good teachers to come to Arlington.

On September 27, 1967 the School Committee signed a three year contract between the Arlington School Committee and the Arlington Teachers Association concerning salaries and conditions of work. This agreement culminated the results of hundreds of hours of work by the two groups. It is too early to say how effective it will be but both parties are agreed that it represents the best possible agreement that could be mutually acceptable and negotiated. Its real import can only be verified by the passage of time.

The Long Range Building Sub-Committee of the School Committee, and the Town appointed School Survey Committee have been independently studying the future building needs of Arlington. They are presently concentrating on secondary schools with recommendations to be made at Town Meeting.

Our secondary school population is increasing as a result of the earlier elementary expanded population. The two Junior High Schools are currently operating beyond their optimum capacity and the situation will become more critical before help can be provided. The High School, too, is operating at near maximum capacity.

Among the possible solutions being considered at this time are: the possible construction of a third junior high school adjacent to the Summer Street playground; the possible construction of an entirely new senior high school on the Summer Street site; the definite construction to and remodelling of both present Junior High Schools in order to bring them up to acceptable modern day standards. A new school alone, regardless of its proposed grade level, will not adequately resolve the entire building problems that beset our secondary school plant. Some portions of our present buildings will have to be replaced and others will need a thorough renovation if we wish to provide a first rate education. Already some pupils are being refused the opportunity to take some courses in Industrial Arts (Mechanical Drawing), Music (Instrumental), and Business due to a lack of space. Other classes including the basic academic subjects are beginning to feel the space pinch as well.

When the secondary school housing problem is resolved the school building problems of Arlington will not be over either. In the very near future the Locke and Cutter Schools will have to be replaced by modern facilities. Both were constructed before the turn of the century and the Willis Harrington Report categorically states that "school buildings constructed before 1900 should be replaced immediately."

It goes on to say that school buildings built before 1920 should be "phased out and replaced as soon as practical." This means at least one more building to be replaced in the foreseeable future. In addition, certain schools--the Parmenter and the Peirce to mention but two, will need facilities such as: playrooms, gymnasiums, and ancillary rooms if we are to provide comparable education for all youngsters in the Town.

Our annual town-wide school surveys fail to show any indication that relief is in sight in the way of decreased enrollments. The birthrate may be stabilizing somewhat but our growth seems to come from families who move into the community with larger numbers of children than those who leave the Town. At any rate, our school population continues to grow. The opening of a new wing at the Stratton School has resolved our space problem in that section of the Town. The Bishop School is near capacity again but this might be resolved by redistricting to the Stratton School or even portions to the Thompson School. The present addition to the Dallin School currently under construction should resolve the overcrowding at the Locke, the Brackett, and Peirce Schools by redistricting of school lines. The schools in the center and east portions of the Town are growing too, but much more slowly and should not provide any housing problem for the foreseeable future.

The School Committee and the School Administration are concerned over the increased amounts of vandalism in our schools. One of the schools has been equipped with a vandal alarm and other schools are scheduled to be so equipped. Some experimentation is underway with the possible use of unbreakable glass in school windows as a means of cutting down repair costs. The schools are stepping up their preventive measures through teacher-pupil discussions on the effects of vandalism. If the general public would cooperate with the schools, perhaps these costs could be cut significantly by the prevention and early apprehension of those who commit these acts.

Arlington's proximity to the educational facilities of Cambridge and Boston is both a boon and a curse. It brings to our community many persons of international renown but their stay is usually a short one. One of our schools at the present time has children from the following countries enrolled: Germany, Spain, Cuba, Norway, Holland, Denmark, England and France. These youngsters bring to our students a wealth of information and experience that would not be possible in any other way. At the same time, their inability to speak English with any facility taxes our teachers' ingenuity to the utmost. There is no doubt that their presence brings to us greater benefit than we offer to them but it is mentioned here as only one of our many problems. A growing but transient school population brings in an entirely new dimension of problems for the schools, from housing to the changing of teaching techniques. It might be interesting in passing to note that several European families currently with us are here on the recommendation of friends whose children attended our schools in the past. Surely, this is an indication that we are doing some things right!

CONCLUSION

The Superintendents wish to express their appreciation to the members of the professional staff for their services and support. To the School Committee we owe a debt of gratitude for their support in our efforts and for their patience with us. To the members of the clerical staff and to the custodial staff, without whose fine services we could not operate, we express our sincere thanks.

The entire school staff is most appreciative of the gracious assistance we have obtained from the other Town departments whenever we have called upon them. This cooperation makes our tasks much simpler and more pleasant to perform.

Respectfully submitted,
Bert A. Roens
Superintendent of Schools

Lawrence H. Anderson
Assistant Superintendent

Report of the Planning Board

January 5, 1968

Mr. Donald R. Marquis
Town Manager
Robbins Memorial Town Hall
Arlington, Massachusetts

Dear Mr. Marquis:

In accordance with Section 71 of Chapter 41 of the General Laws of the Commonwealth of Massachusetts the Planning Board respectfully submits its report for the year ending December 31, 1967.

In the course of 1967, the Planning Board held 18 regular meetings. The Board conducted public hearings on 15 zoning articles, and furnished Town Meeting with reports and its recommendations on these articles, all dealing with land use development. In addition to its regular meetings and hearings the Board met with the Housing Authority on several occasions to discuss location for additional housing for the elderly; with the conservation commission to discuss matters of mutual interest; with the School Building Survey Committee to discuss land availability for their needs; with the Zoning Board of Appeals to discuss land use cases, and with various other departments and department heads.

In the annual election of officers, Mr. David A. Leone and Mr. Richard L. Mullin were respectively re-elected Chairman and Secretary of the Planning Board by unanimous vote.

The resignation of Mr. John A. Cataldo, a long time member of the Board, was received in August, and his outstanding contributions and service to the Board were duly noted. Mr. William A. Trenchard was appointed to succeed Mr. Cataldo in September. In November, Mr. Harry Miller, Town Planner, resigned due to personal reasons. Efforts were promptly initiated to find a suitable successor.

In 1967, the Board continued to carry out various programs as set forth in the Comprehensive Plan and the Arlington Center Development Plan. A Residence F District was created, which would allow apartment houses to be built to a maximum height of 110 feet. This new district, with its controls as to landscaping and recreation and other requirements, should greatly enhance the quality and appearance of apartment buildings to be erected in the future. The new zone was successfully applied to the Town parking lot on Winslow Street. Other proposals submitted by the Planning Board, and adopted by the Town Meeting, included new standards for landscaping and recreation, gross habitable floor area and floor area ratio as well as various zoning district changes.

During the year the Board completed its research on the Workable Program, prepared the formal documentation and submitted said document to the Board of Selectmen. This program is a necessary pre-requisite for Federal aid and assistance in which the Town may well participate in the years to come.

The Planning Board has also continued its studies of open spaces and amenities within the town's borders. During the year, the Board worked on an open space and beautification program for the town of Arlington and will continue this program during the coming year.

The Planning Board wishes to express its appreciation for the willing assistance and advice which it has received in its various programs by the Town Manager and other Town officials, boards and departments.

Respectfully submitted,

David A. Leone, Chairman
Richard L. Mullin, Secretary
William E. Shea
John J. Mulkerin, Jr.
William A. Trenchard, Jr.

Report of the Public Welfare Department

February 5, 1968

Mr. Donald R. Marquis, Town Manager
Town Hall
Arlington, Massachusetts

Dear Sir:

I have the honor of submitting the report of the Medical Inspector of the Department of Public Welfare, for the period ending October 31, 1967.

	<u>House Calls</u>	<u>Office Calls</u>	<u>Total</u>

Respectfully submitted,

Edward W. Feeley
Medical Inspector
Department of Public Welfare

January 8, 1968

Donald R. Marquis, Town Manager
Town Hall
Arlington, Mass.

RE: Report of the Public Welfare Department

Dear Mr. Marquis:

In accordance with your request, I hereby submit the Annual Report of the Arlington Public Welfare Department for the year ending December 31, 1967.

STATISTICAL REPORT

This report sets forth the Receipts, Expenditures and Disposition of Account Balances relating to the following Public Assistance Programs administered by the Arlington Board of Public Welfare:

1. General Relief
2. Cuban Refugee Program
3. Disability Assistance
4. Aid to Families with Dependent Children
5. Old Age Assistance
6. Medical Assistance

1. GENERAL RELIEF

Monthly average case count aided	14
Receipts...Town appropriation	\$15,000.00
Expenditures ... Direct grants and	
Medical Vendor payments	<u>\$14,946.75</u>
Balance of appropriation	<u>\$ 53.25</u>
retained by Town of Arlington	

The Commonwealth of Massachusetts reimburses the Town of Arlington 20% of the General Relief total expenditures claimed during the year 1967. The Commonwealth is not current on reimbursing payments. The actual total payment made by the State on this account for 1967, is in the amount of \$1,875.78.

1967 General Relief Appropriation		\$ 15,000.00
Less Unexpended balance of appropriation	53.25	
Less actual 1967 reimbursement by State	<u>1875.78</u>	
	1929.03	<u>1,929.03</u>
1967 Net cost for General Relief Town of Arlington		\$ 13,070.97

2. CUBAN REFUGEE PROGRAM

Monthly average case count 7
 No Town-appropriated funds set up for this Program because the Federal Government reimburses the Board of Public Welfare 100% of expenditures made under this Program.

1967 Cuban Refugee Program Expenditures	\$ 8,077.69
1967 actual Federal reimbursements to date	8,540.52
1967 credit balance to be retained by Board for use in 1968	462.83

3. DISABILITY ASSISTANCE

Total cost to Town for 1967	\$239,037.14

1. General Relief, also referred to as Local Welfare Aid Program, involves the disbursement of cash voucher orders to needy individuals and families who are not eligible under a Federally Re-imbursable category of public assistance, for emergency aid pending establishment of eligibility for such a category of aid. This program cares for the medical expenses of the medical indigent who are not covered under the Medicaid program. The Commonwealth of Massachusetts reimburses the Town for 20% of the appropriated funds expended by the Town under the General Relief program.

The Federal Government does not participate in reimbursement of expenditures under General Relief.

2. Cuban Refugee Program:

The direct grants by check to recipients under this Federally 100% reimbursable program and the payment of medical expenses of Cuban Refugees residing in the Town of Arlington are made from Federal account balances administered by the local Board of Public Welfare. This program does not necessitate an appropriation of Town Funds.

3. Disability Assistance:

Many disabled persons are aware of the welfare benefits under the Disability Assistance program due to their present participation in the Medicaid provisions of welfare. It is anticipated that several of these individuals will be eligible for money grants and extensive rehabilitative services in the very near future. The present case count of 47 is expected to go to an average of 57 cases monthly during the year of 1968.

4. Aid to Families with Dependent Children:

During the year of 1967, there has been a steady increase of eligible applicants for financial and social service aid under this program. In view of increasing troubled domestic family situations and the awareness of such families of their right to apply for public assistance, it is anticipated that the average monthly case count for 1968 will be 135 families.

5. Old Age Assistance:

The case count for eligible persons 65 years of age and over for financial aid under this program is expected to average between 265 to 270 cases per month. Public Housing for the elderly now available in Arlington is sincerely appreciated by our resident recipients of Old Age Assistance.

6. Medical Assistance - also known as Medicaid:

Under this program all medical vendor bills of recipients of Disability Assistance, Aid to Families with Dependent Children and Old Age Assistance are paid from Medical Assistance appropriated funds and from Federal reimbursement grants. Medical vendor bills of eligible recipients of Medical Assistance also known as Medicaid type cases, are paid from such funds.

As of January 1967, there were approximately 255 active Medical Assistance cases per month serviced by this Agency. Commencing June 1, 1967, as the result of a publicity program initiated by the State Department of Public Welfare, as well as the introduction of a simplified, non-investigative type application, the Medical Assistance eligible applicants sharply increased.

Presently, as of January 1, 1968, there are approximately 1,100 approved eligible Medical Assistance cases, in addition to the 255 regular M. A. cases, which were on the Agency's rolls prior to the legislative creation of the Medicaid program in September, 1966.

The increased cost of hospitalization, and medical services, and the wide spread use by those eligible for M. A. has increased the expenditures under this program. Please note that the Federal Government reimburses the Board of Public Welfare through the State Department of Public Welfare on the percentage basis of 50% of total funds spent on Medical Assistance. During the last few months of 1967, the Medical Vendor expenditures averaged \$90,000.00 per month.

Personnel:

During the year of 1967, two Social Workers retired from the Department. Within a few months two Arlington residents were appointed to fill these vacancies.

Two Senior Clerks terminated their employment with the Department in 1967 by retirement.

Pending a competitive promotional civil service exam, within this Department, these positions remain vacant, and are expected to be filled early in 1968.

The Board of Public Welfare is composed of the following Arlington residents who serve judiciously to carry out the policies governing the administration of Public Assistance Programs: Mr. Walter T. Kenney, Chairman, Mrs. Malcolm O. Nicholl, and Mr. Brewster Ames.

The Board of Public Welfare, the Director, and the Staff thank you and all agencies, public and private, that have enabled us to render the best possible services to the recipients and to the Town of Arlington.

Respectfully submitted,

Thomas H. Lavin
Director of Public Assistance

Annual Report of the Department of Youth Services

January 5, 1968

Mr. Donald R. Marquis
Town Manager
Arlington, Mass., 02174

Dear Mr. Marquis:

In accordance with Section 49 of Chapter 40 of the General Laws, herewith is submitted the Annual Report of the Department of Youth Services for the year ending December 31, 1967.

On January 17, 1967, Reverend Wilbur D. Canaday was appointed to the Board of Directors of Youth Services to fulfill the unexpired term of Reverend Robert E. Slaughter. On March 14, Reverend Canaday and Mr. George P. Faulkner were reappointed, their terms expiring April 1, 1970.

This year we are fortunate in having two (2) more Simmons College Graduate School of Social Work interns, Mrs. Lillian Cain and Mr. John Patten, who will be with our staff until June of 1967.

Unfortunately, in August Mr. Fred Seifer who had ably served as caseworker for three (3) years was appointed as Director of the Brookline Family Counseling Service. The scarcity of qualified people in this field has prevented us from filling this position to this date.

In September Mrs. Margaret Eckel joined our staff as part-time clerk-stenographer.

The 1967 Report by the President's Commission on Law Enforcement and Administration of Justice recommends that "Communities should establish.... Youth Service Bureaus...." which "...would act as central coordinators of all community services for young people and would also provide services lacking in the community or neighborhood, especially ones designed for less seriously delinquent juveniles." Their outline of how these services are to be provided closely follows the specific functions of the Arlington Department of Youth Services and currently a proposal is under consideration to use Arlington's program as a demonstration of how local communities can provide for their youth problems.

During 1967, we have seen the rise in drug abuse among our adolescent population, forecast by the April conference held at the Bishop School. Hopefully, this added to the knowledge of the professionals in the community and locally helped keep this nationwide problem in check.

Many other areas of concern have manifested themselves throughout the year. Vandalism, abuse of alcohol and sexual promiscuity are among the most obvious symptoms of the alienation of some of our youth and continue to require the attention of all of Arlington's youth-serving agencies. A growing concern is the proportionately large number of girls referred to us for help. Over half of the new youngsters seen in 1967 have been girls.

In 1967, this department has worked directly with 170 children and their families and terminated contact with 51 after satisfactory adjustments had been made.

In addition, the three staff members of this department have attended over 200 conferences with various agencies focusing on the needs of our young people and have received over 300 requests for advice and consultation from other youth-serving individuals, both lay and professional.

We have been especially gratified by the increasing number of communities requesting help in trying to emulate Arlington and have been invited on 17 occasions to speak before interested groups.

By approaching the youth problems of the community on a broad basis, i. e. working directly with youngsters and parents, cooperating with lay and professional groups involved with youth and operating from within the structure of the town government, the Department of Youth Services is able to offer a variety of services to better meet the changing needs.

Our utmost thanks goes to the other youth-serving agencies and Town departments for their splendid cooperation.

Respectfully submitted,

Arthur E. Johnson
Director

Annual Report of the Personnel Board

January 15, 1968

To the Citizens of Arlington:

The Personnel Board herewith respectfully submits its annual report for the year ending December 31, 1967.

The membership of the Board did not change with the reappointment of Harry L. Mullen and John E. Bowler, an employee representative, to March 12, 1970. Jack A. Marshall was re-elected Chairman for the coming year. The appointments of Jack A. Marshall and John J. Gibbons will expire on March 12, 1968. Walter H. O'Leary, an employee representative, was appointed to March 12, 1969.

The Board has held ten meetings during the year and met with individuals, committees from the Police and Fire Departments, and other committees to consider twenty-two requests relative to salaries. The requests included an 8% increase for members of the Police and Fire Departments. As the cost of living continues to rise, the Board is again considering a recommendation of a general increase in order to maintain a median comparison and a fair standard of living for our employees.

The recent municipal collective bargaining law is now in effect and the Board of Selectmen appointed the Town Manager as the bargaining agent for the Town. At the invitation of the Town Manager, the Personnel Board has attended four bargaining sessions during 1967 with representatives of Local 680, AFL-CIO.

In addition to the meetings, we have had frequent contact with the Executive Secretary on various personnel matters that have arisen between meetings. The Executive Secretary has had numerous conferences with the Town Manager, department heads, employees and the Division of Civil Service on matters pertaining to Civil Service procedure, the operation of the Classification and Pay Plan and the Leave Regulations. The following are some of the personnel procedures handled by the department this year:

Civil Service Requisitions	114
Emergency appointments	36
Appointments, temporary, provisional, renewals	261
Permanent appointments	47
Promotions - Permanent and temporary	16
Termination of temporary employment	212
Termination of permanent employment	37
Permanent and temporary transfers	8
Loyalty Oaths	88
Group Insurance	43

There are at present 583 full-time, 45 permanent part-time, 4 temporary full-time, 31 temporary part-time, and 43 seasonal part-time classified employees in the service of the Town. The peak employment period was during the summer months with a total of 779. These figures do not include personnel appointed by the School Committee.

The Board appreciates the cooperation and assistance given by the Board of Selectmen, Town Manager, Finance Committee, officials, boards, Town Counsel and employees in our effort to administer the duties and responsibilities involved. We also wish to express our sincere appreciation for the capable services of our Executive Secretary and for the clerical work performed by Mrs. Helen McCluskey.

Respectfully submitted,

John J. Gibbons
Walter H. O'Leary
John E. Bowler
Harry L. Mullen
Jack A. Marshall, Chairman

Report of the Purchasing Department

Mr. Donald R. Marquis
Town Manager
Arlington, Massachusetts

Dear Mr. Marquis:

I herewith submit my report as Assistant Purchasing Agent for the year ending December 31, 1967.

1967 showed a steady increase in the cost of materials and services necessary for the continued proper functioning of the various Town departments. These increases were kept to a minimum by our constant efforts to obtain competition between vendors and contractors. In all instances where the needs of departments could be combined, publicly opened bids were sought and the results were gratifying.

Bids were sought on all materials or services such as gasoline, motor oils, and greases, No. 2 and 5 fuel oil, tires and tubes, sand, gravel, ordinary borrow for the Sanitary fill area, bituminous materials for road building and sidewalks, ready-mix cement and numerous other materials and services.

As in the past, detailed specifications were prepared and the subsequent contracts prepared with Insurance Coverage, Performance and Labor and Material or Payment Bonds, Votes of Corporation and Corporate Seals where applicable. Prior to all awards bids are carefully analyzed, the companies involved were investigated and all factors considered before award. It is estimated that approximately eighty (80) sets of contracts were processed in 1967. In all instances these contracts were carefully examined by the Town Counsel prior to his signature. Throughout the year numerous consultations were held with our Town Counsel on all aspects of subject matter involved in order that the interests of the Town be protected.

Competitive bidding without sacrificing quality is a sound practice. In this manner we obtain prices on a bulk basis for one year with materials taken as needed by the various departments thereby eliminating the need for extensive storage space. Small requirements are handled by quotations obtained by telephone. Wherever possible local vendors and contractors were given preference.

It is my considered opinion that we enjoy an enviable reputation for our fairness in dealing with vendors and contractors while still being insistent upon good performance.

I wish to take this opportunity to express my appreciation to the Town Manager, Board of Selectmen, Town Counsel, various Boards, Commissioners, Trustees, Town Officials, Committees, Department Heads, and my staff for their cooperation throughout the year.

Respectfully submitted,

Warren E. O'Leary
Assistant Purchasing Agent

Report of the Town Counsel

December 31, 1967

Mr. Donald R. Marquis
Town Manager
Town of Arlington
Robbins Memorial Town Hall
Arlington, Mass., 02174

Dear Sir:

I herewith submit my report for the year 1967 in accordance with Section 3 of Article 3 of the By-Laws of the Town of Arlington.

There have been seventeen accident claims against the Town of Arlington this year. Three have been settled as authorized by the Town Manager and Board of Selectmen. Four have brought suit and ten are in abeyance. Of the previous years' claims and suits, two were abandoned without suit, four were settled as authorized by the Town Manager and the Board of Selectmen. Thirty-four are still pending, and three were tried resulting in findings for the Town. One of these cases has been appealed. There were no verdicts against the Town.

Four land damage claims against the Town arising from street widenings and storm drain installations were disposed of by compromise settlements authorized by the Town Manager and the Board of Selectmen. Another land damage claim was tried in the Superior Court.

There were fourteen cases pending against the Town before the Massachusetts Appellate Tax Board petitioning for real estate tax abatements. Two cases were settled prior to trial. Two of the remaining cases were tried and there was a finding for the Town denying the requested abatements. The other ten cases are pending.

Two Bills in Equity have been filed in the Middlesex Superior Court appealing from decisions of the Zoning Board of Appeals. There was also a Bill in Equity filed by twenty taxable inhabitants of the Town alleging that property in Arlington was assessed at a percentage of fair cash value instead of at fair cash value and that assessments were disproportionate and discriminatory in some

instances. This matter was heard in the Superior Court and the Court found that whereas the Town was not assessing taxable real estate at fair cash value, it was immaterial for the Court to hear evidence as to the issue of any possible variation of assessments in the Town, all being below fair cash value, and the Board of Assessors were ordered to assess taxable real estate at fair cash value in time to affect the 1969 tax levy by the Board of Assessors. The Court has retained jurisdiction of this matter until the completion of the revaluation of all taxable real estate in the Town.

An appeal from a decision of the Board of Selectmen ordering a dog deemed to be vicious to be removed from the confines of the Town was heard in the Third District Court of Eastern Middlesex and resulted in a finding by the Court affirming the action of the Selectmen and denying the appeal.

Substantial amounts of money for aid rendered by the Bureau of Old Age Assistance have been recovered and turned over the the Town Collector.

The Town Counsel has been available at regular and special meetings of the Board of Selectmen, has worked in close cooperation with the Town Manager, has rendered opinions as requested by the Town Manager, various Boards, Departments, Committees and Officers, has attended meetings at State Boards and Commissions, and has been vigilant in all matters affecting the interest of the Town.

For the kind consideration and cooperation extended to me all all the officials of the Town during the past year, and especially to the Board of Selectmen and Town Manager, I desire to record my sincere appreciation.

Very truly yours,

Joseph A. Purcell
Town Counsel

Annual Report of the Fire Department

January 2, 1968

Mr. Donald R. Marquis
Town Manager
Arlington, Massachusetts

Dear Mr. Marquis:

As Chief of the Arlington Fire Department, I submit the Annual Report for the year ending December 31, 1967.

PERSONNEL

The uniformed force consists of 103 men: The Chief of Department, 5 Deputy Chiefs, 9 Captains, 18 Lieutenants and 70 Fire Fighters. The Department has a Master Mechanic, Doward L. Barter; a Physician, Dr. Edward W. Feeley; a Senior Clerk and Typist, Margaret Harrington and a Clerk and Typist, Catherine D'Amore. Deputy Chief Albert G. Lennon is in charge of Department Personnel.

RETIREMENTS

On April 15, 1967, Captain Robert J. Mahoney retired after serving 39 years in the Department. He was appointed on May 30, 1928, advanced to Lieutenant on July 13, 1947 and appointed Captain on January 9, 1949.

He was always a willing and loyal member of the Arlington Fire Department.

PROMOTIONS

The following were advanced in rank:

May 21, 1967	David T. Hughes from Lieutenant to Captain, Replacement for Captain Robert J. Mahoney.
June 18, 1967	Joseph N. Allosso from Fire Fighter to Lieutenant, Replacement for Lieutenant David T. Hughes.

APPOINTMENTS

June 18, 1967 Albert E. Horsman, 97 Varnum Street

DEPARTMENT CHAPLAINS

Reverend William W. Lewis of the First Parish Unitarian Universalist Church has been Department Chaplain since 1959.

Reverend Father John Pettie of Saint Camillus Church has been Department Chaplain since 1966.

APPARATUS AT HEADQUARTERS

Engine 1 (1954 Mack), 1000-Gallon Pumping Unit

Engine 4 (1954 Mack), 1000-Gallon Pumping Unit

Ladder 1 (1961 Mack tractor attached to 1937 Seagrave Trailer), 85' aerial ladder truck.

Rescue 1 (1958 Mack), Equipped for emergency calls and floodlighting operations.

Life Boat (1952) 14-foot metal boat with outboard motor and lifesaving equipment.

Chief's Car (1966 Oldsmobile)

Deputy's Car (1965 Ford)

Fire Prevention Car (1962 Chevrolet)

Utility Pick-up Truck (1963 Ford) 1 Ton Capacity

APPARATUS AT HIGHLAND STATION

Engine 2 (1952 Seagrave), 1000-Gallon Pumping Unit

Ladder 2 (1952 Seagrave), Non-tractor drawn 65 foot aerial ladder truck

Ladder 3 (1949 Seagrave), Spare, 750-Gallon Pumping Unit and a non-tractor drawn 65 foot aerial.

APPARATUS AT PARK CIRCLE STATION

Engine 3 (1965 Mack), 1000-Gallon Pumping Unit

Two (2) 500-Gallon Auxiliary Fire Pumps (1941 Buffalo) Numbered Engine 15 and 16.

RESPONSE

The Department responded to 1,425 calls of which 495 were box alarms, 827 still alarms and 103 Mutual Aid (out-of-town) calls; of the 950 telephone calls received 134 were box alarms.

A summary of alarms revealed that the most of such calls occurred in the month of October; that more occurred on Tuesday than on any other day of the week and, also, that of these calls, the largest number being between the hours of 11 A. M. and noon; and between 4 P. M. and 5 P. M.

Two hundred and forty-five (245) false alarms were sounded as compared with 178 in 1966.

Rescue 1 responded to 113 first-aid emergency calls where the resuscitator and inhalator were requested for the administration of oxygen. Rescue equipment on this unit was used on several occasions to release persons trapped when involved in accidents; also, on calls to homes where incidents occurred through the misuse and faulty operation of home appliances.

MULTIPLE ALARMS

March 18	Box 282	20-22 Hamilton Road
March 25	Box 1391	27 Winter Street
September 28	Box 171	107 Franklin Street

GENERAL SUMMARY OF EQUIPMENT USED AT FIRES

Ladders Raised	3,619 Feet
Hose Used	35,400 Feet
Water from Booster Tanks	30,826 Gallons
Pumping Operations	357 for 85 Hours
Miles Travelled	10,276 Miles
Service	1,030 Hours

CAUSES OF ALARMS FOR 1967

Accidents	15	Hot Ashes	1
Accidental Alarms	8	Incendiarism	2
Automobiles	67	Incinerators	15
Bomb Scare	4	Investigating	15
Careless Smoking	46	Locked Out	107
Children & Matches	30	Malicious Mischief	3
Chimneys	6	Miscellaneous	32
Dump	3	Needless	37
Electrical Devices	25	Oil Burners	30
Electrical Portable Equipment	31	Oil Tank Leaks	3
Elevators	1	Out-of-Town	103
False Alarms	245	Refrigerator Leaks	8
False Calls	12	Rubbish	31
First Aid	113	Spontaneous Ignition	3
Gas Leaks	5	Smoke Bomb	1
Gasoline	29	Sprinkler Systems	5
Grass	237	Suspicious Origin	1
Grease	36	Televisions	5
Heaters	21	Utility Wires	55
		Water Leaks	4

FIRE LOSSES

67 losses occurred, 6 of which accounted for \$192,038.00 of the entire yearly loss.

The total assessed value of property endangered, insurance thereon, loss sustained and amount of insurance paid are as follows:

	<u>Assessed Value</u>	<u>Insurance</u>	<u>Damage and Insurance Paid</u>
Buildings	868,750.00	2,459,500.00	143,321.66
Contents	<u>950,626.10</u>	<u>946,626.10</u>	<u>106,027.96</u>
Total	1,819,376.10	3,406,126.10	249,349.62

APPROPRIATION

1967 Appropriation	\$948,459.50
Expended	<u>934,810.86</u>
Balance	13,648.64

CREDITS

Fees for 24 Permits to Blast	\$12.00
Fees for 15 Permits for Flammable Fluids	7.50
Fees for 5 Permits for Tar Kettles	2.50
Sale of Junk	<u>34.56</u>
Total	\$56.56

REPORT OF DEPARTMENT PHYSICIAN

Dr. Edward W. Feeley, Department Physician, rendered the following services in 1967: 91 office visits, 29 hospital calls and 1 physical examination.

In addition, Dr. Feeley responded to many emergency calls and alarms of fire. Several conferences were held with the Chief of Department on medical matters pertaining to members of the Department. On November 16th Dr. Feeley inoculated the members of the Department for the prevention of "Flu."

FIRE PREVENTION WEEK

October 8 - 14 was observed as Fire Prevention Week. Fire Department officers distributed Fire Prevention posters and calendars in all public buildings and some business establishments.

Fire Prevention pamphlets and booklets were passed out to school children with permission of Dr. Roens, Superintendent of Schools.

The Public Works Department cooperated by removing accumulated rubbish and debris set out at curbs for collection.

Fire Prevention materials were passed out during the week at one of the local super markets and questions were answered by Fire Department officers when requested.

FIRE PREVENTION

Assigned to the following phases of Fire Prevention are:

Deputy Chief Francis M. Doherty - Mercantile Inspections

Deputy Chief Irving L. Proctor - Quarterly Inspections of Nursing Homes and hospitals

Deputy Chief Charles J. Doherty - Lodging and Rooming Houses

During 1967, Lieutenant Henry T. Scannell, Inspector of Oil-burning installations and flammables inspected 288 oil burners, in addition to flammable installations and storage equipment. 256 permits were issued. It was necessary to reinspect 32 installations because of faulty equipment and failure of installers to meet the state rules and regulations.

Theatres were regularly inspected by Deputy Chiefs. Periodic inspections were made of all town-owned buildings in conjunction with insurance program by the Deputy Chiefs.

Officers and Fire Fighters made periodic inspections of places of business, public buildings, schools, hospital, convalescent homes and places of assembly. Records of existing conditions with the date of correction were kept.

During the summer of 1967, all soda and acid and water fire extinguishers in all public schools were pressure tested and recharged by a private concern. All dry chemical and CO_2 extinguishers were checked by fire fighters. The pressure test is recommended by the Fire Underwriters.

DWELLING INSPECTIONS

For the eleventh year the "In-service inspection of dwellings" was conducted by Lieutenant Harold C. O'Leary. Approximately 12,000 homes were inspected by fire fighters and the Public Works Department also assisted by picking up rubbish and debris placed at curbs. This program was carried out in the spring annual "Clean-up, Fix-up, Paint-up" drive and fire fighters pointed out common hazards to occupants and requested all to practice safety in the home.

FIRE DRILLS IN SCHOOLS

In compliance with Massachusetts General Laws, Chapter 148, four fire exit drills were conducted in public, parochial and private schools under the supervision of officers of the Arlington Fire Department. A record was made of classrooms, pupils, exits used and the time required to evacuate each building, a copy of which was sent to the School Department.

The "In-service" method was employed, as in past years, whereby apparatus is available for response to an alarm off fire through the medium of two-way radio.

FIRE DRILLS IN NURSING HOMES

In accordance with the provisions of Chapter 333, Massachusetts General Laws, Deputy Chief Irving L. Proctor made periodic inspections and held required fire drills at Symmes Hospital and all nursing homes in Arlington. Reports were forwarded to the Massachusetts Department of Public Health.

HYDRANT INSPECTIONS

During November all hydrants were checked for water in the barrel and, if found, it was pumped out. This program was conducted by members of the Fire Department and Water Department jointly.

Permanent records are kept by the Fire Department and close cooperation with the Water Department is maintained. Faulty or defective hydrants were restored to service as soon as possible.

TRAINING OF FIRE FIGHTERS

The training program for the Department is under the supervision of Deputy Chief Robert C. Blomquist who is assisted by Captain Eugene DelGaizo.

Daily drills were held in fire stations in all phases of fire fighting, rescue work, first-aid including resuscitation, street drills and running card assignments. Also, drills were conducted in pump drafting and life boat practice at Spy Pond.

A refresher course in ladder evolutions was conducted at the rear of the Highland Station for all members of the Department in the Fall.

At Pond Lane, live flammable liquid fires were held and training in the extinguishment by foam application and water spray was applied. All members of the Department participated during a three-week period.

Both Deputy Chief Blomquist and Captain DelGaizo are members of the Massachusetts Institute of Fire Department Instructors. Members of the Association are kept informed as to the latest techniques of scientific fire fighting evolutions.

AUXILIARY FIRE FIGHTERS

Deputy Chief Irving L. Proctor is the Fire Department coordinator for this group under the direction of Civil Defense.

Auxiliary fire fighters worked in the stations from 7 P.M. to 10 P.M. on many occasions and rendered stand-by assistance. They responded and aided the regular Department during fires, snow storms and other unusual weather conditions.

DETAILS

Fire Fighters were detailed to stand-by duty as precautionary measure to guard against fire during welding operations or when blow torches were being used for repairs in schools or public buildings.

The Highland Station was used for registration of voters and voting purposes by the Town. Park Circle Station was used for voter registration and a meeting place for civic groups.

Apparatus participated in the April 19th, May 30th and November 11th parades and in the Boston Fire Prevention Parade on Sunday, October 8, 1967.

Fire Fighters at Park Circle Station continued traffic duty during school hours in that section to protect school children.

BUILDING MAINTENANCE

At Fire Headquarters, the exterior was completely painted and a new whistle installed in the tower, replacing the original whistle which was installed in 1924.

At Park Circle Station, the entire basement area was painted by the fire fighters assigned to this station. A hose tower was completed at the end of the apparatus floor for the drying of hose. The capacity for drying purposes in this tower is 1,000 feet.

At Highland Station three (3) new overhead doors were installed on the apparatus floor and each was equipped with a heavy duty electric motor for the opening and closing of the doors, and electric timer which closes the door when the apparatus is out of quarters for more than several minutes and a pneumatic safety device to reverse the travel of the door when it comes in contact with an object. The new apparatus doors, wall area and ceiling were given a finish coat of paint.

Interior painting by the men assigned to this station was completed in the dormitories, front hall, stairway and lavatories. The kitchen was tiled, wall-papered and the ceiling done.

The three (3) Edison meters were removed and changed to one (1) one hundred (100) Ampere service with one meter with circuit breakers.

RECOMMENDATIONS

For the year 1968, I recommend that \$971,265.00 be appropriated.

CONCLUSION

To the members of the Board of Selectmen, Town Manager and all other departments my sincere thanks, and to my own officers and men for faithful and loyal performance of duty, my deepest appreciation.

Respectfully submitted,

John E. Canniff
Chief of Department

Report of the Fire and Police Signal System

January 2, 1968

Mr. Donald R. Marquis
Town Manager
Arlington, Massachusetts

Dear Sir:

As Superintendent of the Fire and Police Signal System, I submit the annual report for the year ending December 31, 1967.

The system is maintained by Temporary Assistant Superintendent Nicholas J. Bucciero and two (2) signal maintainers, Salvatore Aprile and William LaRue.

FIRE ALARM AND POLICE SIGNALS

Temporary breakdowns occurred in both the aerial and underground lines due to storms, high winds, snow and lightning inflicted severe damage and circuits showed ground readings, immediate steps were taken to correct these ground conditions.

During 1967, periodic testing of fire boxes was held as recommended by the New England Fire Rating Association. Tests were made under the direction of Deputy Chief Charles J. Doherty and Nicholas Bucciero of the Fire Alarm System. Faulty and defective boxes were corrected immediately.

Made routine repairs, wound and tested fire alarm boxes and police signal boxes. Maintained and painted fire alarm boxes and police signal boxes throughout the town. Conducted water-flow tests on signal boxes connected to sprinkler systems. Installed decal "Fire" on fire pedestals. Checked police signal desk, registers, air whistle and master clocks.

Due to reconstruction on Route #2, the following changes were necessary in the Fire and Police Signal System:

- Fire Box #286 located at 444 Concord Turnpike was eliminated.
- Fire Box #2851 located at Concord Turnpike and Wilson Avenue was relocated on Wilson Avenue 100' nearer Lake Street adjacent to new access road.
- Fire Box #2852 and Police Box #16 combination and pedestal was moved from Lake Street and Concord Turnpike on Lake Street back 100' out of the path of Route 2. Considerable work was necessary on this change due to the construction of a new manhole and the installing of underground cable.
- Fire Box #8651 located at St. Camillus Hall and the Concord Turnpike was relocated 75' back from Route 2 in front of the hall.
- Police Box #417 was moved from the Concord Turnpike at St. Camillus Hall to Dow Avenue and the new access road to Route 2.

The following boxes were damaged when struck by automobiles:

Box

261	Massachusetts Avenue and Magnolia Street
424	Pleasant Street and Gray Street
7521	Peirce School - Wind and Rain Storm - Edison wires
125	Combination Fire Alarm and Police signal box
51	Massachusetts Avenue and Pleasant Street

Installed New Fire Alarm Boxes:

Box

8412	Master Box	St. Anne's School, Claremont and Hillside Avenues
8412	Master Box	St. Anne's School, Claremont and Hillside Avenues
4413	Master Box	Unitarian-Universalist Church, Pleasant Street and Massachusetts Avenue
4231	Master Box	MacDonald's Nursing Home, 129 Pleasant Street
7711	Master Box	Arlington Heights Methodist Church, Westminster Avenue
8661	Master Box	Hillside Nursing Home, 162 Hillside Avenue
463		Bellevue Road and Spring Street
2321		Lakehill Avenue at Hamilton Road
8414		Appleton Street and Claremont Avenue

Threefold Boxes Installed:

Box

154	Massachusetts Avenue and Windsor Street
243	Pond Lane
264	Herbert Road and Milton Street
266	Brooks Road and Melrose Street

Street Box #8412 removed from pole, replaced by Box #8414 at Claremont Avenue and Appleton Street.

Grounded 19 Fire Boxes in Circuit #1 for 3 fold operation.

Removed 980 feet 2 conductor aerial cable and Fire Alarm Box #286 at 440 Concord Turnpike due to relocation of Route #2.

CABLE CONSTRUCTION

Replaced with 2 conductor plastic aerial cable at the following:

Foster Street to Fire Alarm Box #1331

Arnold Street to William Street to Hibbert Street, Boundary Road to Sylvia Street

Robin Hood Road to Fire Alarm Box #358 to Police Signal Box Venner Road to Fire Alarm Box #446

Standish Road to Fire Alarm Box #8633

Replaced with 6 conductor plastic aerial cable at the following:

Washington Street at Mohawk Road

Ridge Street near College Avenue

Replaced with figure 8 conductor plastic aerial cable:

Mystic Street from Robin Hood Road to Winchester Line

Robin Hood Road to Fire Alarm Box #358

Park Avenue Extension from Summer Street to Park Avenue Extension to Westminster Avenue

Sagamore Road from Brewster Road to Standish Road from Frontage Road to Standish Road

New Installation of 2 conductor plastic aerial cable at the following:

Lakehill Avenue to new Fire Alarm Box #2821

Claremont Avenue and Appleton Street to new Fire Alarm Box #8414

Appleton Street and Wachusett Avenue to Dow Avenue and Valentine Road, relocation of Fire Alarm Box #861

Park Avenue Extension to Westminster Avenue to Arlington Heights Methodist Church, new Fire Alarm Box #7711

Florence Avenue at Hathaway Circle to Frontage Road, Route 2, relocation of Box #8651

Hillside Avenue to Hillside Nursing Home to Fire Alarm Box #8661

Claremont Avenue to St. Anne's School buildings for Fire Alarm Boxes #8412 to #8413

Pleasant Street to MacDonald's Nursing Home, 129 Pleasant Street, to Fire Alarm Box #4231.

Pleasant Street and Swan Street to Unitarian-Universalist Church, Pleasant Street and Massachusetts Avenue for new Fire Alarm Box #4413

Bellevue Road to Spring Street and Bellevue Road for new Fire Alarm Box #468

Replaced underground cable to Cutter School

Replaced underground cable, railroad bridge, Pond Lane, installed 2 terminal boxes on underground poles.

AIR RAID SIGNALS

Tested sirens on first and third Fridays of each month. Routine inspection was made of the air raid sirens throughout the town.

DETAILS

During the year houses were moved from along Route #2 to various locations in Arlington, Belmont, Lexington and Waltham. During the moving process it was necessary to move fire and police signal lines out of the path of these houses and still keep the system in operation.

The Public Address System was set up on many occasions for the observance of patriotic or commemorative ceremonies and for the Park Department Programs during the year.

Arranged Christmas lighting and decorations at the Town Hall, Robbins Library, Police Headquarters, on Tree and Crib at Monument Park and at the three Fire Stations. Set up Public Address System at Fire Headquarters for the singing of carols at the manger by various organizations.

For Civilian Defense, installed a new radio antenna on Town Hall roof and for the Credit Union, installed a buzzer line direct to Police Headquarters.

APPROPRIATION

1967	Appropriation	\$29,148.90
	Expended	<u>27,809.95</u>
	Balance	\$ 1,338.95

RECOMMENDATIONS

For the year 1968 recommend that \$43,698.00 be appropriated.

CONCLUSION

To the members of the Board of Selectmen, Town Manager Donald R. Marquis my sincere thanks for their interest and cooperation.

To the Temporary Assistant Superintendent and two signal maintainers of the Fire and Police Signal System my sincere appreciation for their devotion and efficiency in maintaining our Signal System.

Respectfully submitted,

John E. Canniff, Superintendent
Fire and Police Signal System

Report of the Registrars of Voters

Honorable Board of Selectmen
Arlington, Massachusetts

The Registrars of Voters herewith submit their annual report for the year ending December 31, 1967, in accordance with Section 3 of Article 3 of the Town By-Laws.

Temporary Assistant Registrars were again designated by our Board to make a complete canvass of the Town, as required by law, for the purpose of taking the annual listings of persons twenty years of age and older residing in Arlington on January 1, 1967, and of owners and keepers of dogs.

Following completion of the annual listing of persons, the voting list was revised in accordance with the information received from the temporary Assistant Registrars. A total of 2,383 notices were sent by first-class mail, as required by law, to persons whose names were to be removed from the voting list for the reason that they had not been reported as residing in Arlington on January first. Those who proved residence were reinstated.

As a result of the notices mailed, names of voters who had moved out of Arlington were removed from the voting list. In addition, names were removed because of death, change of name by marriage or court decree, failure to comply with the notice and other changes in voting status.

The total number of registered voters upon completion of the revision of the voting list was 27,271 and of this number 13,832 were enrolled Democrats and 5,846 enrolled Republicans, as of June 1, 1967. Following is a breakdown of registered voters by precincts:

<u>Precinct</u>	<u>Total Number Voters</u>	<u>Total Democrats</u>	<u>Total Republicans</u>	<u>Total Unenrolled Voters</u>
1	1,448	815	223	410
2	1,861	1,110	272	479
3	1,076	571	260	245
4	1,784	964	317	503
5	2,233	1,468	214	551
6	1,382	537	476	369
7	1,752	1,036	271	445
8	1,610	596	583	431
9A	1,045	532	234	279
9B	1,046	475	253	318
10A	704	305	169	230
10B	952	401	312	239
11A	1,649	731	315	603
11B	1,510	825	267	418
12A	1,278	568	337	373
12B	654	287	187	180
13	2,163	1,086	437	640
14A	1,336	634	330	372
14B	<u>1,788</u>	<u>891</u>	<u>389</u>	<u>508</u>
	27,271	13,832	5,846	7,593

Thirteen special evening sessions for the registration of voters were held during the year at various public buildings throughout the town. At these sessions, 51 persons were qualified to vote in primaries and elections. Throughout the year, daily sessions for the registration of voters were held as usual during the regular business hours at the Registrars' Office in the Town Hall at which an additional 443 were so qualified, making a total of 494 new registered voters in 1967.

Our Board certified the signatures of 4,677 voters appearing in nomination papers filed by or in behalf of candidates seeking town offices, petitions for articles to be inserted in the Warrant for the Annual Town Meeting and initiative petitions.

In addition, 54 names were certified on applications for absentee ballots for the Town Election.

For the Annual Town Election held on Saturday, March 4, the Registrars were in session throughout the entire period the polls were open - 7:00 A. M. to 8:00 P. M., after which they assisted in the tabulation of the ballots cast until 1:00 A. M. Sunday, March 5.

Mr. Harlan P. Smith was reappointed as a Registrar of Voters for three years by your board.

During the year the information contained in approximately 35,000 listing slips of residents of the town on January first was transferred to their individual master cards, which provide for a complete official record of residence for all persons twenty years of age or older from the time they first became residents of the Town of Arlington.

From this information, certificates of residence are issued daily to establish eligibility for attendance at State schools and colleges, receipt of old age assistance, veterans' services, social security, employment in state or federal civil service, and for many other purposes.

Registered Voters' Certificates are also issued from our records for use as identification and proof of citizenship.

Respectfully submitted,

Joseph H. Cormier, Chairman
Alfred M. DeVito
Harlan P. Smith
Ann M. Powers, Clerk
Registrars of Voters

Report of the Board of Health

January 5, 1968

Mr. Donald R. Marquis
Town Manager
Arlington, Mass.

Dear Mr. Marquis:

The Board of Health herewith submits its Annual Report for the year ending December 31, 1967.

On the date of January 10, 1967, we held our organizational meeting and unanimously elected Mr. Ralph LaValle as Chairman for the current year.

The efficacy of measles vaccine was demonstrated by the fact that there were no cases of measles reported again this year. This extraordinary statistic can also be attributed to local physicians for their cooperation and from the Measles Vaccination Programs conducted by the Board of Health.

Of further interest is the 1967 expenditure for tuberculosis hospitalization which is noted in the financial report. During the year hospitalization charges amounted to \$2,832.15. Subsequently, insurance credits amounting to \$2,636.22 were applied resulting a total net charge of \$195.93. For comparison, the net charges for the year 1966 totalled \$6,981.97. It is our hope that the present trend will continue in the future.

The Board is most appreciative of the entire staff of the Arlington Board of Health for their efforts and cooperation in helping to carry out our many responsibilities. Further, we wish to acknowledge our thanks to the Town Manager and other Town Officials for their continued cooperation and support during the past year.

Respectfully submitted,

ARLINGTON BOARD OF HEALTH

Ralph L. LaValle, Chairman
Paul F. Burke, D.M.D.
Carl E. Barstow, M.D.

REPORT OF PUBLIC HEALTH NURSE

Home visits were made on all reported Communicable Diseases in compliance with the Board of Health and the State Department requirements.

TUBERCULOSIS:

All reportable cases were investigated and arrangements made for follow up. Epidemiological studies were conducted for follow up of contacts.

A case register is maintained on all known active cases of tuberculosis. all pertinent data recorded.

CLINIC SERVICES:

Prepared for and assisted Dr. Edward Feeley at the Influenza Vaccine Clinics for Town Employees.

Prepared for and assisted at the Anti-Rabic Clinic, April 17, 18, 20, 21.

Prepared for and assisted at the Measles Vaccine Clinic conducted by the Board of Health.

Tested the hearing of eighteen children participating in the Head Start Program.

Tuberculin Tested eighteen children participating in the Head Start Program.

Home visits made on all reported cases of Glaucoma detected during clinic.

Prepared for and assisted Dr. Edward Feeley with Mantoux Testing on positive reactors to Tine Test in public schools.

SCHOOL HEALTH PROGRAM:

Assisted the School Physician with physical examinations of 591 pupils.

Referrals were sent to parents of pupils with defects. Home visits were made when no action had been taken by parent or guardian.

Vision tested on 1835 pupils. Hearing tested 476 pupils.

Referrals sent to parent or guardian on pupils failing either test. Home visits made when no action was taken.

Tine Tested pupils in grades one and ten. Also Tine Tested teachers, cafeteria workers and custodians.

Comprehensive records and reports are kept on file which are submitted daily, outlining the activities of Public Health Nurse.

IN SERVICE EDUCATION:

Attended four lectures at Fernald School, "Helping Families on the Care of Mentally Retarded and Emotionally Disturbed Children".

REPORT OF THE BOARD OF HEALTH PHYSICIAN

Physical examinations were completed on 591 pupils of the elementary and high school grades of Parochial Schools.

Administered inoculations of Influenza Vaccine at clinics, conducted by the Board of Health for Town Employees.

Supervised clinics which were conducted for the purpose of inoculating children with Measles Vaccine.

Children attending the Head Start Program received complete physical examinations including urine analysis and blood count. Also, each child received immunizations that were needed.

REPORT OF INSPECTOR OF SLAUGHTERING

There was no slaughtering performed in the Town during 1967.

Report of the Trustees of the Robbins Library

December 31, 1967

Mr. Donald R. Marquis
Town Manager
Town of Arlington
Arlington, Massachusetts

Dear Mr. Marquis:

In behalf of the Trustees of the Robbins Library it is my pleasure to submit our annual report for the year 1967.

This has been a busy and eventful year for the Library. For the details of the operation of the Library itself, I refer you to the excellent report of the librarian, Miss Judith E. Stromdahl.

Although regularly scheduled meetings of the Trustees are ordinarily held on the second Tuesday of each month, a total of 21 formal meetings (both regular and special) were required in 1967 in addition to numerous informal meetings and the meetings of subcommittees of the Library Board.

Two major concerns occupied the attention of the Trustees during the year: (1) the explosion in the boiler at the Main Library in February, which necessitated the closing of the Library for nine weeks; and (2) work with the architects in the development of plans for the renovation and expansion of the East Arlington Branch Library.

We shall present the details of the year's work under the following headings: I. Official Actions and Events; II. Special Events; and III. Problems and Concerns for the Future.

I. OFFICIAL ACTIONS AND EVENTS

APPOINTMENT OF TRUSTEES

In January Joseph A. Callahan was appointed to the Board of Trustees to fill the vacancy caused by the resignation of Robert T. Uek, who had served with distinction for nearly six years.

Mrs. Gordon P. Thompson and Norris H. Hoyt were reappointed Trustees, each for a term of three years.

ACTION OF TOWN MEETING

The annual Town Meeting of 1967 under Article 64 of the warrant appropriated the sum of \$31,000. to provide furnishings and equipment for the proposed addition to the East Arlington Branch Library.

ORGANIZATION OF THE BOARD OF TRUSTEES

In October Norris H. Hoyt was elected chairman of the Trustees, succeeding Mrs. Gordon P. Thompson who had served as chairman for two years.

The following subcommittee chairmen were appointed for the ensuing year:

Personnel: Mrs. Alfred Yood

Building and Grounds: J. Milton Washburn, Jr.

Friends of the Robbins Library: Joseph A. Callahan

Investment of Trusteed Funds: Norris H. Hoyt and Joseph A. Callahan

Building Committee for East Branch: J. Milton Washburn, Jr. and
Mrs. Gordon P. Thompson.

CLOSING OF THE MAIN LIBRARY

In the early morning hours of Tuesday, February 7, an explosion occurred in the furnace at the Main Library. Damage was extensive and forced the closing of the Library for nine weeks, from February 7 to April 10. It was fortunate that the Library was not open and that no one was in the building at the time of the accident.

Thanks to the prompt action of the Town Manager and the Board of Selectmen an emergency was declared and funds were made available at once to take care of urgent needs.

Appreciation is due many persons and Town Departments for their helpfulness during a very trying period. The School Committee made rooms available at the Industrial Arts Junior High School and at the Cutter School. The Selectmen, the Town Manager, and the Departments housed in the Robbins House (at considerable inconvenience to themselves) made quarters available in that building for part of the Library staff. Mr. Anthony Quattrocchi, supervisor of building maintenance for the Town, provided incalculable assistance throughout the emergency and supervised the installation of the new boiler, while Mr. John Smith, supervisor of custodians, supervised the cleaning of the building.

The branch libraries in East Arlington and an Arlington Heights were kept open from 9 a. m. to 9 p. m. Monday through Friday and from 9 a. m. until 6 p. m. on Saturday.

The Public Works Department transported books to and from the Main Library and the Industrial Arts Junior High School, the Cutter School, and the East and Dallin Branches. The library staff worked selflessly and uncomplainingly to provide, as best as possible, reference and other library services to those who needed them.

The Trustees express their thanks to all these and others and especially to the Head Librarian, Miss Judith E. Stromdahl, who (clad in coat and mittens) remained at her post at the Main Library, despite the cold, to direct the continuing operations of the library and its staff.

MEETING WITH SCHOOL SUBCOMMITTEE

Through the helpful assistance of Dr. Mary K. Carter, chairman of the School Committee, the Trustees met with the Long Range Planning Subcommittee of the School Committee to discuss future needs and plans for school libraries. In view of the School Department's plans for the curriculum and the need for full-time librarians in each elementary school, it was the unanimous belief of the Trustees that the school librarians should properly become a part of the School Department's staff and be transferred from the Library payroll.

Over the years the Robbins Library and the School Department have established an enviable record of cooperation for the benefit of the Town, and it is the wish of the Trustees that this spirit of joint action be continued in the best interests of all concerned. It was agreed that Miss Judith Stromdahl, the Librarian, should meet with Dr. Bert Roens, the Superintendent of Schools, to discuss ways by which the two departments can continue to work closely together, with the Library's providing technical services, supervision, and the screening of applicants for positions as school librarians--without duplication of effort and consequent extra cost to the Town. The Trustees wish to express their appreciation to the School Committee and to Dr. Roens for the helpful manner in which the two groups have been able to participate in providing needed services to Arlington.

MEETING WITH THE PERSONNEL BOARD

The Trustees met with the Personnel Board on December 7 and requested a change in the Classification and Compensation Plan for LS6, the Head Librarian, in view of the extensive managerial and administrative responsibilities which this position requires.

The Trustees also requested that the title of LS6 be changed from Head Librarian to Director of Libraries, in line with current library practice and the responsibilities of the position.

ROBBINS PRINT COLLECTION

The Trustees of the Robbins Library are appreciative of the great benefit derived to the Town from the Robbins Print Collection and the endowed funds whose income makes the success of the art program possible: the Robbins Library Art Fund and the Robbins Print Fund.

During the year, the Curator, Dr. Ellen Wiese, was responsible for arranging eight exhibits for the Art Gallery of the Robbins Library. In addition to selections from the Robbins Print collection itself, exhibitions included prints loaned by the Gropper Art Gallery of Cambridge, and the George Binet Print Collection, Brimfield.

For six weeks, in April and May, and again in November, the Arlington Art Association exhibited paintings executed by its members and in June, the Boston Negro Artists Association provided a very interesting collection of the works of its membership.

EASTERN REGIONAL PUBLIC LIBRARY SYSTEM

A contract between the Commonwealth of Massachusetts and the City of Boston was signed in October 1967 establishing the Boston Public Library as the Center for the Eastern Regional Public Library System. The Robbins Library is a member of this system by virtue of the state aid of 25 cents per capita which the Town of Arlington receives. In 1967, Arlington received \$12,488.25 from the Commonwealth as a grant-in-aid for libraries.

In order to qualify for state aid to libraries the Town must spend at least 13 per cent of its library budget for books.

Although the Eastern Regional System will be put into effect gradually, it will ultimately provide Arlington and the other 200 public libraries that belong to it with better library facilities than they have ever had before. Library patrons will continue to use the local library as the first source of library services. However, if the local library cannot solve the patron's problem, the Robbins Library will have access not only to the facilities of other local libraries but of the Boston Public Library, the Regional Center. In return, citizens of the other communities in the area will be able to make use of the facilities of the Robbins Library.

GIFTS

Several gifts of books were received by the Library in 1967. For these the Trustees are truly grateful.

Special thanks are due Mrs. Bertram Dallin, formerly of Arlington, for her generous contribution of letters and other valuable effects which belonged to her father-in-law, Cyrus Dallin. These have been added to the Dallin Collection at the Main Library.

FINES

In 1967 the Robbins Library returned to the Town \$11,662.32. This included fines for overdue and lost and damaged books, and \$150. in fees from out-of-town borrowers.

II. SPECIAL EVENTS

FRIENDS OF THE ROBBINS LIBRARY

Of great satisfaction to the Trustees are the interest and support given the Library by the Friends of the Robbins Library.

In February Dr. Kenneth C. Spengler spoke to a large group of Friends on the subject "Above the Horizon." Dr. Spengler, who is Executive Director of the American Meteorological Society and a well-known resident of Arlington, accompanied his presentation with the showing of a movie on weather and the display of recent publications dealing with meteorology.

A highlight of the year was the celebration of National Library Week in April. Professor Edwin O. Reischauer of Harvard University and recently returned Ambassador from Japan spoke on "Japan and Asia." Professor Reischauer's informative and entertaining talk was easily one of the most successful offerings in the ten years that Arlington has observed National Library Week. It was also a pleasure to have Philip J. McNiff, Director of the Boston Public Library, bring greetings and discuss "Library Cooperation in the Sixties."

The success of the occasion was due in large part to the chairman of the several committees of the Friends: Tickets: Mrs. Ehrich E. M. Schreiter; Admissions: John W. Reilly; Hospitality: Mr. and Mrs. Irving Stein; Posters: Mrs. Kenneth C. Spengler; Programs: Mrs. Harry H. Baldwin, III; Reception: Miss Norine T. Casey; Stage Arrangements: Paul McGuire and Miss Ruth G. Philpott; Treasurer: William Harmon Farrow; Ushers: Mrs John M. Peters.

In May a committee met with the Trustees to make preliminary plans for National Library Week in 1968. Members of the committee included Mrs. G. Edward Wilkins, Charles W. Blackmon, Mrs. Irving W. Stein, Mrs. Norris H. Hoyt, Miss Norine T. Casey, and John Reilly. Arrangements were completed to have Tom Poston of television fame be the speaker in April 1968.

Two new committees were appointed for the ensuing year:

Local Programs Committee: George K. Rugg, chairman; Mrs. Samuel R. Carlisle; Mrs. Ehrich E. M. Schreiter; and David D. Wallace. This committee has planned programs for meetings of the Friends during the winter of 1968.

Gift Selection Committee: A committee of four--Mrs. Gordon P. Thompson, chairman; Harry H. Baldwin, III; Mark W. Bradford; and Mrs. George J. Remmert--was appointed to select an appropriate gift to the Library from the Friends.

The Friends of the Robbins Library are grateful to Miss Elizabeth J. Hodges, Assistant Librarian, for the great help she has given them on their programs.

ANNUAL STAFF DINNER

In December the Trustees gave the annual Christmas dinner for the staff in the Library Hall. Entertainment was provided by members of the staff, who wrote and produced an entertaining skit concerning the Robbins Library and a visit to Mars.

III. PROBLEMS AND CONCERNS FOR THE FUTURE

BUDGETARY AND FINANCIAL PROBLEMS

The Robbins Library enjoys a high reputation as a superior public library. As such, it is a valuable asset to the community and helps to establish the Town as a desirable place in which to live. It is the aim of the Trustees, so far as possible, to continue the same level of library service as in the past.

In a period of inflation and rising costs this is difficult to do. Let us cite some examples of the problem:

Periodicals: In 1965, \$2,791.30 was expended for periodicals; in 1966, the amount spent was held to \$2,682.05; in 1967, the amount appropriated was \$2,700.00. Yet in 1967 alone the increase in cost of magazine subscriptions was extensive. For example, "Popular Science" increased from \$4.00 to \$5.00 a year, "Scientific American" from \$7.00 to \$8.00, "Fortune" from \$8.00 to \$9.25, and the "Ladies Home Journal" from \$3.00 to \$4.00.

Phonograph Records: Some persons may mistakenly believe that phonograph records are a "frill." Yet in today's world recordings play an important role in the field of communications. Every reputable library has a good supply of records on various subjects. They are used by a wide segment of the library public: for example, business people borrow the American Management Association records on interviewing; members of adult education courses use the language, shorthand, typing, and history recordings; college and high school students use recordings on many subjects; retired and senior citizens, many of whom have difficulties in reading, use records for information and learning as well as for leisure time and listening pleasure.

In 1964 the appropriation for recordings was \$2,750. In 1965 this was cut to \$2,000, and no increase was allowed in 1966 and 1967. Yet in 1967, the great majority of record companies increased the price of monaural recordings by \$1 per record -- from \$4.79 to \$5.79.

Books: In 1965, the sum of \$40,011.04 was expended for books; in 1966, the amount was \$42,962.17. In 1967 the appropriation was cut to \$41,953.00.

It is estimated by various suppliers of books to the library that the cost of books in 1968 alone will rise between five and ten per cent.

If the Trustees are to maintain the present level of library service to the Town and not let it deteriorate, they need to be able to maintain at least their present purchasing power.

EAST ARLINGTON BRANCH LIBRARY

During 1967, a goodly portion of the Trustees' time was devoted to the development of plans with the architects, Richmond and Goldberg, for an addition to the East Arlington Branch Library.

Progress was slower than had been anticipated because unforeseen problems were encountered. Among these were the problem of egress through the present library basement from the adjoining stores, the difficulties of sewer connections with the Massachusetts Avenue line, and various other technical and legal problems.

The exterior design of the building benefited from the advice and help of interested citizens, including representatives of the Arlington Committee for the Improvement of Civic Design.

The construction plans were finally offered for bids in November, with the sub-bids being opened on November 24 and the main bids on November 30.

Unfortunately the lowest bid was far in excess of the amount that the Trustees had available for the construction. As has been reported earlier, in 1965 the Trustees voted to use the bequest from Edith M. Fox to enlarge the East Arlington Branch.

The Results of the bidding were a severe disappointment to the Trustees. The need for enlarged and improved facilities in East Arlington has long been recognized. Representatives of P.T.A. groups of the Hardy, Crosby, and Thompson Schools several years ago requested that action be taken to overcome the crowded and inadequate conditions at the East Branch.

As the year drew to a close, the Trustees were investigating ways in which the Fox bequest could be supplemented and thus bring to East Arlington the facilities that are so sorely needed.

THE ST. JOHN'S REPORT: MAIN ROBBINS LIBRARY

Early in 1967 copies of the report prepared by Francis R. St. John Library Consultants, Inc., describing its survey of the needs of the Robbins Library were distributed to Town officials. This survey was authorized by the action of the Town Meeting in 1966 under Article 55 of the warrant.

The St. John's survey reported severe overcrowding at the Main Library and the need for additional space. In particular, the report mentioned the need for larger quarters for the Young Adults Department and the Technical Services Department, and the need for additional stacks. To quote the report: "There is no question that more space is needed for the Robbins Library. It is equally true that this space cannot be found by further rearrangement within the present building. This leaves two alternatives: one, further additions to the present structure, or, second, a new building planned to operate efficiently for the present demands of library service and with a view to the future."

After extensive study and discussion the Trustees were in unanimous agreement with the conclusion of the St. John's report that additional space is urgently required for the Main Library if proper library services are to be maintained.

The Trustees took no action, however, on the report's recommendations for solving the problem. Further study of ways to enlarge the present structure will be undertaken in 1968.

A NOTE OF APPRECIATION

The Trustees are indebted to many persons and many Town Departments for help and assistance during this eventful year. Some of these have been mentioned previously in this report.

In particular we should like to express our appreciation to you, the Town Manager, for your ever-readiness to respond to our requests for advice and aid in solving our many problems; and also to the devoted staff of the Robbins Library which carried on so valiantly under trying conditions during the year just past.

Respectfully submitted,

Norris H. Hoyt

Chairman

Trustees of the Robbins Library

Report of the Librarian, 1967

To: The Board of Library Trustees:

For thousands of New Englanders, the year 1967 will be remembered as the "Incredible Year of the Red Sox"; for others, it will be remembered as the year the long drought came to an end; but for the staff of the Robbins Library and the people of Arlington, 1967 may well be remembered as "The Year of the Explosion!"

"Troubles come to one and all, Be they big or be they small," wrote Thornton W. Burgess in one of his aphorisms. The trouble which befell the library was a big one. For nine weeks confusion reigned. No heat, no water - oil and soot were everywhere -- destruction here and there. For nine weeks the library was closed while a new boiler was installed, repairs made and the building cleaned. For nine weeks Main Library books were returned via the auto page and the branches - the piles grew higher and higher in the room at the Junior High Industrial Arts School graciously offered for library use. For nine weeks the public was forced to depend on the Dallin and East Branches where hours of opening were extended daily from 9-9, Monday through Friday, and 9-6 on Saturday, and where the staff at each branch was reinforced by librarians, library assistants and custodians from the Main Library. For nine weeks every effort was made to meet the needs of the borrowers under these trying conditions. If requested material was not to be found in the branch collections, it was sought out at the Main Library. Indelibly imprinted on the memory of the staff is the picture of librarians, clothed with mufflers, gloves and boots searching out materials in the oil covered dirty library amidst the sound and smell of huge kerosene heaters blasting away in an attempt to prevent further damage.

"There is no education like adversity," said Disraeli, and the truth of this saying became evident in the wake of the library's misfortune. For years the Main Library and its resources had been taken for granted. Now that they were temporarily unavailable, students, adults, housewives and business men alike, suddenly realized how important these facilities were and how much they had come to depend upon them. As one borrower said, "I never knew how much I used the library. As I look back, I realize that I dropped in almost every day to check a fact, settle an argument or get a book. I was completely lost without the Main Library."

But, "However hard may fall the rain, the sun is sure to shine again." And for the library, the sun shone brightly on April 10. On that day, the Robbins Library opened its doors again. Sparkling bright from top to bottom, heated with new equipment, there was an almost festive air throughout as the public found its way back again. The staff was greeted like long lost friends and expressions of joy at the reopening were constant. "Never have I spent such a long winter," said one elderly person who customarily comes to the library once or twice each week. "It's like coming home," said another. "Little did we realize how much our students used the public library," confessed a high school teacher. "We had to change our assignments as no material was available for the students' use."

Naturally, this enforced closing of the Main Library affected the year's statistics, so no realistic comparisons can be made with those of 1966. The branches, of course, showed gains, but these gains could not compensate for the losses experienced at the Main Library. Accordingly, no comparisons will be quoted in this report.

Overall, 1967 was a busy year in all departments. It was a year of activity and service to the public. The very essence of library service is "to have what is needed for those who need it when they need it." And it is the duty of the librarians "to know what the library has, and how to do what must be done for those who seek their help." It is hoped that the people of Arlington found these facts to be true.

"HE THAT NOTHING QUESTIONETH, NOTHING LEARNETH"

The status of a library is reflected not only in the volume but the quality of its reference service. Demands for reference help from school and college students seem to be constantly increasing, and students are asking questions involving a far more specialized and advanced range of subjects than ever. The Reference Librarian reported that students, in 1967, came up with "more exotic questions than ever before," and the Young Adults' Librarian noted that research increased each week until it reached its peak in December when the department was "inundated with requests for help by students." Typical of such requests was the one made by a student who wanted information on conditions of French prison life at the time of the French Revolution. "I spent an hour finding books for him," noted Mrs. O'Day. "The student spent all evening reading and writing . . . but," she added, "all that shows on our records is a check under reference."

To meet these growing needs, the librarians must constantly be alert to discover new reference materials including pamphlets which are especially useful on subjects undergoing change. Among the additions to the reference collection in 1967 was a subscription to Deadline Data. This consists of a file of cards, alphabetically arranged by countries, continually revised with new material, designed to keep patrons informed of new developments.

As for pamphlets, hundreds were added to the files of every department, making available useful, up-to-date material on topics in heavy current demand.

Another source of reference information is the periodical collection. Each year the current magazine list is re-evaluated; this past year 9 periodicals were dropped and 17 were added, making the number of paid subscriptions, 345. Gifts accounted for another 152.

During 1967, questions recorded numbered 34,189. This is a conservative figure; many requests went uncounted. Typical among the questions asked were the following:

- Diseases due to food supply in the Middle Ages
- Material on all fields of parapsychology
- Philosophy motivation of the ideas and forces which have stimulated the evolution of American society
- Trace the history of the first 10 amendments to the Constitution of the United States
- Comparison of Arlington High School facilities for study and teaching with schools throughout the country
- How did Jack the Ripper die
- Religious beliefs of the presidents
- Meanings of surnames in 4 works of literature and why the authors used them
- Life in Leyte village

The trend toward subject departments continues to increase in the larger libraries, and to a lesser degree, in middle sized libraries. In both theory and practice, subject departments can give much better service as the librarians in charge of such departments have the opportunity to know books and readers more intimately and can keep in closer touch with current developments in their given fields. At the Robbins Library the Music and Art Department and the Business Section are the two areas of specialization.

"MUSIC IS THE UNIVERSAL LANGUAGE OF MANKIND"
AND "ART COLORS LIFE"

The Music and Art Department is filling an ever increasing need for materials requested by the citizens of the town. First mention probably should be made of the record collection from which 17,030 albums were borrowed in 1967. 454 albums were bought during the year in contrast to 641 in 1966. The purchase of more stereo recordings and the increase in prices with no corresponding increase in appropriation no doubt accounted for this decrease. The collection is broad and includes language instruction, science, business, music, history, music theory, operatic recitals, popular ballads, jazz, literature, history and many other types in addition to the symphonies, operas, musical shows, oratorios, etc. which one customarily expects to find in a record collection.

A systematic study of this collection is an on-going process. The collection is checked for significant compositions, gaps are filled, new releases are considered for purchase and requests from the public are taken under advisement for purchase.

In order to ascertain the usefulness of the record collection, a questionnaire was prepared in December and is being distributed to the patrons who wish to answer the questions posed. Although to date a mere 80 have been returned, the indication is that the collection is used by teachers and music students on all levels in their work, and for personal and family enjoyment. A thorough analysis of the users and types of records used will be made when a wider number of completed questionnaires have been returned.

One of the high points of the year was the final acquisition of listening equipment consisting of two compact stereo units, one of which has an FM tuner in addition to the turntable and amplifier. External speakers as well as four stereo headsets provide facilities for individual or group listening. A stereo tape recorder, to be used as a separate unit or for taping records or radio broadcasts, was also purchased. This equipment was procured only after a long and thoughtful evaluation of what could be purchased with available funds. It has been noted with satisfaction that several neighboring libraries, also with limited funds, after having examined this equipment, have made similar purchases.

The Music and Art Department is also responsible for the film service which is gaining wide use. Through the Massachusetts Libraries Film Cooperative, to which the Robbins Library belongs, and from the Canadian Travel Bureau, the Robbins Library can make available films to church groups, scout troops, family groups, Parent Teacher Associations, and a score of other organizations. In 1967, 510 films were used. As a member of the Massachusetts Libraries Film Cooperative, the Robbins Library is represented on the committee which previews and selects films to be purchased by the Film Cooperative.

BUSINESS TODAY

The facilities of the Business Area became increasingly known and were constantly used by a large number of library patrons during 1967, including college and business school students. A number of new services were introduced at the request of the public including the Value Line Investment Survey.

YOUTH IS ALIVE!

One of the satisfying features of the work during the past year has been that carried on with the young adults of high school age. It is they who inundated the Young Adults' Department with requests for help in 1967 and it is with them that a great deal of research was done.

During the past year contacts with the secondary schools have been strengthened; more teachers than ever before have notified the staff of coming assignments, so that material might be found and put on reserve for the students' use. The Young Adults' Librarian has prepared bibliographies for teachers listing materials for slow and advanced readers. She has graded high school materials for reluctant readers and prepared subject lists. She has visited the high schools, given book talks to all eighth graders in the town and has given library instruction to a number of classes from the technical high school.

Of special note was the program which was presented in the Library Hall in October, sponsored by the Young Adults' Librarian with the help of the Music and Art Librarian. Approached by a high school girl who was concerned about the prevalence of the use of drugs among young people in Arlington and the apparent lack of cognizance on the part of adults to the problem, Mrs. O'Day after due consideration and discussion, decided to act. With the help of Miss Utudjian, a film entitled LSD 25 was located and shown to a capacity crowd. As a result, the library was literally flooded with requests for material about drugs and inquiries as to how the film could be secured for showing to other groups. The library recognized a need and met it in dispersing information to the community.

"JOY" IS WORKING WITH CHILDREN

Working with children, reading, evaluating and selecting children's books, telling stories, seeing the effect that good books can have and realizing their importance in a child's education, makes this field of library work stimulating, satisfying and challenging.

It was a thing of joy, during 1967, to see the Junior Library and the children's section of the Dallin and East Branches filled to capacity, day after day, with boys and girls reading, working on school projects, sampling and selecting books. On Saturday mornings, at the Main Library, it was usually the "Saturday Morning Programs" which brought the children in, to listen to the stories, to see the films (in the areas of literature, nature and folklore) and to listen to and watch the story filmstrips.

For many years one of the important activities for the children has been the summer reading project. In 1967, the Vacation Reading Caravan, under the title "Vacation Readers Go Everywhere" opened on June 26 and continued through August with 613 children participating. 158 caravaners took part at the Main Library, 129 at Dallin and 326 at the East Branch. A special treat for the caravaners was the weekly movie showings held at all the libraries during July and August.

At the Dallin Branch from January through June and September through December, pre-school programs were presented on Wednesday mornings and attracted 1,001 children and 495 parents.

Book Week is always an exciting time for the boys and girls, for it is then that the new fall books are placed on exhibit, and many school classes make special visits to the public libraries. This was true in 1967.

An outstanding event during Book Week was the exhibit of over 1000 books, loaned by "Books on Exhibits Inc.," and exhibited in the Library Hall for the general public. A highlight of this activity was a tea to which teachers of the public and parochial elementary and junior high schools were invited and given opportunity to examine the books. Well over a hundred teachers attended the tea.

The importance of the elementary school library program was demonstrated during the year when not only the principals and teachers but also Parent Teacher Association groups began to lobby for full-time librarians in every school. As of December 1967, four of the larger schools have been assigned full-time librarians; the other seven have professional librarians serving for twenty hours each week.

The book collections in the school libraries profited during the year from funds received under Title II of the Federal Library Services and Construction Act. With the combined appropriation received from the School Department and Title II funds, approximately four thousand titles were added to the school collections, including a number of encyclopedias. These books were ordered, cataloged and processed by the staff of the Junior Library.

IT'S NEVER TOO LATE TO LEARN

As a result of the library instruction and orientation which have been given the children and young people by the school and public librarians through the years, a large majority of these young people can find their way about the library and make good use of its facilities for their normal needs. This is not true with the adults, many of whom do not know how to use the card catalog, and have no conception of what the Reader's Guide is. In the interest of making the library more meaningful to the adult borrowers, a series of four workshops on the use of the library was conducted in November under the heading of Workshop on Information and Personal Research. The number which attended the Workshop was not large, but the members were most enthusiastic with the content, so much so, that the course will be repeated in February of 1968.

"S R" AND "E S P" ARE NEEDED

"S R" stands for shelf room and, as has been indicated by the Chairman of the Trustees in his report, this is in short shift at both the Main Library and the East Branch. An addition to the East Branch is anticipated in the not too distant future, but what about the Main Library? The stacks are overflowing. During the summer months when school is not in session, books line the floor against the walls, and duplicate copies are stored in an already overflowing basement area. The lack of space in the Young Adults' Room has become a major problem; every inch of space has been used, including the window ledges and the tops of the bookcases where no person of normal height can reach. In the Music and Art Department oversized books are shelved on the floor, while in the Reference Room many useful books have had to be stored in the basement for lack of space.

Weeding the collection must be an on-going process. The Librarian and the professional staff undertook this enormous task, withdrawing titles no longer needed, out-of-date material not useful for historical purposes and fiction in badly worn or soiled condition. From August through December weeding of the fiction, science, useful arts, music and fine arts, and literature collections was in process. The merits of each book had to be determined, a time consuming work. If useful, but badly worn, the book had to be checked in "Books in Print" to ascertain if it was still available. If not, a decision had to be made as to whether the worn copy should be kept or replaced by another available title. Some shelf room was gained by this effort, but not enough to alleviate the crowded conditions.

"E S P" as everyone knows, stands for extra-sensory perception. This is needed by the staff to understand the problem of the disappearing book. Many volumes vanish from the shelves, some for a varying period of time, others permanently. Inventory should be a continuous process, but due to lack of time and staff, it must be done when possible, at wide intervals. In 1967, the Music and Art Department took its first inventory since 1963. It was found that 101 books missing at that time were still missing as well as 184 additional volumes. In 1964 the Circulation Department completed inventory of the fiction, biography and religion collections. 1227 fiction, 349 biography and 36 religious books were still missing in 1967.

At the Dallin Branch inventory of the children's books was taken this past summer, the first since 1964, and 107 books were found to be gone.

This question of missing or stolen books creates a real problem. The book budget should be used for new books, duplicates and replacement of worn out copies. When hundreds of "missing books" have to be replaced, the library's book collection suffers and many necessary volumes must be omitted.

UNSEEN BUT VITAL

One of the important departments of any library is that of Technical Services where books are ordered, cataloged and processed. Much more than meets the eye takes place in this department, however, as perhaps can be understood by the mention of a number of projects which have been in progress in the Technical Services Department of the Robbins Library during 1967.

This department received the new 7th edition of the Library of Congress Subject Heading List which is used as a guide in making catalog cards by the catalogers in assigning subject headings for books. Every item in this 1432 page new edition was thoroughly checked, and all information recorded in the old 6th edition was transferred to the new one. It is the policy of the department to bring all subject headings in the catalog up to date, if possible.

In addition, all cross references in the general card catalog or index of the library have been revised to agree with the 7th edition of the Library of Congress Subject Heading List. Quoting the Supervisor of Technical Services, Mr. Tao, "Robbins Library is one of the oldest and best known medium-sized libraries in the New England area. It's public catalog at the Main Library has approximately 355,000 cards. Since many of the cards have been in the catalog for a long period of years, they are badly soiled and faded. Also, re-cataloging of old titles needs to be done. Because of this, numerous cards were replaced in 1967 and, as this revision is a slow procedure, will be continued in 1968."

A study is also being made by the Technical Services staff of the policy to follow in regard to the new Anglo-American cataloging rules adopted in 1967 which, if followed, will necessitate considerable re-cataloging of the Robbins Library collection.

In passing, perhaps it should be mentioned that the Technical Services Department is another area which is badly overcrowded and where the work often spills out into the hallway. In spite of cooperation and good will, it is hard to carry on work in an efficient manner under such conditions.

PERSONNEL AND STAFF ACTIVITIES

Several changes in personnel became effective during the year.

In April, Fred Dooe, assistant in the Reference Department, was advanced to the position of Head of Circulation replacing Miss Corrie Latimer who resigned to be married.

Miss Rosemary Francis was transferred from the Circulation Department, where she had served as Reader's Advisor, to the Reference Room where she became the Assistant Reference Librarian.

Miss Janet Briand was added to the professional staff in May, and is serving in the Music and Art Department and the Young Adults' Department.

Mrs. Margaret Bowser, who resigned after many years of service, was replaced by Mrs. Margaret Hooley as the Librarian's secretary.

In October, Miss Sidney Long, Children's Librarian, resigned to become Assistant Editor of the Horn Book.

Mrs. Martha Marshall was added to the staff of the Junior Library in November. and Mrs. Marjorie Williams was transferred from the Children's Room at Dallin to the Junior Library.

Mrs. Sharon Brain became Children's Librarian at Dallin Branch in October.

New on the School Librarian's staff were Mrs. Ann Marie Brodock, assigned to the Brackett and Cutter Schools, Mrs. Ruth Lindenfelser to Locke and Mrs. Ann Keeter to the Peirce.

It is with a sense of pride that it can be noted that a number of staff members have participated in professional activities on both a local and regional level.

Miss Elizabeth J. Hodges, Assistant Librarian, continued to teach one course in Library Science each semester at Northeastern University; Mrs. Marie O'Day, Young Adults' Librarian, served on the Young Adult Cooperative Book Reviewing Group of Massachusetts; Mrs. Esther McQuaid, Supervisor of Children's Library Services, was a participating member of the Science Book Review Committee (children's books) and of the Eastern Massachusetts Book Review Committee to which Mrs. Sharon Brain also belonged; Miss Shirley Utudjian, Music and Art Librarian, was a member of the Massachusetts Film Cooperative and Fred Dooe, Head of Circulation, represented the library on the Greater Boston Book Reviewing Group.

Mrs. Helen Thompson, Branch Librarian at Dallin, served as secretary of the Women's National Book Association - Boston Chapter.

The Librarian has been active in the Greater Boston Public Library Administrators Group, served as a member of the Adult Education Committee of the Massachusetts Library Association and participated in a panel discussion at the New England Library Association meetings at the Wentworth-by-the-Sea.

In addition to participating in these activities, many members attended meetings of the Charles River Group, the Massachusetts Library Association and the New England Library Association. Two members, Mrs. Marie O'Day and Fred Dooe, in addition to the Librarian, attended the American Library Association conference held in San Francisco, June 22 to July 1. Mrs. O'Day summed up her impressions as follows: "San Francisco was one of the highlights in this year's work. It was my first ALA convention and, as I look back at the end of the year, my most vivid recollection is the wonderful exchange of ideas that took place both at the pre-conference and at the regular convention. So many ideas were presented to help librarians -- and none were labeled right or wrong -- but working ideas or goals to be sought after. All conference meetings contained the kernel of the coming change in librarianship due to changes in curriculum, changes in methods and materials, changes in personnel and techniques and machines. Underneath it all, whether the discussion was on unlimited materials, restricted books, the use of older people in library work, or automation -- the key word to which the conference returned was service and how libraries can best give it. An exciting exchange of ideas brought me back to the library determined to try to give better service with broader horizons."

IN CONCLUSION

In summing up, in spite of the enforced closing of the library for nine weeks, with its loss in circulation, 1967 was a year of activity and service to the public. But it is to the future one must look, not to the past. As with every other institution of 20th century American life, the library is being forced into new activities which a few years ago would never have been considered. Growing demands for service, tremendous increases in the accumulated knowledge of mankind, specialization in various technical fields, changing concepts and other developments are causing upheavals and change in a once familiar landscape. Everywhere in the country interest in science, technology, languages, the humanities, poetry, biography, literature and many other fields is increasing. And there is no end in sight because a rising educational level means a greater use of libraries. Sights must be raised, goals set, for it is certain that what is being done now will need to be expanded to meet the demands of the next decade. The question is, will the Robbins Library be ready to meet this challenge? Will the town provide the funds for such service?

APPROPRIATION

Personal Services	\$ 322,641.30

	\$ 393,829.29

These above figures include encumbrances and 1966 carry over.

THANK-YOUS ARE IN ORDER

The Librarian is especially grateful to the Board of Library Trustees for its support and interest during the past year. No library can really be successful without a working Board of Trustees whose members are concerned in giving the townspeople the best library service possible. The present board is made up of this type of dedicated citizens with whom it has been a pleasure to work.

After a year of association with the new Town Manager, Mr. Donald Marquis, the Librarian would like to express her personal thanks to him for the genuine interest, cooperation and open mind with which he has dealt with the many library problems that arose in 1967 and for the help he has unstintingly given.

The Librarian knows that the library could not function without librarians, library assistants, college and page help, custodians -- to all she herewith expresses her warm appreciation of their cooperation during this difficult year.

To all the people of the town, the Librarian, on behalf of the staff, would extend an invitation to use the library facilities which they, the people, generously support and provide.

Respectfully submitted,

Judith E. Stromdahl
Head Librarian

Annual Report of the Department of Public Works

Mr. Donald R. Marquis
Town Manager
Arlington, Massachusetts

Dear Mr. Marquis:

I herewith submit the Annual Report of the Department of Public Works for the year ending December 31, 1967.

During 1967 the Public Works Department constructed Nicod Street, from No. 11 to Williams Street; Mary Street from Littlejohn Street to Wilson Avenue; Carl Road from Aerial Street to and including 10 feet of lot #54; Dickson Avenue from Wheeler Lane to Mountain Avenue; Gray Circle from Gray Street to its end; Modena Street from Appleton Street to Sylvia Street; Sylvia Street from Udine Street to Lublin Street; Corey Lane from Appleton Street to Golden Avenue; Golden Avenue from State Highway taking to Corey Lane and Golden Avenue from Corey Lane to Lexington Line.

Under the provisions of Chapter 679 of 1966 and 1967, Fountain Road from Robbins Road to end of accepted portion was completely reconstructed; Robbins Road from Massachusetts Avenue to Gray Street was completely reconstructed; portions of Dudley Street and Hillside Avenue were reconstructed.

Under Article 32 of 1967 new concrete and bituminous sidewalks, drives and new curbstones were installed in various locations throughout the Town.

Under Article 33 of 1967 previously constructed public sidewalks which had become hazardous and deteriorated or raised by tree roots were reconstructed and curb reset where necessary.

Sewer mains, Water mains and Storm Drain Mains were extended in various locations throughout the Town (see tables). Additional catch basins were installed where necessary and in some instances larger grates were utilized.

With the Fire Department assisting, flow tests were made of all the hydrants in the Town. Where necessary repairs were made immediately by our Water System Maintenance Craftsmen. I would like to commend the Fire Department for their excellent co-operation.

Our Sewer and Storm Drain mains were cleaned and flushed, giving particular attention to those areas where it is necessary to flush semi-annually. Our eight Sewer Pump Chambers were maintained and serviced in addition to two Storm Drain Chambers. Service was rendered to those residents whose particular sewer connections had become clogged. This service is on a twenty-four hour basis and I must reiterate that this service is important and obviously appreciated by our townspeople who pay a nominal charge for this service. In some instances where the requests are repetitive it is suggested that troublesome sections of the connections be relaid by the owner.

During the winter months every effort was expended to keep our roadways clear of snow and ice. As previously, we plowed as many sidewalks as possible with our limited number of sidewalk tractors. Preference was given to those areas around schools. I again urge the purchase of trucks especially designed for plowing and the distribution of sand and salt. With our many roadways with steep grades this equipment is mandatory. These trucks are so designed that we can use them for construction by changing the bodies in the Spring. We had under contract, with prices established by competitive bidding, additional trucks and equipment which were used when the scope of the storm made it necessary.

We are at present using land off of Summer Street and east of Reed Street for our Sanitary Landfill method of disposing of rubbish. This area, however, is rapidly running out of space and immediate steps must be taken to provide for future disposal.

Vaccine shots were provided to our employees through the co-operation of the Board of Health. My sincere thanks to Dr. Feeley and the Board of Health for continuing this most important program.

During 1967 we performed many services for other Departments as follows:

School Department -

Conveyed food supplies from Boston to various cafeterias.

Performed repairs on School busses and other vehicles. Provided gasoline, oil, grease, etc.

Constructed wall, floor and ramp at Senior High School.

Sandblasted obscene wording from sections of High School, Locke School, Thompson School, Crosby School and Bishop School.

Installed bituminous surface on boy's playground rear of Junior High West.

Excavated and installed bituminous surface for parking in large area in rear of Industrial Arts Building.

Made signs for Pierce School and installed grate.

Installed patch at Junior High West and Bishop School.

Conveyed surplus materials from Taunton.

Stratton School Building Committee -

Made extensive improvements to playground area in accordance with specifications of Engineering Department.

Board of Health -

Furnished motor oil, gasoline and made miscellaneous motor repairs.

Building Department -

Furnished motor oil, gasoline and made miscellaneous motor repairs.

Building Maintenance Department -

Sand blasted at Town Hall and miscellaneous work.

Cemetery Department -

Furnished miscellaneous supplies and equipment.

Civil Defense -

Conveyed materials from Taunton and stocked air-raid shelters.

Elections and Town Meetings -

Delivered and picked up voting equipment. Made repairs to precinct boxes.

Engineering Department -

Furnished gasoline, motor oil and made miscellaneous motor repairs.

Installed Town decals.

Partitioned off section of boiler room for storage of traffic meters.

Fire Department -

Furnished miscellaneous supplies and automotive repairs to equipment.

Historical Committee -

Constructed and installed plaques.

Library Department -

Removed debris and old boiler and cleaned up after boiler explosion.

Park Department -

Furnished gasoline, motor oil and miscellaneous materials and supplies.

Made signs for five skating areas.

Made signs "Arlington Residents only", 17 in number for beach area.

Installed pipe for storm drain purposes - westerly end of Hills Pond.

Performed labor at Crosby School tennis courts, including supervision.

Broke out holes at practice tennis courts at Crosby School.

Lettered decals on trucks.

Installed water main at Warren A. Pierce field.

Planning Board -

Cut out stock in connection with plans for Housing for Elderly.

Police Department -

Broke out concrete for meter locations.

Minor motor repairs.

Lettered "Dog Officer" Van.

Constructed dog pound at Town Yard.

Tree Department -

Furnished gasoline, motor oil and miscellaneous supplies.

Welfare Department -

Furnished gasoline, motor oil and made minor automotive repairs.

Wire Department -

Furnished gasoline and motor oil.

Automotive -

With the exception of Fire and Police Department vehicles, we serviced most of the Town-owned vehicles. The trend continues toward complete mechanization. Our Motor Equipment Repairmen maintain all of our equipment and trucks regardless of size. I believe this is unique with our Department and is not the case in other Towns or Cities. We have heavy tractors on tracks and on rubber; power shovels on tracks and on rubber; mobile cranes on rubber; front-end loaders on tracks and rubber; road rollers up to fifteen ton weight; air compressors-trailer-mounted and truck-mounted; large road graders; some Walter's Snow Fighters; two F.W.D. all-power units which can plow and sand in one operation; large, medium and small trucks; pumps, both centrifugal and diaphragm. We registered approximately 110 vehicles. We maintain a large automotive stockroom and allow other departments to draw upon our stock.

The following are the net expenditures made by the Department of Public Works.

General Administration	\$120,881.74
Highway, Maintenance and General, including Snow and Ice	584,160.93
Highway - Capital Outlay	133,485.48
Maintenance of Public Sidewalks	20,909.89
Construction of Ways (1967)	148,995.41
Construction of Ways (1966)	242.62
Reconstruction of Certain Streets (Chapter 679) 1967	40,886.06
Reconstruction of Certain Streets (Chapter 90) 1966	44.75

2. Estimated population on lines of pipe, 53,500
3. Estimated population supplied, 53,500
4. Total consumption for the year, 1,765,906,500
5. Percentage of consumption metered 100%
6. Average Daily consumption 4,838,100
7. Gallons per day per capita, 92

DISTRIBUTION

(Including Auxiliary Supply from Old Reservoir)

MAINS

Three Thousand Four hundred forty seven (3,447) feet of new water mains were laid during the year and connected with the Metropolitan System. Details of regular water main installation will be found in Table VIII

1. Kind of pipe; cast-iron, cement and transite.
2. Size; from 4 inch to 16 inch.
3. Extended feet during year, 3447
4. Number of feet renewed during year, 0
5. Discontinued during year, 0
6. Total now in use, 126 miles
7. Cost of repairs per mile, \$292.67.
8. Length of pipe less than 4 inches in diameter, 0
9. Number of hydrants added during year, 12.

10. Number of hydrants now in use, 1,361
11. Number of stop gates added during year, 29
12. Number of stop gates now in use, 3,211
13. Average pressure on mains at center of Town, 110 high service system and 80 on low service system

SERVICES

Fifty-three (53) services have been added during year and two (2) abandoned. There are for all purposes, except fire, 4,394 on the low, 8,065 on the high and five (5) on the Old Reservoir system. On the Metropolitan water supply there are 99 for municipal purposes, 58 sprinkler services, and 50 for sewer flushing purposes included in the above. On January 1, 1968 there were 190 services temporarily out of use.

1. Kind of pipe; copper, cement-lined, black wrought iron, lead and 3" to 6" cast iron and transite.
2. Sizes, 1 inch to 6 inch
3. Number of service taps added during year 53
4. Number of services abandoned during year 2.
5. Number of services now in use 12,464
6. Percentage of services metered, 100%

METERS

Fifty-two (52) meters were set during 1967 on services installed in 1966-1967. The total number of meters in use January 1, 1968 was 12,464.
